

UNREST IN RUSSIA AMONG WORKERS

Petrograd Streets Paraded by Crowds Demanding Ministers Resignation.

MACHINE GUNS USED

Amsterdam Paper Alleges Berlin Riots Suppressed by Military—Only Brief Reports Are Received of Action.

(By Associated Press.)

PETROGRAD, May 4.—Soldiers gathered today in front of the palace used as headquarters for the provisional government, many of them carrying red flags with inscriptions thereon demanding the immediate resignation of Foreign Minister Milukoff. Yesterday and last night, also, thousands of soldiers and workmen carrying banners inscribed with the words, "Down with Milukoff," paraded the streets of the city. This discontent has been smouldering for some time on account of the belief that Minister Milukoff is not in full sympathy with the viewpoint of the working classes and soldiers. The present outbreak of popular disfavor is directly due to the foreign office's announcement to the allies that Russia will not slacken her effort in the struggle against Germany. The working people and soldiers claim that they should have been consulted before the communication was sent to the allied governments.

Berlin Revolts Suppressed. AMSTERDAM, May 4.—The Maas-bode of Maestricht, says that serious revolts occurred in Berlin last week, and the mob became so menacing and aggressive in demands that machine guns were used to suppress the demonstration.

PHYSICIANS MAY GO TO FRANCE

With the announcement in Washington yesterday that 7,700 American doctors will be sent to France within the next few weeks and the sending to Washington yesterday of the doctors in each county eligible for service, the time may not be far distant when those eligible in this section will be leaving for duty. A number of physicians in this city have signified their willingness to join the medical reserves and will probably do so in the near future.

PATRIOTIC LEAGUE RECEIVES ENDORSEMENT

The Roseburg chapter of the Oregon Patriotic League has received word that President Wilson has given his personal endorsement to the work of the state league. President Wilson has written a letter to the state organization as follows: "May I not beg that you will pardon my delay in replying to your letter of April 2? What you tell me of the plans for the Oregon Patriotic Service League interests me very much indeed. Action of this sort, is, I am happy to say, taking place in all parts of the United States and I would have been sure in any case that Oregon would not be behind-hand in such practical manifestations of patriotic feeling and purpose.

"Sincerely yours, 'WOODROW WILSON."

FIRE DESTROYS NORTH ROSEBURG RESIDENCE

Fire originating from an overheated stove early this morning destroyed the home of Chief Robinson, on East Sixth street. Mr. Robinson is now in California and his wife and children were alone in the building. Mrs. Robinson was awakened by the sound of the flames and after getting her children to a place of safety endeavored to remove some of the furniture. She was assisted by a couple of young men who had been attracted by the glare and who were responsible for the removal of a large amount of the household goods. The alarm was sent in but the telephone at the city hall did not sound and it was several minutes before the fire department started for

the scene. They were out, however, before the alarm was sounded by the siren and being guided only by the glare, started up Douglas street.

Seeing their mistake, however, they turned and started for North Roseburg; a record for speed being made in descending the Douglas street hill, reaching the fire almost by the time the whistle had finished sounding its alarm. The conflagration had assumed such proportions that it was impossible to save the buildings although the blaze was extinguished with little difficulty.

The house was insured by Rice & Rice for \$1,000, which will partially cover the loss. Insurance on the property was also carried by W. J. Moon, the policies being \$1000 on the house and \$500 on the furniture. The policy held by Rice & Rice is security on a mortgage and was placed on the property by the holder of the note.

FUNERAL OF MRS. MILLER THIS AFTERNOON

The funeral of the late Mrs. K. L. Miller was held this afternoon at 2 o'clock from the Elks' temple, Rev. Barr G. Lee, of the local Episcopal parish officiating. Flowers, the token of love and esteem, were massed in the greatest profusion and spoke mutely of the many hearts grieved by the demise of the one who has been so influential in the life of the city. With the setting furnished by the elegant rooms of the Elks building and the deep colors of the chamber in which the services were conducted the ceremony took on a meaning which perhaps detracted slightly from the poignant grief of such a sorrowful occasion.

The words of eulogy so fittingly spoken by Attorney General George M. Brown only brought afresh the memories of the many good deeds and kind acts of the departed while enjoying health and life. Following the services the long procession wended its way to the Masonic cemetery where the body was interred.

REBOND PLAN DETAILS BEING WORKED OUT

The details of the plan to re-bond the city for its sewer and street improvements are now being worked out by the city attorney who is preparing an ordinance to be introduced before the city council at its next meeting. The bonds were issued under the Bancroft bonding act, the property owners against whom assessments were made for street or sewer improvements having the right by application to bond their property for ten years, paying annual or semi-annual installments.

Under this arrangement the city issued bonds to the extent of about \$170,000. Ten thousand of which was issued within the last year and consequently cannot be redeemed, as they bear the clause which permits redemption only after one year and at some interest-paying period. The interest on the bonds is payable at the rate of six per cent and as the bond market is now excellent it becomes possible to sell the bonds at five per cent with a possible premium. Many legal questions are involved and it will take considerable study to find out the course of action to be followed. The new bonds will probably be issued in the sum necessary to redeem the bonds now in force and these will be taken up and destroyed after the record has been made. In this manner the city will save \$10,000 in interest and what can be received from the premium. The councilmen have all expressed themselves as being in favor of the proposition and as soon as the legal phases can be disposed of the ordinance will without doubt be adopted.

CONCESSIONS MADE BY WATER COMPANY

Harry Gail, manager of the Douglas County Water & Light Company today stated that he had received word from Wm. Pollman that concessions on rates will be allowed in this city for gardening purposes during the months of June, July and August. The rate allowed was not stated as it will be necessary to arrange that with the public service commission at Salem and a full announcement will be made at a later date. The Roseburg Patriotic Garden League is delighted to find the local water company so public-spirited and the concessions made by the company will no doubt aid greatly in the planting of gardens as it will afford encouragement to many people.

A two-days' entertainment for the Frenchmen is planned.

NOTICES ARE BEING PREPARED

Sheriff Quine Will Post Notices Over Entire County Announcing Registration.

MEN OF MILITARY AGE

Those of Military Age Will Be Required to Read Instructions or Be Punished By Imprisonment.

Sheriff George K. Quine is today preparing some posters which he will place at intervals over the county in regard to the war census which will soon be started. The circular reads:

"Warning to all males of military age. In compliance with the instructions of the secretary of war received by me, you are hereby notified that a registration of all males of military age will be made at a date in this precinct to be later designated. Failure to present yourself for registration voluntarily will be punishable by arrest and imprisonment."

"Sheriff and chairman of the county military board of Douglas county." The foregoing circular is probably the first steps of conscription to be taken in this county and will probably be followed at an early date with fuller details, announcing the time of the registration and the age limit of the draft. These notices will be placed in all parts of the county, so there will be no misunderstanding as to the exact meaning and when the time is announced for registration, the work will start and be completed within eight days.

The officers in this county have organized exceptionally well and it is believed the work of registration here will be most thorough and effective. Full information regarding the conscription method has been received by the sheriff and no difficulty will be had in enforcing their duty as the methods employed by the war department are very simple and not easily misconstrued.

The announcement that has been received and distributed over the entire state has encouraged enlistments and recruiting officers state that conscription is the only sure method in securing fighters.

CARNIVAL QUEEN'S CONTEST IS CLOSE

The count made this afternoon in the carnival queens' contest showed little Ruth McKain had received 975 votes since the first returns and Mae Dogenord 270. This is but a fraction of the votes known to be outstanding, so the result remains uncertain.

In the contest for the older queen there has been a truce out of consideration for Miss Madge Miller, but the race will be resumed tomorrow. No votes were deposited for any of the recognized candidates from this city and only 25 for Miss Brown, of Wilbur, but as a large number of hats have already been sold it is certain the campaign will be a warm one at the close. It is said Miss Peyton will show surprising strength at the finish. Saturday afternoon the votes will be counted again.

PLANS ANNOUNCED CARNIVAL PARADE

Believe Auto and Industrial Parades Will be Devised Success.

GRANGE PRIZES FIXED

Representatives From Granges Outside the County Will Be Present at Carnival and Participate in Parade.

For the information of those promising to take part in the auto parade and enter decorated cars, the carnival committee has secured from Chicago an illustrated catalogue of the largest artificial flower maker and general city decorators. These catalogues can be examined at the Salzman building where the ladies are making flowers for the school parade. The catalogues show a hundred and fifty decorated cars and floats, giving beautiful and novel ideas. The public is invited to examine these books afternoons and evenings.

The auto parade promises to be very successful as numerous owners have assured the committee that they will enter cars. Artificial flowers are permissible and will be judged the same as natural blossoms because of the fact that they represent much more work in their manufacture. All auto owners are urged to participate and decorate their machines even though not elaborately. An artistic display of flags will be accepted but the mere showing of a flag or two on windshield will not entitle the car to consideration because such showing is nothing more than a universal expression of patriotic feeling and should be in full vogue at the present time.

The auto parade will be held Thursday afternoon, May 17, so that the owners may have their cars for use later in the week. It is suggested that visitors, especially on the 19th, be picked up and given short rides about the city or through the nearby country, where a view may be had and a creditable idea of the valley obtained. This is the duty of Roseburg people as hosts to the several outside cities.

The judges of the auto parade will be non residents of the city and strangers to the owners, insuring absolute impartiality. The prizes are more liberal than usual and a new class for runabouts has been added. The following prizes have been offered for Granges: Appearance \$20 \$10 \$5 Largest number 10 5 5 Decorated float 10 5 5 The float prize is a new feature and its object is to give the smaller of the more distant Granges a better chance for prize money. The percentage of membership in line may be substituted for the largest number, although this is not yet definitely decided.

The prize for the best appearance will not necessarily be awarded to a large delegation, but to that most uniform and generally pleasing in appearance. Reports have been received from all but two Granges and all state that they will be represented, and nearly all of them have announced their intention to have floats. Delegations from other counties will undoubtedly appeal to the pride of the Granges and insure a large turn out.

All forms of manufacturing are urged to take part in the industrial parade, but the display is not entirely confined to them as merchants are also expected to exhibit merchandise. In former days furniture houses, grocers, butchers, etc., displayed their wares and this is the same spirit that is desired for this occasion.

ACCUSES BOYS OF BREAKING BALLOONS

Considerable merriment was occasioned this morning on the corner of Jackson and Cass streets when several local boys were standing on the corner and some "character" approached them and accused the boys of shooting the balloons owned by a member of the circus. The boys emphatically denied having broken any balloons, but the "character" refused to take that as an answer and stated that he intended to report the fellows to the chief of police. The boys "kidded" him until he was forced to retire, but not without using slanderous language in calling the boys down. It is thought that by accusing the boys of breaking balloons, he unintentionally made a suggestion and from that time on a number of the colored toy balloons went into space with a resounding "pop".
