under act of March 3, 1879.

TUESDAY, JULY 3, 1917.

REAL ECONOMY.

Mr. David J. Malbrunn, of the
Mapele Silk Manufacturing Company,
of Patterson, N. J., has just sent out
the following notice to his employees:
"Whatever the attitude of
labor in order to be most helpful
to the country at large during the
present unsettled times? I think
that it is a patriotic duty of every
man, no matter how lowly his occu-
pation, to be as efficient as possible
in whatever task he is set to accom-
plish. There is no greater econ-
omy than efficiency and no greater waste-
fulness than carelessness or slovenly
work; except perhaps the facts of
those workers whose entire efforts
are centered in striving to do as
little as they can and still hold their
jobs. These workmen are the real
millstone around the neck of the
country's prosperity and are traitors
to those who are giving their best
efforts.

"We hear a great deal about
economy these days, but what we
want is not the hysterical methods
which have already caused so much
damage and which would close down
the mills of the country, by failing
to recognize the fact that in order
to live one must live, but the
economy that prompts a man to give
the very best that is in him to his
vocation. That is what we desire,
what we need, in fact what we must
have. It is an efficiency which alone
can be created by the closest co-
operation of capital and labor.

"Our mill owners are anxious
to keep their plants running, not only
for business reasons, but as human-
men they shrink from the respon-
sibility of throwing their employees
out of work during this era of the
high cost of living. Those plants
whose managements are efficient,
whose employees are the most indus-
trious, economical and careful of
their interest, may flourish; while
those plants that are character-
ized by wasteful management, and
whose employees are chiefly interest-
ed in the time clock will gradually
stop work. If there ever was a time for the mill
owners and wage earners to co-oper-
ate it is the present. The employer
who is straining every nerve to keep
his people in work is doing a patri-
otic, as well as a business duty, and
should receive hearty support. The
wage earner who is doing the best
he can to give an honest day's work
for an honest day's pay is not only
a source of pride to the country, but
its industrial staff, upon which it can
lean with confidence.

"The type of worker who is al-
ways deliberately lagging behind
and shirking his work and calling
himself a worker by a certain name
because they will not hold
back in their work, is a traitor to the
best interest of the country. From
now on he should receive about shift
from the real worker—the bone
and sinew of the republic."

BOARD WAS ORGANIZED.

The military examining board for
training camp applicants met this
morning in the offices of the Rose-
burg National Bank and outlined
plans for the work in this section.
The board consists of J. H. Booth,
A. C. Marsters and B. W. Strong,
and at the meeting this morning a
organization was affected in which
Mr. Marsters was chosen chairman.
Several applications have already
been received and at a meeting to
be held July 10 at the armory, per-
sonal examinations of the applicants
will be made. This is a splendid
chance for young men of this local-
ity who desire to obtain fine mili-
tary training, with the chance of an
officer's commission and those who
have not already enlisted in some
branch of the service would do well
to make application at once.

French girls are very much like
their American cousins, we opine,
and doubtless just as sweet and
winsome. According to news dis-
patches this morning the American
soldiers parading in Paris were lib-
erally hoboized by the pretty Paris-
ians. There is no account of the
warm welcome being refused by any
of the boys.

A stalwart pro-German directs at-
tention to the fact that one of our
foremost thinkers gave high praise
to everything German as early as the
first decade of the nineteenth cen-
tury. Well, we'll stand for that
generation.

As human nature has not chang-
ed entirely in the last two years,
some attempts at graft in spending
the government's money for war pur-
poses may be expected. They should
be blocked.

One thing accounts for another.
For instance, having robbed the cow
of bran to make our bread, why
should we object if the cow takes the
raw material for straw hats to stay
her hunger?

Months after the Wright brothers
had made successful flights there
was nobody in England who could
get an aeroplane off the floor. But
look at John Bull at this writing.

Fighting on the west front has de-
veloped something new in manufac-
tured big noises when Lloyd George
in England can hear the Flanders ex-
plosions 140 miles away.

No friend of liberty is talking
about acquiring territory as a re-
sult of the war.

S. C. BARTRUM WAS
IN AUTO ACCIDENT

Sheriff George K. Quine today re-
ceived word from S. C. Bartrum,
who yesterday left this city in an
auto with his family for a trip
through southern Oregon, and he
stated over the telephone that a tour-
ist car collided with his auto this
morning above Canyonville.
According to his report of the af-
fair the tourists were on the wrong
side of the road at the time of the
collision and after the accident they
did not stop, but continued their
journey on towards this city.
The sheriff kept a close lookout for
them throughout the day, but was
unable to apprehend the parties
wanted. Mr. Bartrum's car was
damaged considerably in the acci-
dent, but none of the passengers
were injured.

CITY NEWS

Mrs. John Brehl, of Myrtle Creek,
was a Roseburg visitor yesterday.

Glen Bodlea and wife left for Ash-
land today to attend the roundup.

Mrs. Addie Hyatt, of Corvallis,
is visiting her parents, Mr. and Mrs.
J. P. Yarboro.

Miss Irene Clarke left last night
for an extended visit in Grants Pass,
Medford and Ashland.

Mrs. Merle Eifert and little son,
Justin, Jr., and Mrs. Eifert's sister,
Miss Lillian Moore, left today for
Ashland where they will attend the
roundup.

Mrs. A. H. Henson, who has been
visiting with her niece, Mrs. L. F.
Reizenstein, returned to her home in
Glendale last evening.

Miss Maude Hedrick who has been
spending several months in Califor-
nia, and who has been visiting for
the last few days at the home of
Miss Clara McCoy, in this city, re-
turned to her home in Drain yester-
day.

Live-wire Doings of City

Will Attend Funeral.
Mrs. H. M. Woodworth left this
morning for Newport where she will
attend the funeral of her grand-
mother, Mrs. A. Cummins, who died
these yesterday at the age of 95
years.

Will Enjoy Outing.
Joe Petrequin, Walter Diller and
Creed Conn, of Melrose, left this
morning for Coos Bay points. The
boys expect to spend the fourth at
Bandon and will also visit Myrtle
point, Marshfield, Bandon and Co-
quille before returning home.

Motor to Ashland.
Dr. C. B. Wade, accompanied by
his parents, Mr. and Mrs. A. Wade
and sister, Miss Hazel Wade, left
this morning in the former's auto for
Ashland, where they will attend the
roundup. They will return to
Roseburg on Thursday.

Sidewalk Grades Established.
Acting City Engineer R. H. Pleser
yesterday established sidewalk
grades along the west side of Rose
street and the east side of Stephens
street for the sidewalks to be con-
structed on the high school property
abutting those streets.

Will Visit in San Francisco.
Miss Ruth R. Caro, daughter of
Mr. and Mrs. Simon Caro, of this
city, left last night for San Fran-
cisco, where she will make an ex-
tended visit. Miss Caro accompanied
her aunt, Mrs. Rosa Coffey, who has
been visiting at the Caro home
here.

Red Cross at Sutherlin.
A Red Cross organization has been
effected in Sutherlin and the fol-
lowing officers have been chosen:
H. H. Strong, president; Mrs. M. N.
Tisdale, vice-president; M. N. Tis-
dale, treasurer; Fred Helwig, secre-
tary. The regular meetings will be
held every Monday night in the Epis-
copal guild hall.

Gails Are Here.
Harry Gail and wife and two chil-
dren arrived in Roseburg last even-
ing from Portland. They made the
trip in their auto and report a very
enjoyable time. They left this after-
noon for Ashland where they will at-
tend the roundup. Mr. Gail was
formerly manager of the Douglas
Company Light & Water Company.

Col. Bladell Passes Through.
Col. S. W. Bladell, of Portland,
and former member of the Victory
line, at Glendale, and well known
in Roseburg, passed through Rose-
burg this morning on his way to
Grants Pass and other southern
Oregon towns. After his visit in the
southern part of the state, Col. Blas-
dell will spend some time in San
Francisco.

Scottsburg Dogs Are Safe.
Constable H. B. Church today stated
that the Scottsburg district does
not possess a constable and for that
reason it is thought that the dogs
in that section will be allowed to
roam without the necessary license
required by the state. It is possible,
however, that the sheriff may be re-
quired to collect the fees from the
owners. Scottsburg district is said
to have more dogs than any other
part of the county.

Hatchery in Full Operation.
Although the waters of the North
Umpqua are still high, the hatchery
is now in full operation and a large
number of fish will be released this
year. The racks have been in place
for about ten days considerable work
having been required to install them.
The mountains are still covered with
snow at the headwaters and the
warm days cause a perceptible raise
in the level of the waters of the
river.

Not Collecting Today.
H. B. Church, who was yesterday
engaged in collecting dog licenses
in compliance with the new law,
stated today that he has discontin-
ued the collection until such time as
the suit against him in the form of a
test case on the law is settled. This
suit has been brought about by Roy
Belloyes and will be to test the valid-
ity of the law. Mr. Church says
that the money to be made by a con-
stable in collecting dog licenses is
very small, the sum of 15c being al-
lowed on each license. According
to word received by him from other
parts of the valley, the constables
have resigned their jobs, to avoid
the collection.

Leaving for Seattle.
L. G. Hicks and family leave
Thursday for Seattle where they will
make their future home. Mr. Hicks
having been appointed acting super-
intendent of construction for the
Standard Oil Company. He will be
in charge of the construction in
Washington, Oregon and southern
Alaska where he has about 25 pro-
jects under way at the present time.
Work at Harrisburg demands his im-
mediate attention and as soon as he
can establish his home in Wash-
ington he will start out on his regu-
lar tour of inspection. He will be in
Seattle about three days in each
week having his headquarters at that
place and being in charge of a
large force of field workers.

Jail is Empty.
The county jail is empty for the
first time in several months and un-
less conditions take a decided turn,
and a few slackers show up, it will
be empty for some time to come.

Mother and Son Improving.
R. E. Godfrey, of Yoncalla, was in
the city Saturday and reports that
his wife and little son, Ray, who
have been very ill with pneumonia,
are very much better. This will be
very good news, indeed, here, as Mr.
and Mrs. Godfrey formerly lived at
Ten Mile and have many friends in
this part of the county.

Makes Applications.
J. H. Wolford, top sergeant in the
fourth company, and R. S. J. Hamil-
ton, also sergeant in that organiza-
tion, have made application to B. W.
Strong, J. H. Booth and A. C. Mar-
sters to be allowed to attend the sec-
ond camp of the officers' training
corps. Both of these men are well
versed in military affairs and would
make excellent students at the Pre-
sidio.

HAVE ROSY CHEEKS
AND FEEL FRESH AS
A DAISY—TRY THIS!

Says glass of hot water with
phosphate before breakfast
washes out poisons.

To see the tinge of healthy bloom
in your face, to see your skin get
clearer and clearer, to wake up with-
out a headache, backache, coated
tongue or a nasty breath, in fact to
feel your best, day in and day out, just
try inside-bathing every morning for
one week.

Before breakfast each day, drink
a glass of real hot water with a teaspoon-
ful of limestone phosphate in it as a
harmless means of washing from the
stomach, liver, kidneys and bowels the
previous day's indigestible waste,
sour bile and toxins, thus cleansing,
sweetening and purifying the entire
alimentary canal before putting more
food into the stomach. The action of
hot water and limestone phosphate on
an empty stomach is wonderfully in-
vigorating. It cleans out all the sour
fermentations, gases and acidity and
gives one a splendid appetite for break-
fast.

A quarter pound of limestone phos-
phate will cost very little at the drug
store but is sufficient to demonstrate
that just as soap and hot water
cleanses, sweetens and freshens the
skin, so hot water and limestone phos-
phate act on the blood and internal or-
gans. Those who are subject to con-
stipation, bilious attacks, acid stomach,
rheumatic twinges, also those whose
skin is sallow and complexion pallid,
are assured that one week of inside-
bathing will have them both looking
and feeling better in every way.

CLASSIFIED COLUMN

FOR SALE—A horse. Inquire S.
B. Crouch. 334-1f

"BEAN"

Track PULL Tractor
DEMONSTRATION

ONE DAY ONLY!

FRIDAY FROM 10 A. M. TO 4 P. M. IN GEO. BROWN'S ORCHARD
1 1/2 MILES WEST OF ROSEBURG

You do not need to buy more land in order to earn more
money. You can make more on the land you have with a Bean
TrackPULL. The Bean TrackPULL Tractor does all the things
that a farmer or orchardist wants a tractor to do.

Does Six Horses Work

This little tractor pulls a six-horse load (4155 lbs.) at drawbar.
It is a light tractor. Works ten hours a day, if necessary, never
tiring and eating only when working and making a profit for you.
Only 3100 pounds in weight means an upkeep cost reduced to a
minimum. Guide traction combined with light weight means in-
creased production at less expense.

It Pulls Itself Over the Ground

That's the big feature. It doesn't use up its power pushing itself
on wheels, but runs all of its power to pulling the load.
Powerful motor runs stationary machinery when tractor is not
working in the field.
Comment and witness the demonstration and see for yourself.
