THE NEW REVENUE BILL.

In planning their new revenue bill the members of the house ways and means committee seem to have figured on disregarding public sentiment and sound economic principles as much as they could, without risk to their political prospects. It has proposed a number of taxes on industry, which must tend to cut down production, throw laborers out of work and help the cost of living to mount upward a little faster. The taxes on transportation receipts will be paid by shippers and travelers, who are already charged exorbitant rates. The tax on insurance policies. Fifty per cent increase in postage rates will be an enormous burden on business, to say nothing of its effect on all who make direct use of the mails. The lowering of the income tax exemption will put additional burdens on the class that bears the greater part of all existing indirect taxes and will bear the lion's share of the proposed new ones. Taken as a whole the bill is drawn so as to bear far more heavily on the poor than on the wealthy. It will put great burdens on useful industry, and comparatively little on predatory privilege. The privilege of holding valuable land out of use, is not taxed at all, even while the administration is frantically urging that more land be cultivated.

It is evident that the committee must have deliberately disregarded practically every expression of opinion from the voters. It was flooded with requests urging that a tax on land values be levied to raise war expenses. It was also urged by a large group of citizens to conscript all individual incomes in excess of \$100,000. But it is certain that no ordinary citizen in his senses, with no ax to grind, asked it to put taxes on tea, coffee, chewing gum, automobiles, moving pictures, or other labor products. What type of statesmanship is it, that leads to such contempt of good policy and good politics?

Riverton, a small community in New Jersey, will do its bit in a manner which every town in the country could well imitate. Riverton, by a unanimous vote in town meeting, has resolved to borrow \$10,000 from a local bank and to invest the money in the bonds of the new liberty loan. The bank will receive four and a half per cent on its money, the town will get three and a half per cent from its bonds. The one per cent difference will be a charge upon the town treasury. It will amount to \$100 a year, a small sum when allotted to all the people of Riverton, but each will have the satisfaction of knowing that he is having a share in carrying on the war. There will be individual subscriptions to the bonds from Riverton, in addition; but the plan of a community subscription is an appealing one and many a small place where private investors do not abound can adopt it without material discomfort—while the aggregate of bonds thus taken would be enormous.

There is a nation-wide conspiracy against the selective draft. These vocal patriots are right there until they feel a cold draft striking downward on their spinal column—then they realize the true intent of conscription.

The United States tries hard to be charitable toward socialist fads and follies, but it draws the line at made-in-Germany peace plans.

Your country calls you—not necessarily to some shady nook in number of inhabitants will go it this weather continues.

The fact that Senator McNary has written several books on nut culture may have had something to do with his appointment. He will sure "fit in" with some of the senators already on the job.

Aside from its attraction as an income-producing investment, it is your patriotic duty to subscribe for a liberty bond. Ask any bank for particulars.

Help build your country's first line of defense. How? By subscribing for a liberty bond. Inquire at any bank for particulars.

Canada is no fool's paradise at present, but rightly resents being made a sanctuary for Uncle Sam's slackers.

This is the kind of weather that makes a fellow "hanker" for good roads.

OIL COMPANY GETS LARGE AUTO TRUCK

A large automobile truck fully equipped for the largest delivery will be put into use the first of next week by the Standard Oil Company according to the announcement made this morning by B. L. Hyland, the local manager. The truck has been ordered from Portland and a telephone message received this morning announced the fact that it should arrive Monday or Tuesday.

The machine is of a large horsepower and carries a tank which will contain 765 gallons of oil. With this auto, deliveries can be made quickly to any part of the county and the service will be greatly increased. At the present time the company is using two large horse-drawn tank wagons, and one of these will be kept while the other one will be sent away.

BROCCOLI PLANTS.

We are now prepared to book orders for St. Valentine broccoli plants grown from the purest seed obtainable. Umpqua Valley Fruit Union. 205-17

Mrs. J. C. Hume and Mrs. John Enger left this morning for Portland where they will spend a few days shopping and visiting friends.

Books Donated.

Captain J. A. Buchanan yesterday donated 10 volumes to the county library. They are composed of a student's reference set and a set of Congressional Records from 1867 to 1895.

Popular Instructor to Leave.

Miss Katherine Paul, a popular instructor in the public schools of this city, will leave next week for Ohio, where she will spend the summer with relatives. Miss Paul has a host of friends in this city who regret sincerely to see her depart.

Plenty of Rounders.

Roseburg had a strawberry festival without any strawberries. Unless the roses get busy Portland will have a rose festival without any roses. But unless the militia is called during June there will be plenty of rounders at the Ashland roundup.—Ashland Tidings.

Glendale Graduates Class.

A large class of high school students graduated from the Glendale school Thursday, May 24. Prof. Pittman, of Monmouth college, made the address of the evening and every one was well pleased with his remarks. Miss Florence Johnson was the valedictorian of the graduating class.

Guard Meeting Monday Evening.

The Girls' National Honor Guard are to have a special business meeting on Monday, June 4, and every member who can possibly be present is urged to attend. Important business is to be discussed and it will be to the interest of all to be on hand.

Lands a Big One.

J. W. Perkins yesterday landed a 56-pound salmon, at the works of the river near the Curry farm. One hour and a half was devoted to landing the enormous beauty and from the "healthy" tug of war displayed by Mr. Salmon in his fight for life J. W. was convinced that he had hooked a whale.

Order is Made.

An order was obtained yesterday by Attorney Hopkins, acting in the estate of Narcis Gervais, appointing the widow of the deceased as administratrix of the estate which is valued at approximately \$100,000. M. N. Tisdale, B. N. Davis and John Dumont were named as appraisers. Gervais was drowned at Winchester several weeks ago.

Is Recovering From Fall.

Bill Speck, who was quite seriously injured a few days ago when he was thrown from the top of a box car is slightly improved, according to word reaching this city. It had been rumored that he had died as a result but this was stated to be false this morning. Mr. Speck is resting easily and hopes for his ultimate recovery are entertained.

Start Gunners' School.

A school for coast artillermen aspiring to the position of gunner will be started at the army Wednesday. This is the first position to be attained in the work of the coast defense and an enlisted man must attain this place before being listed as a high class private. An examination is to be given during the month of June.

Attend Reunion.

Mr. and Mrs. W. B. Piper leave in the morning to attend the reunion of Umpqua academy students at Wilbur, near Roseburg, June 1. Mrs. Piper is a former student of the academy, graduating in 1871, when that institution with Willamette university were the only two institutions offering advanced courses. It is probable that J. J. Clinkinbeard, who was also a student there will attend the reunion.—Coca Bay Times.

"ANURIC!"

THE NEWEST

DISCOVERY IN CHEMISTRY

This is a recent discovery of Doctor Pierce, who is head of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Doctor Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anuric" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear. Go to your nearest drug store and simply ask for a 50-cent package of "Anuric," manufactured by Dr. Pierce, or send 10 cents to Dr. Pierce for a large trial package. If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Doctor Pierce's chemist will examine it, then, Dr. Pierce will report to you, without fee, of course.

NOTE:—French scientists affirm that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, but should be used only by grown-ups who are usually weak, restore their kidneys to perfect health, by conscientiously using one box—or more in extreme cases—as "Anuric" (thanks to Doctor Pierce's achievement is by far the most perfect kidney and bladder corrector obtainable.

Dr. Pierce's Pellets are the original little Liver Pills. One little Pellet for a laxative—three for a cathartic.

Spends Day at Riddle.

Dr. George E. Houck left early this morning in his car for Riddle where he spent the day attending to business matters, both professional and personal.

Former Roseburger Returns.

Mrs. Gertrude Burchard, a former resident of this city, but of late of Portland, arrived Thursday evening to look after business matters and visit with friends for a couple of days. Mrs. Burchard and daughter, Margaret, resided in Alexander's addition for a few years and Miss Margaret attended the city schools and has a host of friends in Roseburg.

Speeders Collide.

Tuesday night at 9:30 o'clock P. A. Ramey and Signal Maintainer Hall were on the gas speeder coming from West Fork to Glendale, and Louis Harmon was on the hand car going from Glendale to Reuben. It seems that neither had lights and the cars met head-on about a mile north of this city. Both cars left the rails and were smashed, but the men escaped unhurt.—Glendale News.

Cheese Factory Wanted.

There is some talk among the Cow creek ranchers of starting a cheese factory, or get one located in this valley. This is one of the very best moves that could be launched. With such an institution located here all the milk of the valley could be utilized and a better price obtained than by merely shipping the cream. The cheese industry has made Tillamook county what it is today.—Glendale News.

Registration Cards Received.

Sheriff Quine today received the registration cards of Vere H. Perry, who is located at White Fish, Mont., John D. Raast, San Francisco, and Ed. W. Moore, Benton county, Ore. All are young men whose homes are in this city, but who are employed in other places. The card of Henry S. Baird, of Webb, Colorado, and whose home is at Wilbur was also received today. The sheriff is receiving many of these cards each day while he is also sending out a large number for those whose homes are in other places.
