BEAN CROP TO BE LARGER THAN EVER

It is thought that this season will see nearly one thousand acres of beans planted in Douglas county, as a great number of residents have decided to specialize in this crop. The seed is very hard to secure, however, and 12c and 15c per pound is being paid at the present time. The native seed is in greater demand than any other as it usually insures a better yield, being especially adapted to the climatic conditions of Douglas county. The Lady Washington variety finds a very ready sale.

COMMUNITY SING.
Those who have charge of the big community sing that will be held during the carnival, today made the request that an announcement be made to the effect that this sing is open to all and every one is invited to participate in it. It will be an open air concert and will be held in front of the Elks temple. Nothing but patriotic airs will be sung and words will be distributed to all.

COUNTY COURT DISCUSSING ROAD MATTERS

County Commissioners W. E. St. John and B. F. Nichols met with County Judge Marsters today to discuss a number of road propositions, particularly the Pass Creek canyon road, the road leading from Edenbower to Winchester and the Rice hill road. All these roads will stand a certain degree of improvement in the minds of the county court, and it is quite probable that some good, substantial work will be done to the three roads in question. The Pass Creek canyon road has been rather a "bone of contention" for a long time and the court will undoubtedly take some action that will put this strip of the country's road in a passable condition at an early date. The other two roads in question need attention and it is the desire of the county court that they be improved at once. A few days of good weather has a tendency to get the "good roads bug" incubating in the minds of many persons and the county court is not going to be slow in meeting all the improvements possible, which will help some to "pull us out of the mud."

MOTORCYCLE RACES TO BE INTERESTING

To those who like to see a contest of any kind, it will be well worth the time spent in crossing the Oak street bridge Saturday at 3 p. m. The local motorcycle boys are tuning up their machines for the Mt. Nebo hill climb for which \$25 in prizes has been offered and according to what some of them say it will be some doings. Each rider is to have three trials and the best time of any one wins first money. There will probably be six or seven entries, including P. H. Black, R. -ohang, on Indians; and Ellis Miller, Frank Anderson, Hugh Harrison, Glen Bodie and Roy Crabtree, on Harley-Davidsons. It is said that already one of the boys while trying out the course went from the bottom of Mt. Nebo straight up to the flag pole in less than 55 seconds, which goes to show that whoever wins will earn his money, besides furnishing the crowd a few thrills.

On Thursday and Friday there will be a variety of motorcycle races up Jackson street. Two speed races for big twins in which the following will compete: P. H. Black, Hugh Harrison, Frank Poole, R. Lobauh, Ellis Miller, Frank Anderson and anyone else who cares to join. Also a speed race between Corbett Davidson and P. H. Black on an Indian lightweight twin. Besides these speed races there will be a slow race for anyone who cares to get in. The winner must be able to go two blocks without touching his feet to the ground and also travel slower than any of the rest of the riders. Everything taken into consideration the motorcycle races and Mt. Nebo hill climb should be one of the best features of the carnival.

This does not include cigar or soft drink houses and ice cream parlors. A member of the committee stated that the movement for early closing was initiated for the purpose that their clerks may be relieved from duty earlier in the evening and that the public generally would not doubt appreciate the stand taken by the different stores and do their shopping early as possible thereby assisting in making it a success for all concerned.

OFFICERS ARE ELECTED FOR THE CHAUTAUQUA

A meeting of the chautauqua guarantors was held last evening at the office of McClintock & Geddes, at which time permanent organization was perfected for this year's work. About twenty representative citizens were present and the following officers were elected to take charge of this year's even: W. H. Eaton, president; C. S. Healdine, secretary, and R. E. Crawford, treasurer. The chautauqua will open in this city July 14 and continue until the 20th. The program to be given in this city will include some very good numbers. In fact, it is a mighty fine one from beginning to end and will prove fully as entertaining as others given here by the chautauqua circuit.

DOG SHOW WILL BE HOWLING SUCCESS

Interest in the dog show continues to increase. And thanks to the efforts of Mrs. W. H. Fisher and other cat fanciers there is to be an exhibition of Persian cats in connection with the dog show. The exhibition crates belonging to the county fair association will be used as far as possible and good accommodations will be provided for all animals entered.

Place is Royal Bakery Building.

The store building formerly occupied by the Royal Bakery will house the show. A location on Cass street was wanted but the only available places were rented for carnival concessions or for some other reason could not be secured. The present location is central, next door to The News office, and gives plenty of room for every purpose.

No Entrance Fee.

This show is being held by the dog owners themselves for their own benefit and that of their friends and the public. There are no fees and will be no charge for admission. Through the courtesy of W. J. Weaver the dogs will board at the Umpqua hotel, or rather, at the expense of the Umpqua.

Begins Friday Morning.

The dogs, washed, combed and dressed, whatever that may mean, should be on hand before 10 o'clock Friday morning. The show will close Saturday afternoon. Several very interesting lifts of pups have been entered. Owners should communicate with Mrs. Fisher, Mr. Brand, Dr. H. E. Hunt, or John W. Parker, chairman of the carnival committee.

No man considers his dog a mongrel. This is good because real, thoroughbred mongrels are not wanted in the show. At the same time the family trees of the animals are not to be scrutinized too closely. What the committee wants is fine dogs. The larger dogs should have a good collar and chain for part of the benches will be open on the front.
