

TUBERCULOSIS CONFERENCE IS HELD

A Very Successful Gathering Held at Portland Recently to Study Conditions.

MANY HAVE DISEASE

200,000 Cases of Tuberculosis Among Single Men Between Age of 21 to 31—Two Per Cent Drafted Men Are Affected.

The northwestern tuberculosis conference recently held in Portland, was a most successful meeting both as to attendance and in the increased enthusiasm of the delegates at attending. There were two hundred and thirty-six delegates present. Ninety-one of these were from outside of Portland and forty-nine were from outside of Oregon. Delegates registered from Oregon, Washington, Idaho, Montana, Wyoming, Utah, California, New York and British Columbia.

The whole program bore upon the increased responsibilities laid upon the anti-tuberculosis workers because of war conditions. Positive figures prove that at least two percent of the men of the draft age have been found tuberculous. That means that there are at least 200,000 cases of tuberculosis among the men of the single age period of 21 to 31. Using this conservative estimate of the number of cases for the whole civilian population is appalling.

The program adopted by the conference was one that comprehended a great need and that sets out with full confidence to meet that need. The anti-tuberculosis associations of the country will need three times the money that they had last year if they

are going to accomplish in 1918 the work that will be set before them. The delegates pledged themselves to work for this amount.

The conference went on record as advocating the use of open window ventilation either continuously or at periodical intervals of five to ten minutes each between class periods, such upon window ventilation to be continued regardless of the artificial ventilation systems installed in the schools in this section of the country. It was further resolved that the conference goes on record as placing the health of the school children above everything else in the school curriculum.

BANDITS ROB BANK ONE SHOT BY POSSE

(City Associated Press.) BELLINGHAM, Oct. 25.—Two masked bandits entered the Farmers & Merchants National Bank at Edison, Skagit county, at ten o'clock today, stood on Pat Hallock, the president, seriously and perhaps fatally wounding him, the ball lodging in the abdomen, and then robbed the bank of \$1700 and attempted escape. Armed citizens rallied to assistance of the officers and in a running fight one robber was killed outright and the other captured.

OREGON GUARDSMAN SHOT AND WILL DIE

(City Associate Press.) CHARLOTTE, N. C., Oct. 25.—Freshick von Bothoven, a private of the Oregon national guard, was shot today and mortally wounded while resisting arrest at Camp Greene, military police were serving a warrant on Bothoven when he broke away from them and the shooting followed.

PRESIDENT FAVORS WOMEN'S SUFFRAGE

(City Associated Press.) WASHINGTON, Oct. 25.—Speaking as a party leader and as an individual only, President Wilson today urged the woman suffrage issue upon all voters of those states not allowed equal suffrage. He told a delegation of New York women he hoped that their campaign would be successful, and urged men to vote for equal suffrage.

MUSIC CREDITS BE ALLOWED

Rules Governing Teacher and Pupils Assembled by the Superintendent.

FOURSEMESTERCREDITS

Towards Graduation May Be Earned in Either Vocal or Instrumental Music on Lessons Given Outside of the School.

As many as four semester credits towards graduation may be earned in either vocal or instrumental music where the instruction is given outside of the school, provided, that the principal of the high school shall be satisfied as to the competency of the teacher; that the parent must certify in writing that the pupil has spent at least eighty minutes in practice or instruction each day, five days in the week for eighteen weeks; that the progress made during the period warrants the statement to be correct; teachers shall also give a grade for said work as indicated on the record card for music work. The teacher shall also certify in writing the day of the week on which the lesson or lessons are given and the length of the lesson in minutes; that the pupil shall appear in public recital near the close of the school year which is held under the auspices of the school or is sanctioned by the principal; all pupils earning their credits for the second year shall appear in two musical performances during said year.

Music teachers, wishing to have their instruction work accredited must have had five years of training under competent teachers, this training to be above elementary instruction in the subject to be taught, or be a graduate of an accredited and recognized musical conservatory, and shall file with the principal such data as to their qualifications as is required on blanks furnished by the school. To be accredited a teacher must have had at least one year's teaching experience, references for such teaching must be given if the teaching has been done other than in this community.

No credit shall be allowed for such work until the necessary arrangements have been made with the principal of the high school, and reports shall be required every six weeks as to the pupil's standing and progress cards for such reports will be furnished by the principal of the high school.

H. O. Bennett, principal of the local high school, is addressing a letter to the music teachers of the city giving full instructions regarding credits and enclosing a record card for music work to be filed out by the music teacher whose pupils wish to take advantage of the credits to be given in the high school for this work.

ORDINANCE CLASS CALLED TO SERVICE

Four of the cadets in the ordinance stores class at the university school of commerce were called into the federal service a few days ago and now are on their way to Camp Greene, N. C. They are W. H. Garretson, Jr., W. W. Knighon, H. M. Schade, all of Portland, and Sergeant J. C. Denn of Roseburg, says the Eugene Guard.

Sergeant Denn had been acting as military instructor to the class. All four of them had enlisted in the Oregon national guard previous to their entrance into the ordinance class and were taking the work at the school of commerce with the reservation that they would be relieved if the government called them before they finished the course.

Upon Sergeant Denn's departure, C. O. Chatterton was appointed acting military instructor. Mr. Chat-

CARELESS DRAFTING CAUSE HEAVY EXPENSE

TACOMA, Wash., Oct. 25.—That mistakes, coupled with careless and wilful disobedience of the rules laid down by the war department for the selection of draft men for the national army units mobilized at Camp Lewis drawn from the states of the western department has cost the government \$1,900,000 is the assertion of army officers at Camp Lewis.

It is estimated that the transportation and care of the 331 men who have been rejected so far out of the 42,776 sent to camp, will cost the government at least 300 each by the time the men get back to their homes.

Rejections were highest among the men sent by Oregon boards, the percentage running up to 10.5. Montana comes next with rejections of 10.3 per cent, while Wyoming is lowest with 7.2 per cent. Just 8 per cent of Washington's men have been rejected. The average for all states is 7.8 per cent.

Why Your Electric Light Bills Go Up and Down

- In Winter** you depend upon artificial lighting nearly three times as many hours in each 24 as in summer.
- In June** the average use of electric light, in a residence, is 2 hours and 35 minutes a day.
- In December** the average use of electric light in a residence, is 6 hours and 50 minutes a day.
- This is Perfectly Natural** as the summer days grow shorter the "electric light hours" become longer, so on until January when the days grow longer and the "electric light hours" grow shorter.
- There are Other Reasons, too,** why your bills in fall and winter are larger than in the spring and summer—good reasons that show it is simply the result of the season's changes; your more extensive use of the electric light, and not the fault of the electric light company at all.
- When Summer** is over, vacations are over. Everybody is home again; more rooms are occupied; more light is needed.
- Long Evenings**—late bedtimes, the outside cold keeps us indoors. The soft cozy glow of electric light makes reading a pleasure. More people stay at home on this account. The newspapers, magazines, study or a good book music and games pass the evenings all too quickly. It is bed time before one knows it.
- More Entertaining is Done**—parties at home for the grownups and the little folk. Some times the house fairly radiates with the good cheer of electric light.

Think this all over Carefully and you will see "why" your winter electric light bills can reasonably triple those of summer.
