

THAT POUCH WILL APPEAL TO OFFICERS AND MEN—REAL PREPAREDNESS, EH? GENUINE GRAVELLY HAS BEEN CHEWED IN THE NAVY AND THE SUPREME COURT EVER SINCE OLD TIPPECANOE.

GRAVELLY'S CELEBRATED CHEWING PLUG BEFORE THE INVENTION OF OUR PATENT AIR-PROOF POUCH GRAVELLY PLUG TOBACCO MADE STRICTLY FOR ITS CHEWING QUALITY WOULD NOT KEEP FRESH IN THIS SECTION. NOW THE PATENT POUCH KEEPS IT FRESH AND CLEAN AND GOOD. A LITTLE CHEW OF GRAVELLY IS ENOUGH AND LASTS LONGER THAN A BIG CHEW OF ORDINARY PLUG.

BILLY POSTER'S BILLBOARDS ARE WINNING RECRUITS EVERY DAY

LETTER FROM CAMP KELLY

Wm. Dolan Writes Interestingly From The Aviation Field In Texas.

SEES ALL SORTS PEOPLE

The "Hard Boiled Bird" Is There as Well as the Refined—Mar Hannan Has Been Transferred to Toronto With Aero Corps.

The following interesting letter was received today from Wm. Dolan by one of his local friends. Mr. Dolan is near San Antonio, Texas, serving with an aero squadron:

Well I received your letter the other day and was glad to hear from you, and as I have nothing to do will answer your letter. I and five other men were appointed as firemen for district No. 4 of Camp Kelly and all we have to do is lay around on our bunks in the fire tent and be ready in case of fire. We have one chemist, one engine and some fire hose to keep in good condition as they have inspection once each week and fire drill twice each month. It is a pretty nice job though as we have no fatigue work to do nor any guard duties and do not have to drill unless we want to, for myself I like to drill and do whenever I get the chance. There is a fellow by the name of Pounds from Canyonville in here with me. They put up a notice on the bulletin board the other day that all men up for the officers reserve were to be put in a squadron by themselves until they were called up so that means that Leo Devaney will leave my squadron which I hate as it will not seem like home without him around. Mar Hannan is in the 27th aero squadron and he leaves tomorrow for Toronto, Canada, so that will leave Al and I here alone, as Bill Taylor left about a week ago with the 21st for Belleville, Ill. There were eight squadrons left here last Saturday and these are about that many going to leave within two weeks from now. I do not know whether we will leave with that bunch or not and will not know until about twenty-four hours before we leave as that is all the notice they give now. We do not see any more fancy flying down here as the colonel of our camp has issued orders prohibiting it, all we see now is just the straight flying. There were about fifty were came in from Vancouver the other day, so you see that will help to increase Oregon's popularity in this camp.

ground to build more barracks on just across the road, so that will mean quite an enlargement to Camp Kelly and more fatigue work for the rookies coming in. I have been in this army for just three months today and it seems like about three weeks ago since I left on No. 14 for Portland and left Roseburg behind for an indefinite length of time. Well as I have given you all the news from here I will await news from the best town in the state. Write soon. Regards to all. Your old friend, WM. DOLAN, Camp Kelly, 45th Aero Squadron, S. San Antonio, Texas.

P. S. You don't all need to be afraid of writing to me for fear I will not get it as they can transfer my mail easily. I would not mind reading a News once in a while as long as you have a good one. Will send you a San Antonio "Express" and "Light" in exchange.

A UNIFORM FOR HOME GUARD.

Secretary of War Answers Questions That Have Flooded Washington.

Various communications have come from organizations throughout the country relative to a uniform which would not conflict with section 125 of the national defense act, approved June 3, 1916, with regard to the protection of the federal uniform. While the war department may make no official ruling on what constitutes an observance or a violation of that section of the law, the secretary of war does, informally, suggest the following uniform, which may be used without variation, or with any changes which do not bring it into conflict with the above cited section of the national defense act.

A description of a uniform which, in the opinion of the secretary of war, is considered suitable for wear by home guard and which would not be in conflict with section 125, act of congress approved June 3, 1916. Coat—A single-breasted, straight-front, four-button sack coat, with lapels, having two outside hip bellows pockets and one outside breast bellows pocket. White metal buttons with state coat of arms and shoulder loops. Trousers—of same material as coat.

Cap—of same material as coat, visor and chin strap to be black enameled leather. Buttons of white metal with state coat of arms.

Cap ornament—The letters "H. G." of white metal, of suitable height, attached in white metal wreath in front.

Collar ornament—The letters "H. G." of white metal, of suitable height in each side of collar of coat. Rank insignia—same as illustrated in general orders No. 49, war department, 1916, pages 43 and 44.

Chevrons—To be placed on sleeves midway between shoulder and elbow. First sergeant, a shield with three white horizontal bars; sergeant, a circle with three white horizontal bars; corporal, a circle with two white horizontal bars.

Shirt and collar—Of white material.

Cravat—A black four-in-hand. Material—For coat, trousers and cap; it is tentatively suggested that the material be part wool and part cotton, of suitable weight, of either forestry green or blue gray.

Auto paints, all kinds. Cordon & Bishop. a24

NOTICE.

Saturday of each week, Mrs. A. Wade will be at the office of Dr. Wade in the Perkins block for the purpose of collecting accounts due. Parties knowing themselves indebted to Dr. Wade please notice. s10 MRS. A. WADE.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal. Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment. What is CASTORIA? Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.
