

The Quality of Independence

That boy is on the right road to independence and success who saves a portion of each dollar he earns and deposits it in the Bank each week.

He is looking ahead for the future and building the strongest protection for old age.

Your account is cordially invited by

The Roseburg National Bank Roseburg, Ore.

CARS ARE HERE FOR ARTILLERY TROOPS

Dame Rumor is working industriously these days, and seems to take especial delight in keeping the members of the local artillery company guessing as to the date they will be called into service. First one date and then another is pronounced from apparently official sources, but as yet the boys are still wondering and just about the time that they decide on something another notice upsets all previous predictions.

One of the most convincing signs, however, occurred today, when the Southern Pacific Company set out three passenger cars on a local siding and announced that they were ready to move the troops at any time. They were given instructions to have cars ready between the first and fifteenth of July and are ready three days ahead of time. Whether the cars will be used within that time or not is only a matter of conjecture.

Brookway Boy Graduates.
Victor Nichols, of Brookway, who recently graduated from the business course of the Christian Brothers Business college of Portland, was a Roseburg visitor this afternoon.

FINE MAP RECEIVED AT UMPQUA HOTEL

One of the best road maps to be seen in this city for many days was posted in a conspicuous place in the Umpqua hotel lobby today. It is an Index Road map enlarged from the Tourists' Blue Book and is one of the most valuable motorist aids to be found anywhere. The map is complete in every detail, giving practically all the information that could be desired by an average automobile tourist.

The roads throughout Washington, Oregon, California and Idaho are shown clearly and all highways designated leading to the various national parks are given in detail. A large number of tourists arrive at the Umpqua each day and the map will prove a great addition to the present high standard of service.

More Teachers Here.
The following teachers arrived this afternoon to write upon subjects during the teachers' examination now in progress here: Mildred A. Myers, Looking Glass; Arline Perrine, Mrs. Anna C. Peterson, Mrs. Mary Whipple, Roseburg; Leland J. Hewitt, Edenbower; Kittle Mayes, Riddle; and Mrs. Adelle M. March, Myrtle Creek.

CITY ORDINANCE WILL BE TESTED

The Transfer Men and Jitney Operators Will Fight City Measure.

ARRESTS ARE PENDING

Transfer Men Are Accused of Having Violated Ordinance and Will Probably Be Arrested at a Near Date.

The legal proceedings will start in a few days to test the validity of the city jitney ordinance was rumored about the streets today. For some time there has been a question as to whether the city has a right to enforce this ordinance and just what businesses are covered by its provisions. V. S. French and H. J. Denn, proprietors of local transfer businesses, have objected to the paying of a jitney license in order to haul large crowds and, in fact, have refused to do so. They have avowed their intention of fighting the enforcement of the provisions and it is understood that they will be assisted in fighting the case by the jitney operators of the city who are opposed to the present restrictions.

On May 31st, both Mr. French and Mr. Denn hauled parties of high school students to picnicking places which it is claimed was a violation of the city ordinance. This ordinance provides that motor cars, motor buses or motor vehicles engaged in the hauling of passengers for hire, must pay the license and furnish a bond suitable to the members of the city council. Neither of the transfer men have ever taken out these licenses and within a few days it is expected that they will be arrested and brought to trial at which time the ordinance will be tested.

The jitneys of the city presented a petition to the council previous to the passage of the ordinance, asking for regulation of some sort. This was followed by a remonstrance which carried considerably more signatures than the petition. The city attorney drafted an ordinance along original lines and this was adopted by the council. There has been several objections to the ordinance, but no organized opposition. The time, however, for licenses expires July 1 and before making another payment the jitneys have determined to try out the ordinance.

FRENCH NOT TRYING OFFENSIVE EFFORT

British Troops Will Probably Occupy Lens in a Few Days.

ORIENTAL LINER SUNK

Passengers and Crew Saved—Senate Committee Would Stop Manufacture of Liquors—Reed Amendment Effective.

(By Associated Press.)
WAR ZONE, June 27.—While General Haig is closing in so closely on Lens, and the capture by the British of that coal mining city and adjacent districts seems imminent, the question arises as to whether British operations will be accompanied by a like French offensive. General Petain's occasional strokes against the enemy lines gives impression that he is only trying to hold the vantage points already gained.

BOMBAY, June 27.—The Mongolia, a Peninsula and Orienta line steamer, encountered a mine off Bombay on June 23 and was destroyed. Passengers and the crew were saved, but it is believed the masts were lost.

May Visit Northwest.
PORTLAND, June 27.—It is probable now that the Belgian commission will visit the northwest. This fact was practically assumed today when Governor Withycombe received a telegram from Baron Moncheur, head of the mission, stating that the Belgians will be glad to visit this section of the United States and Oregon in particular, if the itinerary can be arranged. The state department is trying to arrange matters so that they may visit Oregon.

May Start Drought.
WASHINGTON, June 27.—With drastic prohibition amendments to stop the manufacture of beer, as well as distilled liquors, and giving the president discretion to permit the manufacture of wines only, the administration food bill was agreed on by the senate agricultural committee today. The measure was favorably reported to the senate as a substitute for the bill now under consideration.

Stop Liquor Shipments.
SEATTLE, June 27.—Federal Attorney Allen declared today that no more liquor can be shipped into the state after midnight, Saturday, as the Reed amendment becomes effective then.

CITY NEWS

S. R. Brislin, of Looking Glass was a Roseburg visitor today.

Prof. J. B. Rees, of the local high school, is assisting in conducting the teachers' examination.

J. L. Gleason and wife motored over from their home at Sutherlin today.

LEE FRANCIS LYBARGER.

Being authorities on political, social and industrial problems in this country. To a scholarly mind, Lybarger has the added gift of true oratory, for he sways his audiences with an eloquence equally instructive and entertaining. He has a deep, powerful voice, clear in articulation and persuasive, and one of the strongest and most pleasing personalities upon our American platform.

SILVERWARE That Will Wear

Durability in silverware is as important as the prettiness of the design. The silver that wears well is the correct choice. Alvin Silver combines good wearing qualities with an extremely attractive design. You will like the lines of the Washington pattern. See our windows for a showing of this popular ware. Quality absolutely guaranteed.

BUBAR BROS. Jewelers & Optometrists.

FORGER IS GIVEN RECOMMEND PARDON

John Larsson, indicted and convicted in 1914, on a charge of forgery, has been recommended by District Attorney Neuner for a conditional pardon or parole. Larsson was found guilty on two counts and was sentenced to serve from two to twenty years in the penitentiary. The crime for which he was convicted was that of stealing a check from Paul Cuvillier, and of raising it from \$6 to \$29 and passing it at the Wilder & Agee clothing store where he obtained a large amount of goods and considerable change. Mr. Neuner recommended his parole on the grounds that he has a nice dependent upon him and because of the letters which indicate that he is willing to make reparation, and lead a better life in the future. The recommendation has been sent to the governor.

AMBULANCE CORPS LEAVE NEXT WEEK

R. E. Smith today received a message from his brother-in-law, J. E. Kuykendall, that the ambulance corps organized by the latter for French service, will leave Eugene Thursday of next week. Hilbert Wilson, of this city, is a mechanic in the corps and will be one of those who will cross the Atlantic for the European battlefields. The ambulance unit was organized solely by Dr. Kuykendall, who was commissioned as captain. It consists of 86 men, 5 of whom are physicians, remainder being mechanics, chauffeurs, stretcher bearers, etc. The men will go from Eugene to some Atlantic port and from there will go by transport to France.

LECTURE HERE SATURDAY EVENING

Under the auspices of the Oregon state board of forestry, a lecture illustrated by a large number of beautiful and instructive slides will be given at the court house Saturday evening. The lecture is for the purpose of giving a clearer insight into the Oregon forest and its value to the communities in general. It is entertaining as well as instructive and there is little doubt but that a large crowd will be present. The pictures portray the work of the saw mills, logging operations, fighting of forest fires and many other views of a similar character. The lecture is being handled by the Douglas fire patrol of this city.

Enjoy Dip in Umpqua.
A delightful diversion was a fort of the members of the Laffol club Wednesday morning when they assembled on the banks of the Umpqua river in Alexander's park and enjoyed an exhilarating dip in the cool waters of our beautiful river. At the close of the swimming, breakfast was prepared and the hungry members partook of a delicious repast. A wonderful time is reported.

Look this proposition up at once. It will bear the closest investigation. By owner. Address 548 Pitts street, Roseburg, Ore. 276-121

The Brunswick Brings All Artists Because It Plays All Records

It plays all records. So ALL artists—ALL instrumental soloists and orchestras—ALL bands, ALL popular songs of the day. ALL dance records—all the world of music are at your command—without restriction—when you play The Brunswick. Heretofore every phonograph owner has had to content himself with one make of records. Each concern controls its own premier artists. Each make is excellent in itself. Each has rare records. But no music lover could hear them all on his own instrument. That meant a limited library. Worst of all, few homes could have the wonderful Pathe Records—world famous. Each home has had to make its sacrifices. The Brunswick removes all restrictions. Buy any record you choose, whatever make. Play it on The Brunswick. This remarkable instrument is especially designed to play all records—not merely adapted. It is the final type phonograph, a combination of the merits of the many. All the costliest, worthiest features are included in The Brunswick—an extra-capacity motor, a perfected tone modifier, an accurately timed automatic stop, and a dozen other refinements and extras. And all without added cost to you.

Hear and Compare

The Brunswick has an all-wood sound chamber—built like a violin. So there are no metallic nor nasal tones. A tin horn could have been used—or part metal, part wood. This, acousticians advised, was faulty. So they planned The Brunswick's all-wood sound chamber. Come and hear The Brunswick. Let us point out all its improvements. Ask for any records—your favorites. Also for several Pathe selections. Your ear will decide in its favor. You'll be delighted. And remember this remarkable Brunswick—with all its advantages—costs no more than other high-grade instruments. The prices range from \$70 to \$175. We have a complete line of Brunswicks and a large collection of Pathe Records.

A. J. LILBURN & SON COMPLETE HOME FURNISHERS. Cass Street, Roseburg, Ore.

Mrs. H. F. Pound and daughter, of eastern Oregon left for Portland today, after visiting with friends in this city for several days. - The torpedo will be in charge of Chief Machinist E. H. Roper and Gunner Cyle, and will be shown here this evening and tomorrow.

Live-wire Doings of City

Instructor Arrives.
Prof. and Mrs. H. H. Bronson and family, arrived this afternoon from Riddle and will reside in this city temporarily. Prof. Bronson has been employed in the Roseburg schools for the fall term.

Doing Extensive Business.
Few people realize the magnitude of the cigar and tobacco business in this county, and there are still a few million who are aware of the extensive business carried on by Perry Foster, the local wholesaler, with offices in Jackson, Miss. Foster practically sells his goods to the entire county, and aside from tobacco is held for a nice line of candy. A fair idea of the business done by him in this county is the fact that since the first of the year he has paid to one firm alone over \$2,000. This in no way includes numerous orders placed with other houses for tobacco, cigars and candies, which is evidence that Mr. Foster is building up a big business interest in this section in good shape and "on the job" all the time.

SCHOOL COMING IN.

- Up in noon today, with Woodport, Ballard and Canyonville still to be met from 118.
- \$1000 is the sum total subscribed to the Red Cross fund.
- Many in the county have not subscribed for the reason that they have not been solicited.
- However, these may make their contribution direct to J. R. Wharton, treasurer, this city.

Mr. and Mrs. A. Abel of Wilbur, left for their home this afternoon after attending to shopping for a brief time.
