ROSEBURG TO FEED MORE DRAFTED MEN

Information Received Today Says Greater Number Will Stop Here.

A GOOD RECORD MADE

Handling of Last Contingent of Soldiers Was Carried Out in a Most Successful Manner—Praise Is Given.

Informal but dependable railroad information received today is to the effect that Roseburg will be asked to feed more men during the next troop movement than during the first. The gentleman intimating that this is now expected said that the record made here was easily the best on the entire coast line, not only for quickness but for the satisfaction afforded the troops, all of whom seemed to carry with them a warm recollection of their reception here.

Roseburg being a division point where the cars are watered and leed and engines changed, there is a saving of time through also feeding the drafted men here as all the work can be going on at the same time. To distribute the work between two points would require an extra stop of considerable length, therefore the probable concentration here and the increased business.

At some cities a stop of two hours was demanded before they would consent to feed trains. It may be that a desire to obtain trade from the men during such an unnecessarily long stop was the reason for the demand. In Roseburg one train carrying 419 men was ready to leave in 55 minutes after arrival at the depot, and the longest time required for any train was 70 minutes for 506 men, who arrived at 10:30 p. m.

The following letter from Mr. Fee, S. P. passenger traffic manager, shows how this service was appreciated by the railroad and properly places the credit.

Mr. John W. Parker, Sec. Roseburg Commercial Club, Roseburg, Ore.
My dear Mr. Parker: Permit us to express our gratification at the assistance rendered by you in connection with commissary arrangements for troop trains.

The total movement of trains from Southern Pacific territory to American Lake approximated 25,000 men. Sixty-seven special trains, carrying from 250 to 500 men each, were utilized in addition to forty-eight movements of from one to three cars on regular trains.

Meals were served at 23 different points. Your co-operation and that of communities, organizations and individuals along the line was most helpful and made possible the handling of this military business on a basis far more satisfactory to the men, as well as to the military authorities and the railway, than would have been possible otherwise.

With appreciation of your part in the matter and trusting you will convey our thanks to the members of the Roseburg Commercial Club and the Douglas County Red Cross, I am Yours very truly,
CHAS. S. FEE.

OFFICERS LEAVE TO SEARCH FOR "EVIDENCE"

Assistant State Game Warden Orrin Thompson and Constable Howard Church left this morning for the vicinity of Yoncalla where they will endeavor to unearth a quantity of deer meat known to be concealed in the vicinity of the cabin occupied by "Buck" Johnson and Harold Hampton, at the time they are alleged to have slaughtered a number of deer maliciously and unlawfully for the purpose of commercializing the spoils.

A FRIEND IN NEED

A friend in need is a friend indeed, and how you can tell is to accommodate him in time of his need, and then a little later ask him for it back in return. And that is what I have done—is to give credit to many a man and now I am going to ask them in return to come and pay their bills in full not later than December 25—this month, as that is the time that I need the "mon" to pay my honest bills, and all of my friends that will come to this call will be marked "true blue," and all that fail to answer this call will be classed as bums for their friendship is one-sided, and he is liable to take the bankrupt law that his wife may wear \$1.75 stockings, and that is something rotten. Now, kind friends, this call is to you all that owe this man, D. J. Jarvis—and we must have it not later than the 25th of the present month.

D. J. JARVIS.
