HUNTERS

Open season for deer begins August 15 and we suggest that you buy your ammunition and rifles now, while the buying is good for quite likely there will be some advance in price of ammunition as one has been scheduled for rifles.

Then again our stock of ammunition is fairly complete but we anticipate a shortage quite soon. The jobbers are not able to fill orders completely even now. Our orders were placed last winter and stock has been arriving for nearly two months and still is not all in.

LETTER RECEIVED FROM CECIL BLACK

Thinks Roseburg Boys Will Remain at Fort Stevens Indefinitely

MAX BE HOME ON VISIT

Like Other Members of the Sanitary Troops Is Now a Regular Soldier and Says That He Likes It Fine.

The following interesting letter was received today from Cecil Black, who is at Fort Stevens by his mother, of this city:

Well, I'm a regular soldier now. I passed the examinations and the only mark against me was my tonsils. We were mustered into the U. S. regular army so I'm a "reg" now, but the "regs" aren't so tough as people think they are. Our sanitary troops were the first to be mustered in. All we had to do was to march down in front of headquarters and answer roll call.

We sure have been having a good time here. There doesn't seem to be any more war here than there was in Roseburg before we came away. This is just going to be an extended vacation, I think. Any way it will be a long time before we're ever moved from here. All the regulars that have been here two or three years don't seem to think they are going to get to go and they all want to go. Captain Finch just lectured us this morning and told us that we were part of the regular medical corps in the hospital, and when they get efficient enough they would take them away and leave us in charge so you can see we're here for quite a while anyway.

They haven't issued us a thing in the uniform line yet and those kids who didn't have uniforms in Roseburg still are wearing their civilian clothes. That's just about how fast they do things up here.

Maybe I will come home the last of this month if they let us off on our 4 days leave. George Willett and I are going to ask if we can go home. Maybe they will let us and maybe they won't. It's just in what humor we catch the major. He's a funny old fellow and if we catch him in good humor he will give us a four days pass which means that we could get off from Saturday noon till Friday morning at 5:30 so you see that it's nearly a week.

Say don't you folks forget that we like cakes and stuff. We have pretty good ones here but home made stuff sure would taste good.

Us kids go somewhere every night. There's a little town called Hammond just a few minutes walk from here and there is a roller skating rink there. I skated Monday night. Walked over to Flavel Tuesday night. That's another little town. Went to Astoria Thursday night. To Flavel again Friday night intending to dance but there was a big liner there and the officers were afraid some of the boys would get booze off it so they had us up and marched us back home. There were about 500 of us and after we got home the officers lectured us and told us to act like gentlemen and let us go. Some of the kids went back but our bunch came on home.

I've heard so much about Seaside that I expected to see something, but that sure is a slow town. Of course that's only a summer resort but the buildings are sure delapidated. We all were disgusted with Seaside. I think I'll go to Astoria again this afternoon if we can get away. So you see army life isn't a bit bad. Don't think that all we get to do is practice war, because I think it will be Fort Stevens a long time.

Some of the boys have to go to Fort Canby, Tuesday. That is just across on the other bank of the river. I think Ted Jewett, Leon McClintock and a couple more new kids so there'll be the most of us left here. Well I must get to work. Don't forget the cats. Anything would taste awfully good.

amount of the original tax, which in this county amounts to \$270,000.00 and then allow us to litigate the question of penalty and interest, which in Douglas county is equal to \$72,000.00.

"It is true that \$72,000 is worth fighting for, but it might tend to delay the settlement of these lands, and at the same time it would tie up the \$270,000.00 for possibly a period of several years, and I am in hopes that the representatives of the other land grant counties will agree with the attorney general and me, so that we can proceed in a unit, and that the amount claimed by the government to be due will be paid immediately and the work of administering the lands according to the terms of the act will proceed without delay."

Mr. and Mrs. W. C. Gannaway, Thelma and Paul Gannaway, Mr. and Mrs. George D. Saltzman, of Medford, motored to Roseburg to spend the week-end with Mr. and Mrs. F. B. Barnette. Mrs. Saltzman is a sister of Mrs. Barnette.
