## Suppose \$40 is Your Price

That is, suppose forty dollars is the limit you will pay for your Fall Suit or Coat. Naturally, you want the very most that amount will buy—the best style, the highest in quality, with absolutely assured wearing value.

May we suggest—modestly, but firmly, that we can give you better value for forty dollars than you can obtain elsewhere.

In the first place, our garments are trademarked by a firm that has been in the business over half a century:

Style didn't win for them, as it changes every season. Quality has done the work—the style speaks for itself each season—as it does now.

We have many attractive garments here—all of splendid quality—ranging in price from \$5.50 to \$85.00, and all of which we recommend as magnificent values at the price—nothing better. Our own reputation for selling dependable goods is too valuable for us to risk it by selling anything trashy—you can depend on the coats and suits you obtain here.

### SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.
