WILBUR SCHOOL GRADUATES SIX

Exercises Held at Wilbur High School Building First of the Week

PICTURES ARE TAKEN

Students Come to This City Today and Class Picture is Taken—Diplomas Were Awarded Students Last Night.

The first high school class to graduate from the Wilbur high school arrived in the city this morning and visited the Clark photograph studio where a class picture was taken. The class is composed of Mae Kaegi, Emma Russell, Clara Malay, Floyd Chapman, Harold McKay and Alfred Hill.

The final weeks have been full of entertainment and of exercises, the diplomas having been awarded last night. The class is instructed by Miss Malzie Walker, Mrs. F. J. Cole and Superintendent Mrs. Inez Miller. Sunday the baccalaureate service was held in the morning, the sermon being delivered by Rev. Dr. Ware, of Oregon City, and was a joint occasion with the 8th grade graduation class. In the evening a memorial service was held at which Rev. Ware also officiated, special music being one of the interesting features. The old soldiers of the town were present and took an active part in the ceremonies.

Monday after the class day exercises were held, the program being as follows:
Instrumental Solo.....Mae Kaegi
Oration, "From Slavery to Fame".....Harold McKay
Oration, "Militarism".....Floyd Chapman
Oration, "Days of Old".....Mae Kaegi
Vocal Solo.....Floyd Chapman
Oration, "Sixty Beautiful Years".....Emma Russell
Oration, "What We Inherited From Greece and Rome".....Alfred Hill
Oration, "Our Motto".....Clara Malay
Presentation of Class Gift.....Harold McKay
Reading of Class Prophecy.....Mae Kaegi
The class gift to the school was a bust of George Washington, while a gift in silver was presented to the superintendent, Mrs. Miller.

The commencement program was held last night, the address being given by Assistant State Superintendent Wolf Wells, diplomas being presented to the high school students by T. E. Gray, of the Wilbur school board and to the 8th grade graduates by County Superintendent O. C. Brown. The musical program was furnished by Mrs. Daisy Carvello, Mrs. G. W. Short, Mr. and Mrs. Fred Able and Frank Grubbe.

This afternoon the Wilbur high school base ball team plays the team from Sutherlin. It is a return game to be played on the Wilbur diamond, Sutherlin having been defeated in a former contest by a score of 17 to 6.

- LEAVE TONIGHT.
Sergeants Dan Coffell and Ben Dowell, of the fourth company, leave this evening for the Presidio where they will be given commissions in the regular army. They will be in training for about three months and will then probably be assigned to a command.

Graduation

Gifts

The gift you give the graduate will be cherished for years to come. It represents the high esteem in which you hold the recipient. That's why it should be carefully selected—selected not only for its intrinsic value, but for lasting qualities as well.

Jewelry is about the only gift that one can keep for a lifetime—therefore the graduation gift should be of jewelry. May we show you some suitable gifts?

Administration Wants to Greatly Increase Newspaper Postage Rates.

VILLA TAKES OJINAGA

Garrison Surprised and Defeated Government Troops Flee to America for Protection—Port of Entry.

(By Associated Press.)
WASHINGTON, May 30.—Administration influence has been brought to bear in favor of amending the war tax bill to increase the postage rates on newspapers and other publications, including magazines, which at present are enjoying the one cent a pound rate. The postmaster general has held conferences over this matter with Senator Simmons, chairman of the senate finance committee, and has urged that the committee adopt Senator Hardwick's amendment for increasing second class postage. According to postal department Hardwick's plan, if carried to conclusion, would add \$20,000,000 this year by a tax ranging from three to eight cents per pound on the advertising sections of all publications. The present rate of one cent a pound is proposed to be retained on the news sections of newspapers, magazines and other publications.

VILLA CAPTURES BORDER TOWN.
PRESIDIO, Texas, May 30.—Ojinaga, Mexico, just across the Rio Grande from this place, has been captured by Villa troops, commanded by the bandit leader himself. The Carranza garrison was taken by surprise and the Mexican troops guarding the post were compelled to flee to the American side, in their haste leaving most of their arms. Custom officials arriving from Ojinaga stated that Villa led the attacking force, and that many Carranzistas surrendered. Considerable fighting occurred in the Plaza, government troops having rallied there. Captain Pedro Ornelas and two soldiers of the garrison were wounded and later brought over to the American side. When the attack began, women and children crossed the river as fast as possible and took refuge here. The capture of Ojinaga gives Villa a border port of entry into the United States. It is reported that the main command of Villa's army is at Plovo, 20 miles east of Presidio.

Would Change Berlin's Name.
BERLIN, Wis., May 30.—Citizens of this Wisconsin town are seriously considering the proposition of changing the name of Berlin to something more representative of American interests and progress. The newspapers here launched the campaign in order to shape public sentiment for the change, and the affair has become one of general attention. The Indian name of Mascoutin is favorably considered by the citizens of this place as appropriate, and it is expected that Berlin, Wisconsin, will soon cease to be, as the people here do not wish to have anything in common with Berlin, Germany.

McNary Leaves Tonight.
SALEM, May 30.—Senator-designate McNary expects to leave tonight for Washington, D. C. He is pledged to support the administration in the prosecution of the war, and has also allied himself with the prohibition and suffrage movements.

100,000 RECRUITS ARE NEEDED.
Recruiting Sergeant C. G. Hall this morning received the following telegram from the adjutant-general of the army: The progress of recruiting is very unsatisfactory as less than 50 per cent of the war quota for the regular army has been obtained in 60 days. Fifty one new regiments are being formed at 18 stations and we need one hundred thousand more recruits immediately. The time for training and preparation is now being lost. You are urged to request and patriotic committees to speed up recruiting to the maximum strength. After the regular army is brought to the maximum strength recruiting service will have task of obtaining quota to maintain that strength. Sergeant Hall stated today that his offices in the Grand hotel will be open 24 hours every day and those desiring information can obtain it by calling him at any time.

JUNE 4 IS THE DAY SET

The president of the Red Cross chapter in this city has received a telegram from Joseph Tumulty, secretary to President Wilson, appraising the local organization of the meeting of noted American men in business and high officials in the Red Cross that will be held in Portland on June 4. It is thought that several from the local chapter will attend and meet with the many representatives who will be there.

The telegram follows:
"Referring to the president's recent appointment of a Red Cross war council, the president has set aside by proclamation 'Red Cross week' June 18 to 25. The full plan of campaign will be outlined at a meeting of the chairmen of Red Cross chapters and strongest possible member of your special finance committee, together with your mayor or his representative and a strong man from your leading commercial body, all of whom you are requested to invite. This meeting will be held at Hotel Portland, Portland, Ore., Monday, June 4.

Live-wire Doings of City

The funeral services of Fremont Dudley Joesse, young son of Mr. and Mrs. Louis Joesse, of Salem, will be held tomorrow afternoon at two o'clock at the J. F. Barker residence. Rev. Warrington, of the Presbyterian church will conduct the services and interment will be at the Odd Fellow cemetery.
H. D. Olsen, the traveling freight agent for the S. P. Co. Oregon lines, was a visitor in the city yesterday in company interests. The News enjoyed a call from the genial gentleman, who expressed himself as pleased with the outlook for business in this section. Mr. Olsen endeavors to keep in touch with freight prospects, and was making special inquiries in regard to crop outlook here.

Mrs. Inez Miller, principal of the Wilbur schools, and under whose efficient management the high school class has graduated this year, was in the city today. Wilbur will be the scene of a "homecoming" Friday when many of the men and women who received their education at the Wilbur academy will return and enjoy the hospitality of the town and community for the day. It was in preparation for this event that brought Mrs. Miller here today.

A party of tourists in an Overland auto flying a Minnesota pennant, arrived in the city last evening, and this morning continued their journey southward. The machine was in good trim, evidently standing up well under the long tour over several ranges of mountains. They came in from the north, having crossed the Rockies via the Montana route. The party was in a happy mood, apparently keenly enjoying their delightful trip through the emerald green valleys and wooded hills and mountains of southern Oregon.
