DONATIONS WANTED BY RED CROSS LADIES

After completing their given quota of 175 Christmas boxes preparatory to shipping the local Red Cross ladies were asked to furnish 125 additional packages, this task to be finished by Friday at the very latest. Several donations were left over from the initial boxes but these were insufficient to last any time and donations of boxes or gifts will be tremendously appreciated by the Red Cross if left at the local headquarters at once. The earnest help of every patriotic Roseburg citizen is needed in this task and the project is so extremely worthy that it is certain that there will be cooperation from

WASHINGTON AND BERLIN BARGAIN

Uncle Sam to Secure the Best Possible Treatment For His Soldiers.

TWO CLASSES DETAINED

German Sailors Taken From Interned Vessels and Enemy Alien Civilians Held Under Governmental Regulations.

WASHINGTON, Nov. 12.—The United States has negotiations with Germany for an agreement to govern treatment of prisoners of war. This is being done, not only to secure the best possible conditions for American prisoners but to show how well our own prisoners in the United States are being treated. Already through the Red Cross at Geneva, the United States has begun forwarding necessities to Americans held in Germany of whom there are now more than 100. It is realized that as the American troops increase in numbers on the battle front, more prisoners are bound to find their way to the German prison camps.

A nation pinched for food itself, probably with less its enemy, before it is possible to lighten the confinement of Americans will, at the same time, alleviate the sufferings of families at home, which naturally will be distressed on account of German interlocking of prisoners.

German military prisoners in the United States besides receiving every necessity and comfort have the privileges of their rank. They are housed in model sanitary camps and recently one of the prisoners, sending a letter to his prospective wife in Germany, wrote that the pay he would accumulate during his imprisonment would not only permit him to retire from the navy, but would set them up in a little business at home.

Photographs showing the comfortable surroundings of interned German prisoners in this country have been forwarded to Germany by the war department from the state department and a neutral agent. They are intended to reveal the spectacle of the United States that similar consideration will be shown American soldiers and sailors who may be captured by Germany.

Two classes of German prisoners are detained in this country. One is comprised of German sailors taken into custody when the United States informed various vessels at the beginning of the war. The other class is comprised of enemy aliens, civilians, who have been arrested and are now being detained under governmental regulations.

The principal detention camp is at Fort Meade, Md., where about 5000 men are held. At Fort Meade, there are three classes of enemy aliens, who are not strictly speaking prisoners of war. At Fort Douglas, Utah, there are 212 prisoners of war and 50 interned aliens.

Small detachments of these interned enemy aliens are now being sent to other parts of the country. In addition to the detention camp at Fort Meade, the principal detention camps are at Fort Meade, Md., where about 5000 men are held. At Fort Meade, there are three classes of enemy aliens, who are not strictly speaking prisoners of war. At Fort Douglas, Utah, there are 212 prisoners of war and 50 interned aliens.
