

Mabel Normand Enjoys a Holiday

DUCK HUNTING POPULAR SPORT OF FAMOUS SCREEN STARS

Mabel Normand Holds Highest Record for Feminine Marksmen Who Have Secured "Limits" During Current Season in Southern California

Of all the out-of-doors sports indulged in by the hundreds of beautiful and famous women who make up the motion picture colony of Southern California, none enjoys such popularity as duck hunting. There is a certain fascination about the sport that seems to have a strong appeal for the motion picture actress enough to secure an occasional holiday.

The coast of California at distances of from fifteen to fifty miles from Los Angeles is thick with ducks and duck clubs. From October, when the season opens, till February, when it closes, it sounds like a battle. At most of these clubs shooting is allowed but two days a week.

During the period between seasons, the ducks are fed on young grain sprouts. Most of the country south-east of Los Angeles along the coast

is marshy peat land. Upon this celery thrives; indeed, much of the early celery used in the United States comes from this district. And, as you know, celery is good for ducks.

Probably the best wing shot among the motion picture actresses is Mabel Normand, the former Keystone star, who is now at the head of her own company, making a big feature comedy, "Mickey." She uses a gun especially constructed for her. Miss Normand, by the way, was a hunting devotee before she became a screen star. The sport is not a recently acquired publicity fad with her.

Above is a photograph of Miss Normand in the middle of a day's sport. She always manages to bag enough ducks to relieve the starvation situation in Poland and Belgium. This picture, then, obviously was taken before lunch.

SPRING SAMPLES ARE HERE

The Roseburg Cleaning & Pressing works have just received their line of spring samples—a well assortment of the finest fabrics. Get your order in early for a choice selection. A perfect fit guaranteed and the best workmanship. G. W. Sloper, the cleaner and presser.

Mrs. M. S. Allen returned this morning from Portland where she has been visiting for several days.

M. A. Pankey, of the Looking Glass country, was a business visitor in Roseburg yesterday. Crop conditions out his way, the gentleman stated, are very good.

An Unexpected Proposal!

We trust it will meet with your favor. We wish to serve you faithfully during the balance of your life—in the matter of washing for you. Will you say the word so we can send for this week's bundle? Friction causes trouble in married life, in machinery and in washing clothes. Friction means wear and tear; linen that should give years of service cannot withstand the strong arm and scrubboard process.

THE RUBA-DUB-SCRUB IN THE WASH TUB

is fatal to the fabrics which cost you real money these days to replace.

BERRY PRIZES ARE WITHDRAWN

Fruit Far Below Usual Standard Because of Unfavorable Weather Conditions.

PROGRAM IS ARRANGED

Preliminary Program is Arranged By Committee and Will Be Augmented Later By Additional Features.

Owing to the unfavorable weather the strawberry crop promises to be very limited, in fact there will be no berries at all of the kind we are used to in the Umpqua valley. There will be some small ones such as we expect to find in California and other states where the real strawberry is yet unknown, but none of the kind that has made Roseburg famous. Consequently the carnival committee has decided to withdraw the prizes offered for the best display of home berries and to do away with that competition. The committee, knowing that fruit far below our usual standard would have to be shown, believes it better to entirely dispense with an exhibit than to leave the impression with visitors, as any display surely would, that the berries shown were fair examples of the Umpqua product.

From reports this section will this year maintain its record of shipping the first Oregon berries, but the kind we want to give to our friends will not be ready for them next week.

The following is an incomplete program. There will probably be a large number of band concerts, street stunts and other amusements introduced but the main features will be according to this announcement:

- Thursday, May 17.**
Morning—S. P. flag raising.
1:30—Queen crowning.
3:00—Automobile parade.
8:00—Corvallis band, armory.
Friday Morning.
10:00—Eugenics contest.
Friday Afternoon.
2:00—School parade.
3:00—Races.
4:00—Patriotic community concert.
8:30—Dance at armory.
Saturday Morning.
10:00—Baby parade.
Saturday Afternoon.
1:30—Grange and industrial parade.
3:00—Fire department exhibition, Races.
4:00—Patriotic community concert.
7:00—Street carnival.
8:30—Dance at armory.

SUMMER TERM OREGON NORMAL

The summer term of the Oregon Normal school will begin June 18, the fall semester September 10. For further particulars write to the registrar.

TAXES WILL NOT BE INCREASED

Revenue Provided for Interest and Principal on Road Bonds.

Opponents of the road bond bill contend that the proposed bond issue will become an added burden to the general taxpayer. As a complete answer and refutation of this argument, the Legislative Good Roads Committee has incorporated the following statement as a part of its argument in support of the bond bill which will be published in the official state pamphlet:

"We have ascertained from the records of the office of the Secretary of State that the income from the present quarter-mill tax is \$220,000 per annum; that the income from auto licenses, based upon the present number of automobiles at the increased license rate effective August 1st, will be not less than \$310,000 per annum to be used in paying interest and principal of bonds. The above funds will be sufficient not only to pay the interest and the principal of the \$5,000,000 bonds authorized by this act, but will also pay the interest and principal of the \$1,819,280.55 in bonds authorized to meet the government road appropriation. After paying these bonds here will be a surplus of at least \$2,734,026.66. Since 1911 the increase in the number of automobiles in the State of Oregon has been 33 1/2 per cent per year. With the completion of good roads this increase will naturally be larger. However, we have not taken any increase into account but have based our figures on the present number of automobiles."

GOOD ROAD POINTERS

Good roads will make Oregon the greatest dairying center in the world. Remember this when you vote on the road bond bill in June.

The proposed bond issue will provide good roads at no greater cost than the state is now paying for poor ones.

The action of the recent Legislature in doubling the annual license on automobiles and making the funds derived therefrom available for road construction is justified by the reasoning that it is the automobile that destroys the road and it should bear the burden of road construction.

"When public money is honestly spent on a road every dollar becomes three dollars," says the Portland Journal. "First, there is the dollar in the road itself. Second, there remains in the community the dollar which has been paid out for labor and material. Third, there is the dollar of economic value added to the land adjacent to the road. This is a real value, not a speculative one. It is an increase in productive capacity."

Better reasons for supporting the road bond bill June 4th could not be offered. It may be depended upon that Highway Commissioners Benson, Thompson and Adams will see to it that every dollar of the road fund is honestly expended and full value returned in roads honestly constructed.

The personnel of the Highway Commission, appointed by Governor Withycombe, is in itself a guarantee that the money derived from the proposed \$5,000,000 good roads bond issue will be wisely and economically expended. It is a further guarantee that every cent of the money will be spent in practical road construction. There will be neither waste nor extravagance in the expenditure of the fund.

In voting the good roads bonds June 4th, the voters of the state are taking absolutely no chances. The bill authorizing the bonds specifically describes the roads to be improved and defines the general character of their construction. Bids will be invited and, if the proposals are excessive, the Highway Commissioners have announced that they will do their own paving. What more could be asked?

None of the money to be expended for good roads under the bonding act will be expended in Multnomah County although that county pays 40 per cent of the automobile licenses of the state and a proportionate share of the regular quarter mill road tax.

SOUND PURE BRED STALLION.

Agulnaldo, No. 50135, will make the season at Judd's barn, Roseburg, Tuesday noon to Wednesday noon of each week. Terms \$15 to insure. 1723-4f S. H. CROY.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief From Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hacking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh—Relief comes so quickly.
