CHANGES IN SCHOOL WORK FOR COMING YEAR

The following self-explanatory letter was received today by County School Superintendent O. C. Brown from Superintendent of Public Instruction J. A. Churchill of Salem relative to changes in school work for the coming year:

"After December 1, 1917, no standard high school shall accept work done in a non-standard or unaccredited secondary school, and students of such schools, unless being admitted to any standard high school, must pass written examinations in those subjects in which they are not taught credits. The examinations must be conducted in the subjects of the high school and three hours minimum time and marks must be filled in in cases of examination in the same subject or points of instruction on one of his examinations."

Yours very truly,
J. A. CHURCHILL,
Superintendent Public Instruction

in the student's preparation and will assist in convincing the student himself that time will be saved by reviewing such courses in a standard school.

Enforcement of the rule will encourage the smaller schools to meet the requirements of the standard of education. A standard high school is one offering a four-year course which covers every major requirement for standardization fixed by the state board. These requirements are published in the annual directory.

Yours very truly,
J. A. CHURCHILL,
Superintendent Public Instruction

RALPH BALWIN TO GET MEDAL FOR SERVICE

Ralph Baldwin, with known Roseburg boy who recently passed an honorable discharge in the U. S. Army because of an unusual knowledge while serving, has just returned home. Baldwin today received a communication from John M. Fitzpatrick, lieutenant colonel of the 10th Cavalry, Fort Riley, Kansas, in which the adjutant general commended Mr. Baldwin for his recent fine service and approves the young man's record that he is to be presented with a medal. The communication states:

"Your acts advised that in rendering aid at the expense of the present day in connection with the recent Mexican border incursion, the 10th Cavalry, Fort Riley, Kansas, has been most efficient and its members have distinguished themselves in their work. It is a credit to the Cavalry to have such a record of service to the country. The 10th Cavalry is the pride of the nation and the world, and the national guard of the United States at present time that period of time the records of those days will be held and will be held in the highest esteem by all who are interested in our country's welfare and its commanding position in the world. This is called the record."

Mr. Baldwin is a young man of the minor which he has been doing his part when necessary in the State of Colorado. An excellent soldier, he is a good example to all who are interested in our country's welfare and its commanding position in the world. This is called the record."
