ROSEBURG BOYS LIKE TRAINING

Letters Received Here State That Opening Ceremonies Were Impressive.

FIFTEENHUNDRED THERE

Olive Drab Uniforms Are Worn By Local Youths—Strict Routing Enforced in Camp—Oath of Allegiance Taken.

According to word received in this city from Frank Neuner, and W. L. H. Osborne, who are attending the officers' training camp at the Presidio in San Francisco, they took the oath of allegiance on May 16, which was a very impressive affair.

The description of the whole affair that reached here today is very vivid and is given in part: Promptly at 9 o'clock, Col. Fred W. Sladen, commanding the camp of 2500 and his aides, Captain James Holson and Major L. C. Brown, Presidio commander, strode on the great parade grounds overlooking San Francisco Bay.

At a word of command by Capt. Holson 1500 left hands removed as many hats. Fifteen hundred right hands were raised in silence; a coast artillery band struck up "The Star Spangled Banner" and the Stars and Stripes were pulled aloft where a stiff trade wind whipped the soft folds over the heads of hundreds viewing the ceremony.

Again the band struck up a military march and the companies one by one circled and paraded from the field to barracks and cantonment where each candidate signed the oath, in which he swore "faith and allegiance to the United States of America" and promised to "obey the orders of the officers appointed over us" and agreed to "accept such commissions in the officers' corps as are tendered us at the expiration of three months' training."

The remainder of the 2500 men undergoing training had previously taken the oath, having already received their commissions. Actual training of the candidates began at the reveille at 5:45 a. m. when they left bed and bunk to clean up barracks before beginning the day's work.

ARTHUR WAITE TO BE HANGED

New York Dentist Will Pay Penalty for Crime Thursday.

CASE HISTORY GIVEN

Murdered Father-in-Law to Obtain Wealth—Quickest Trial in Court History—Very Sensational and Attracted Attention.

(By Associated Press.) OSSINING, N. Y., May 21.—Dr. Arthur Warren Waite, who was convicted in New York of poisoning to death his wealthy father-in-law, will be executed here next Thursday, it is announced.

NEW YORK, May 21.—Dr. Arthur Waite, dentist and tennis player of repute, was convicted on June 1, 1914, of poisoning his wealthy father-in-law, John E. Peck, of Grand Rapids, Mich., at the swiftest trial of a sensational murder case in this county in years.

The murder was exposed through a mysterious telegram signed "K. Adams" sent to Percy Peck at Grand Rapids, brother of Dr. Waite's wife, suggesting an autopsy and relating "suspicious aroused—demand autopsy."

Dr. Waite confessed to the district attorney that he had bought arsenic three days before the death of his father-in-law on March 12, but said he had done so on request of another man who told him he wished to commit suicide as he was despondent over the death of his wife, who died on January 29, twenty days after she had arrived at Dr. Waite's home here.

As evidence against him began to accumulate Dr. Waite made an unsuccessful attempt to kill himself by taking an overdose of drugs. For several days he lay in a stupor hovering between life and death.

It was brought out at the trial that a few hours after Dr. Waite married Miss Clara Peck he complained to her about the money settlement made on him. He had been promised \$50,000 but his wife's father instead of giving him a lump sum provided payments of \$300 monthly.

On September 26, 1914, Dr. Waite invited his father-in-law to come from Grand Rapids to live with him here, and a few days after, the dentist began a study of deadly poisons. He visited a specialist on bacteriology and bought many books on the subject.

Dr. Waite obtained the arsenic on pretense that he wanted it to "kill cats" and, on the night his father-in-law died, he sent a telegram in his wife's name to her brother in Grand Rapids preparing him for his father's death.

The state charged that Dr. Waite offered \$9,000 to the undertaker who had embalmed the body if he would prepare a mixture containing arsenic and declare it had been used in embalming the body.

"I only wish I had more than one body to give and I hope that my soul may go on and serve hereafter those whom I have injured."

An Unexpected Proposal!

We trust it will meet with your favor. We wish to serve you faithfully during the balance of your life—in the matter of washing for you. Will you say the word so we can send for this week's bundle? Friction causes trouble in married life, in machinery and in washing clothes. Friction means wear and tear; linen that should give years of service cannot withstand the strong arm and scrubboard process.

THE RUB-A-DUB-SCRUB IN THE WASH TUB In fatal to the fabrics which cost you real money these days to replace. ROSEBURG STEAM LAUNDRY PHONE 79 OUR AUTO WILL CALL

Where will you find the equal of this car at its price?

Take the item of room. The new Mitchell Jr. five passenger light six is a car of 120-inch wheel base. This is five inches longer than most other light sixes. This extra wheel base is put into extra leg room in front and rear. It also enables us to make wider seats without disturbing the harmony of appearance.

REPAIRS FIXED BY HEAT. The Mitchell body is not only a double bowl pure steam line body of unquestioned beauty but we are adding to its attractiveness by fixing the finish by heat in large ovens constructed for that purpose.

LONG SPRINGS MAKE EASY RIDING. Our long wheel base enables us to give you an extra long cantilever spring, 40 inch in the Mitchell Jr. and 48 inch in the seven-passenger Mitchell.

EXTRA DRIVING COMFORT. The new Mitchell is in the same of easy driving. The gear shifting is accomplished with little effort. The change is made with but a movement of a few inches of the shifting lever. Our steering gear is full worm type and irreversible. Our steering knuckles are carried on ball bearings.

A REMARKABLE POWER PLANT. In the Mitchell we are giving you an economical, efficient power plant. The Mitchell engine is an L-head engine with all parts enclosed and running in oil. The electric equipment is two unit type and gear driven.

UNUSUAL EQUIPMENT. Mitchell cars are not only equipped with one-man top, clear view windshield, but they carry reversible hood lamps, power tire pumps and the like. The Mitchell is really completely equipped.

REGARDING PERFORMANCE. This is our high card. If you wish to know how the Mitchell will pull, and how it will hold on hills, and let us put it through its paces.

J. F. Barker & Company ROSEBURG, OREGON.

CONGRESS VOTING ON WAR TAX AMENDMENTS

(By Associated Press.) WASHINGTON, May 19.—The house voting on amendments to the war tax bill defeated the amendment intended to strike out the five per cent on light and heat bills. The senate finance committee discussed important changes on the war tax bill suggesting that the use of land for growing tobacco be prohibited. There is a strong sentiment in the committee to stop whiskey production, at least to stop the use of grain for that purpose.
