THE ROSEBURG SANITARIUM

For years scientists have known that the sun's light was the most potent agent of destruction that could be employed in the war against tuberculosis. Germs exposed to the rays of the sun were instantly killed; but to apply this wonderful power in a practical way has been the "stumbling block". The 'extreme light the the X-ray has been used without success for while it mesced. without success, for while it succeed ed in destroying some of the "germs" the intense heat burned the tissue, and thereby furnished "frus" or new food for the remaining "germs" to thrive and multiply upon, really making the second condition worse than the first.

H. M. Cross, school super.... 120.00 Geo. W. Murphy, school super 120.00 Elbert L. Lenox, wk. clerk's After years of experimenting and a careful study of tuberculosis, I have caretui study of tunerculosis, I have succeeded in perfecting an apparatus in the form of an electric cabinet that will do all that has been credit-ed to the sun's rays, the application of which causes no discomfiture to the patient.

the patient.

The cabinets are made of metal, absolutely air tight with a "dead alr" space between the inner cylinder and the outside shall, the inner partition is lined with very bright metal and illuminated by scores of incandescent lamps, the light reflected against the arcs of the circle multiplies the power of penetration many times, the interior of the cabinet is to bright that it renders the body transparent, tubercular germs

5.00 and nourishment the patient rapidly recovers.

What this wonderful discovery does for tuberculosis it can also do for chronic disorders of the kidneys. Size of the standard of the seemingly magic power. My offices, turkish bath, massage and treatment rooms are now located in the Perkins building, Roseburg, and I have leased the Herrington house. West Douglas street, as temporary quarters for my sanitarium.

WEDNESDAY, MAY 0, 1017

To Insure Road Construction **Automobilists Should Vote** For Road Bonds.

Many automobile owners are of the opinion that the law increasing the license on motor vehicles is included de a part of the \$6,000,000 road bond bill. In this they are wrons

The automobile license was doubled in the motor vehicle law which we enacted by the last Legislature. It now a law. The increased automobile license will be in effect and will be collected regardless of whether or not the road bond bill is approved by the

voters at the June election.

Furthermore, the motor vehicle law contains a provision that the money raised from automobile licenses shall be available for road construction un-der the plan outlined in the \$6,000,000 road bond bill if the bond bill earries In other words, if the road bond bill is defeated, the automobile license

money may be used for other purposes. If the road bonds are approved, the automobile owner has the positive as surance that the money derived from the increased automobile licenses will be expended in building good roads.

Remember this: The automobil owner will have to pay the increesed license any way, regardless of the fate of the \$6,000,000 road bond bill.

A vote for the road bond bill by the nutomobile owner is a vote for the expenditure of the automobile licens. oney, which has to be paid anyway in building a system of state-wide manent highways as outlined in the road bond bill.

In voting for the road bond bill, the automobile owner will simply pave the way for the expenditure of licens money that he will be required to pay in building serviceable hard-surface roads in all sections of the state.

Every automobile owner is direct; and personally interested in the roabond bill. In voting for that measur he will merely be asking that the money he will be required to pay any way shall be spent in building roads. The automobile owner has everything to gain and nothing to lose by votin for the road bonds.

inct is to bright that it renders the body transparent, tubercular germs can find no place to secrete themselves from the strong rays of light, are killed, flushed into the plood and carried away by an increased circulation stimulated by the heat. The broken down tissue rebuilds, the lacerated parts soon heal, nature reasserts herself and with proper care and nourishment the patient rapidly recovers. measures when the highway can be obtained with state and Federal aid Tillamookers know a good thing when they see it, and no one need be sur-prised that they are all jumping on the right side of the fence. We an ticipate that those who are opposed to the bonding the state and the county for good roads will soon be advancin. the argument that we should go slov on account of the war, so as to scare people. It will not work, however, for everybody knows that good roads are the first step to preparedness. Tillamook Hérald.

Every automobile owner should vote for the \$6,000,000 road bond bill. The icense on all motor vehicles has been doubled by a law passed at the las Legislature and will have to be paid anyway. If the road bond bill carries at the June election, the money raised from automobile licenses will be expended in building good roads. If the bond bill is defeated, the money raised from automobile licenses may be expended for other purposes. For the pended for other purposes. For the very same reason those who do not own an automobile should vote for the road bond bill. In doing so, they will insure the expenditure of the atomobile license money in road callding without adding one cent to
