## PICTURE OF HOME FOR THE SOLDIERS

Planning to Screen Familiar Scenes From Many Parts United States.

## UP TO SECRETARY WAR

Believed That Boys In the Trenches Would Appreciate a Glimpse of Familiar Home Places in the Movies.

(By Associated Press.) LOS ANGELES, Sept. 17.—Motion pictures of relatives, sweethearts or close friends, taken against a background of scenes in their "own home town," would be shown to American soldiers in the trenches under a plan submitted to Newton D. Baker, secretary of war by Thomas H. Ince, a motion picture producer, in a letter made public here today.

Mr. Ince's plan contemplates the making of motion pictures under government auspices in every city and town of importance. Parents, families or friends and sweethearts of soldiers in each center, according to the plan, would be notified to appear at a certain time and motion pictures—probably simply a panoramic view—would be taken of them, probably taking in also, familiar buildings, streets or parks in each town. Thus the reel of each center would be to the soldiers from that place a touch of "home" and for most of them of vital interest for those would see in motion, life like, and in a familiar setting, a mother, sweetheart, children or others of the family. Reels could be shown at certain points at the front so Los Angeles soldiers could go to see the Los Angeles reel and New York soldiers the New York reel.

Mr. Ince estimated about forty persons could be shown in a foot of film which finished, ready for projection, would cost the government about ten cents. If one person, dear to one certain soldier, could be shown him, the cost for a million men would be but \$20,000 for the film.

Mr. Ince advocated the plan as practical, and economic and offered to supervise the matter and at his own expense to assemble, label and put in proper shape the many reels.

## YOUNG FILIPINO TO BECOME U. S. OFFICER

(By Associated Press.) SAN FRANCISCO, Sept. 18.—Miguel Aguinaldo, son of General Emilio Aguinaldo, Filipino rebel, whose capture was made by the late General Frederick Funston, has been commissioned a second lieutenant in the Philippine national guard, and is about to enter officers' training camp near Manila to qualify as a regular army officer. Word of young Aguinaldo's military aspirations was brought by G. A. Butz, manager of a Manila hotel, a close friend of the younger Aguinaldo, who arrived here recently.

"Miguel Aguinaldo was commissioned a second lieutenant in the Philippine national guard by Governor General Harrison a few days before I left Manila," said Butz. "At the same time his father declined to accept a post of high command."

## ATTENTION SPANISH AMERICAN WAR VETERANS.

Special meeting Saturday evening September 22, 1917 at 8 o'clock at the armory. All veterans requested to be present. Business of importance.

SAM W. STARMER, I. M.

H. G. Wilson arrived in this city late Sunday evening from Glacier Park, being called here because of the serious illness of his son and daughter, who are ill at their home in North Roseburg with typhoid fever.

### WOOD WANTED.

All those subscribers who have intended to bring wood in payment of subscription to The Evening News or Weekly News will confer a favor on the publishers by delivering the commodity at as early a date as possible. Wood will be accepted for new as well as for old subscriptions.

## MUSIC HATH CHARMS TO CALM MILK COW

(By Associated Press.) EUREKA, Calif., Sept. 18.—Musical concerts for the purpose of increasing the output of milk and butter fat on his prize dairy ranch near here is the innovation proposed by Charles W. Ward.

"Turn off 'El Capital'—this cow ain't stand that banxy music. Play The Blue Danube—that's the biggest milk puller we've got."

Thus may be the way the concertmaster of Ward's dairy ranch will direct dairy operations from now on. Ward believes that cows will respond in terms of milk to the right kind of music, and intends to apply his theory on his Humboldt county ranch.

"An orchestra would do it if played the right kind of music," declared Ward. "My herdsmasters—from Cornell and Ames college (la.)—tell me if you play doleful music the cows become sad. Jerseys and Juernsevs especially are nervous—if they are affected unpleasantly the percentage of butterfat falls off. They like certain tunes just as they like certain people. I had to hear a cow because the cows were disturbed and the milk flow fell off ten per cent."

"One of my Jerseys of the famous Buttercup family mew like a snake—whoooo, whooo—(lll I got the visitors away from her, and it took twice as long to milk her, and there was less milk. I'm going to install the photograph as soon as I can fix the electric wiring. If my cows can be contented."

## DIXONVILLE DANCE.

A big dance will be held at Dixonville Friday night, Sept. 21. Ott's orchestra will be in attendance, and no undesirable permitted in the hall.

## LEAVE FOR HOME.

Mrs. Marie Pringle and Mrs. Emma Dillon, who came here some time ago to attend the golden wedding of their parents, Mr. and Mrs. L. T. Thompson left for Portland this morning, from which place they will go by boat to San Francisco. Mrs. Pringle resides at Ross, Calif., and Miss Dillon at Santa Rosa.

## DAILY WEATHER REPORT.

U. S. weather bureau, local office, Roseburg, Oregon, 24 hours ending 5 a. m., September 18, 1917.

## Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, secrete into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.

If you aren't feeling your best, if you are in a state of nervousness, if you have a bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

## YOUR TOOTH PICK

Is tabooed, and justly so, for it never did clean the teeth, or help your appearance.

## Rexall Tooth Paste and Powder

not only cleans and preserves the teeth, but their use make you feel better and, accordingly, the world looks better.

Nathan Fullerton **The Rexall Store** Perkins Building

## Dry Fruit and Vegetables!

Sugar is high, jars are hard to get. You can save by drying. Now while the garden "sass" and farm "truck" are plentiful, pick up the bargains.

Here's the way to dry—every housewife should have it. Blow the air over the fruits to be dried with an electric fan. They will dry in a short time. The government has not only endorsed this method as especially better in two respects: better color and less spoilage, more wholesome and tasty—and certainly clean—prepared in your home—by you
