Roseburg, Ore.

HUNTERS

Open season for deer begins August 15 and we suggest that you buy your ammunition and rifles now, while the buying is good for quite likely there will be some advance in price of ammunition as one has been scheduled for rifles.

Then again our stock of ammunition is fairly complete but we anticipate a shortage quite soon. The jobbers are not able to fill orders completely even now. Our orders were placed last winter and stock has been arriving for nearly two months and still is not all in.

REGULAR MEETING OF CITY COUNCIL

Matters of Importance Were Discussed by City Fathers Last Night

PAVING WEST ROSEBURG

Action May Be Taken in Near Future For Paving From Oak Street Bridge to City Limits—Motor Licenses Granted.

The city council met in regular session last night and several matters of importance were discussed, one of the most important being the paving in West Roseburg from Oak street bridge to the city limits to connect with the paving to be laid by the county from the city limits to the soldiers home. While no definite action was taken in the matter it is likely that the council will go ahead with the matter of paving on the west side the cost of the same to be borne by the property owners, whose property abuts the pavement.

A letter was read which Mayor Rice had received from O. T. Larsen, manager of the Roseburg Sand & Gravel Company, regarding discounts to be allowed on sand used on city streets. The letter stated that the city was being charged the same amount for the same grade of material as was charged other customers, and suggested buying in car load lots which could be had at \$1.00 per cubic yard f. o. b., the expense of the car and freight being 37 cents additional. The matter was referred to the street committee with power to act.

A communication from Street Commissioner J. M. Sharp, of Boise, Idaho, regarding a motor driven street sweeper stated that they had been using an Elgin sweeper and were finding it very much cheaper than using horses, the cost being but twelve cents with motor against thirty-one cents on the thousand square yards with the use of horses, this price including gasoline, oil, repairs, supplies, brooms, depreciation, disposal of sweeping etc. The cost of the sweeper is \$4,000. No action was taken upon the matter.

The committee appointed to inquire into the matter of making a sewer question, in Plints Addition, as was requested by Attorney B. L. Eddy, in behalf of the property owners effected, was unable to make its report last night, owing to the absence from the city of a part of the committee.

The applications of A. Mahoney, Geo. S. Trapala, E. J. Fenton and F. H. Smith for motor bus licenses were read and a motion made to allow them all. After considerable discussion upon the part of the council, a vote was taken and the license allowed, with Councilman Nichols dissenting.

The special committee to inquire into the question of the motor bus license application of George McCulloch, referred the matter back to the council without recommendation. A vote of the council was taken and the license granted.

The matter of people hauling for hire, and not having license was discussed at considerable length, Councilman Croason stating that he knew it was being done but that the persons telling him they had paid such drivers, did not wish to appear against them. The matter will probably be given a thorough investigation.

The report of D. R. Shambrook, supervisor of district No. 14, was received.

The action of the recorder in paying bills for freight on asphalt used by city and for hay purchased was ratified by the council.

LOCAL BOY ENTERS TRAINING AGAIN

Frank Neuner, a former Roseburg boy, will enter the training camp at Presidio, Calif., again, August 24. Mr. Neuner was one of the fifty-two men held over who gave promise of becoming competent officers.

F. H. BLAKEMORE'S BODY SENT SEATTLE

According to a letter received yesterday by Mrs. Hazel Blakemore, her husband, F. H. Blakemore's death was due to him having fallen from a boat while on a fishing trip near Craig, Alaska, about two weeks ago. At the time the accident happened other fishermen were nearby and the body was soon recovered from the icy waters and everything possible was done to restore life. The body was first taken to Steamboat Bay and a doctor sent for. Everyone worked heroically to revive the unfortunate man but to no avail. Mr. Jones, a partner of Mr. Blakemore, wanted to have the body taken to Wrangell, but no boat was available at that time and this procedure had to be abandoned. The doctor then embalmed the body and the funeral was

LAND GRANT TAXES.

District Attorney Geo. Neuner today received information regarding the O. & C. railroad land taxes, which have so far held back the land in the original grant from being opened to settlement, or at least have largely contributed to the present delay. The department of the interior, advised by the United States attorney general admits that the amount of taxes due at the time of reinvestment of title by the government, totalling \$270,000, is legitimate and should be paid. The amount of penalty and interest, amounting to \$72,000, is the bone of contention, but the government stipulates that the county may accept the taxes due at time of reinvestment and later institute action to discover the legality of the claim for interest and penalty. A settlement on this basis is probable.

held at the Moose hall and the entire countryside was in attendance. Many flowers adorned the casket and the citizens extended their sympathies to relatives and heart-broken wife.

Mrs. Blakemore, who has been at the home of her parents, Mr. and Mrs. F. F. Patterson, for the past week, in compliance with the letter received yesterday, left last night for Seattle to await the arrival of the body of her husband from Craig which is expected in the next few days. Relatives of the unfortunate man who have been notified are expected to arrive in Seattle, and the final funeral arrangements will be made and in all probability the body will be buried there.

WEDDING OF KILDUFF-GOODMAN

A wedding of interest to Roseburg folk was that of Miss Hazel Goodman, daughter of Mrs. S. H. Goodman, of Tomplin street, and A. Roy Kilduff, of Portland. The ceremony occurred Monday, August 13, at Salem, Ore., Justice of the Peace Daniel Webster officiating and the young couple were attended by their close friends. An amusing incident of the affair was related this morning by Mrs. Kilduff in which she tells of the many delays before the words "I pronounce you man and wife" were spoken. It seems that the ministers of Salem are universally enjoying their vacations and it is almost impossible to discover a clergyman in the whole city. Mr. Kilduff and Miss Goodman started early in the morning to the minister's but upon arriving found a notice on the parsonage door stating that the clergyman was absent from the city. Late in the afternoon the hunt was given up in despair and a justice of the peace was visited. Another complication arose—Miss Goodman being under age it was required that she get the consent of her mother. This being impossible Miss Goodman swore that she was a resident of the county and the last obstacle was pushed aside and the happy young couple were at last pronounced "man and wife."

EXTRA FANCY PEARS FROM HARDING PLACE

A box of extra fancy Bartlett pears, from the orchard at Winston belonging to Mrs. W. C. Harding, adorns the show window of The Evening News today. Just how long that box of fruit remains on display will depend on the length of time it takes 'em to mellow up. But the fruit is worthy of note as being a product of the Umpqua Valley, and is of a quality surpassed by no section of the state. In fact, experts pronounce the fruit practically matchless from the standpoint of perfection, smooth and even, nicely colored on one side, these Bartletts are indeed beautiful specimens of that peerless variety. The packing is a piece of artistic work, and was done by Floyd Wilson. The orchard management is under John Sinclair. Absolutely free from blight or disease, these pears are a demonstration of fruit growing that is worth while and may be accomplished by any one exercising care.

R. F. Jackman, of Portland, who has been attending to business matters in this city left for Sutherlin Tuesday where he has business interests.

CAR WAS RELEASED.

Deputy Sheriff Rafferty, being satisfied that there was no further reason for holding the car taken from W. O. Wimmer, late this afternoon released the car to Mrs. Wimmer, who started immediately for Albany with it.

IMPORTANT CASE IS BEFORE COUNTY COURT

County Judge Marsters today received testimony in regard to the petition filed some time ago for the removal of Mrs. Eber Wright as administratrix of the estate of Eber Wright, deceased, the petitioners arguing that this court had no jurisdiction in the appointment of Mrs. Wright.

The defendant has 15 days in which to file an answer to the brief and the plaintiff three days to file a copy to the answer. B. L. Eddy is attorney for the plaintiff, and J. C. Fullerton, of this city, and L. M. Travis, of Eugene, for the defendant.

HACKED TEAM OVER GRADE.

While moving a load of household furniture Sunday to a residence which he intends occupying in North Roseburg Ed. Noah had the misfortune to back his team over a high grade, just beyond the railroad trestle. Mr. Noah jumped from the wagon as it started over the embankment, seeing that it was useless to try to check the team. Fortunately the damage was not great and neither of the animals were seriously injured.

Live-wire Doings of City

Marriage License Issued.

A marriage license was issued today to R. L. Jackman, of Portland, and Cecilia Florence Prickett, of Sutherlin.

Will Make Home Here.

Mr. and Mrs. Mercier and family arrived in the city last evening from Grants Pass, and will locate here. Mr. Mercier is employed by the S. P. Company.

Marble Received for Building.

A car load of marble was received this morning for the new federal building and the work of unloading is being done by the H. S. French Transfer Company.

Glass is Broken.

The thick glass to be placed in the writing desk in the federal building arrived this morning and upon unpacking was found to be broken into a thousand pieces. Another will be ordered at once.

Roy Wonnacott in City.

Roy Wonnacott, of Gresham, who has been hunting in the vicinity of the Nickel mine near Riddle arrived in this city today and will visit with friends for a few hours until leaving for his home in the north.

Patriotic Display in Lobby.

The lobby of the Umpqua hotel today presented an attractive appearance and one that inspires patriotism in every heart. Placed about in an effective drape are the flags of the allies and most beautiful of all the flag of our country—"Old Glory."

Drain People Attend Funeral.

A number of Drain citizens passed through this city today enroute home from Myrtle Creek where they were called recently to attend the funeral of Mrs. Halston Redifer, who died there. Among the relatives attending from the northern part of the county were Mrs. J. C. Sumner and children, Mrs. F. O. Craike, Vernon Redifer and Mr. and Mrs. A. C. Redifer.

PEACHES FOR THE BOYS.

The Patriotic Service League of this city are sending tonight, 19 boxes of peaches to the 4th company boys at Fort Stevens. A part of the peaches will be sent on to our boys at Fort Canby. This will be a rare treat for the soldiers and one that will be highly appreciated by the boys at the forts.

On Guard at Ft. Stevens

When your soldier boy is on guard, he will need a watch with a radiolite dial, so as to see the time in the dark hours of the night, without lighting a match and exposing himself. Such a watch can be had, complete with wrist strap, and guaranteed movement for only \$4.25 at
