

DAUGHTER OF RUSS HARNESS KILLED

Struck by Auto While Playing on Brown's Bridge in Garden Valley.

FUNERAL TOMORROW

Services Will Be Held at Elks Parlors and Will Be Conducted by Rev. Eaton With Interment in the Masonic Cemetery.

One of the saddest and most distressing accidents to occur here for many years happened yesterday afternoon...

The accident was one of the very few absolutely unavoidable kind and no blame can be attached in any way to the driver of the car...

The bridge is one of the favorite fishing spots in the county and nearly every day and especially on Sundays crowds gather on the spans to fish in the waters a few feet below...

Mr. Fields and his party were enjoying a ride in the country and had reached Garden Valley, stopping for a few minutes to watch the fishermen...

"Leitha," said Mr. H. C. Witham, who with his wife was an eye witness to the distressing accident...

Mr. Harness picked up the body of his daughter and called to Ed. Ware, who was fishing near him and whose car was standing at the southern approach to the bridge...

At the office, Dr. Sether made a very hasty examination and applied emergency bandages after which the child, still alive, but unconscious, was taken to the hospital...

It was found that the right arm and left hip were both very badly bruised, while the right lung over which the rear wheel passed, was crushed so severely that no air could enter it...

Although her life was short Leitha made many close friends and was known to a large number of people throughout the county...

ESCAPE CONSCRIPTION

Captain Buchanan Says to Enlist Now and Escape Draft—Best Service is Coast Artillery—Fine Advantages.

Recruiting of a fourth company coast artillery to full strength is now under way and it is thought very probable that the few remaining vacancies will be filled immediately.

The full war strength of the coast artillery corps is 55 officers and 1911 enlisted men, including the non-commissioned staff, enlisted specialists, band, sanitary troops and 150 men to each of the 12 companies.

Several companies have a little below 100 men, while some have men on a waiting list, which will be assigned to companies that need them.

Headquarters field and staff, at Eugene. Band at Portland. First Company at Ashland. Second Company at Eugene.

"Every young man should enlist now and not wait to be drafted, so that in future years he can say he volunteered at his country's call and was not forced to do his duty."

"The coast artillery is one of the finest branches of the service. If serving in the United States they are always in fortifications and near cities and civilization, rather than in the deserts or monotonous border duty or guarding lonely spots."

CARNIVAL WAS GRAND SUCCESS

Pronounced to be One of the Best Ever Held From All Viewpoints.

STIMULATED BUSINESS

Business Men of City State They Had Better Day Saturday Than Any Other Time in History of Roseburg.

Despite rain and cloud, the ninth annual strawberry carnival can be pronounced a success from every standpoint.

The committee is to be commended for the work which they have done and all associated with the event are extremely grateful to the members of the fire department, who without solicitation or without hope of reward or prize volunteered themselves for a number of amusing stunts which were among the main features.

Many of the stunts in the nature of races were necessarily called off and this sport denied the spectators while the band concerts scheduled for the streets could not be held at the stated times on account of the copious downpours.

The parades were far above the average in every way. The auto parade, for beauty, far surpassed any previous event held and although many cars were not entered as usual the quality more than offset the quantity.

For music, nothing better could have been desired. The G. A. C. band, one of the finest in the state, rendered selections seldom given except by the most experienced musical organizations.

The best feature of the carnival, however, was its success as a business stimulant. A News representative this afternoon visited a large number of the mercantile establishments of the city and without exception they stated that Saturday, the concluding day was the best for business that they have ever experienced in Roseburg.

By actual count there were more people in Roseburg Saturday afternoon, than ever before in its history, a fact which is not to be overlooked when counting up the success of the festival just closed.
