"This, of all years, is the year for photographs—the gifts that convey the thought of friendship without imposing an obligation. They are in harmony with present ideas for they will help, without extravagance, to maintain our cheery Christmas customs. More than ever they will be found in the Christmas morning package—and for that friend of yours who is sure to receive them, there can be no more fitting gift than a portrait.

SPRUCE TIMBER FOR AIRPLANES

Specifications Announced in Reference to Handling the Government Output.

PRICE \$85 THOUSAND

Every Piece of Timber Must Come Up to the Requirements Announced, Otherwise It Will Not Be Accepted.

(By Associated Press.) PORTLAND, Or., Dec. 19.—In his announcement that the government was going into the business of purchasing spruce for airplanes, on a large scale, and urging farmers, individually or in groups, and other individuals to engage in spruce production, Colonel Bruce P. Disque, of the U. S. signal corps, made public the following specifications:

"All spruce purchased must be split by wedging. The use of explosives in any manner whatever is prohibited. Cants must be 18 to 25 feet full in length; four sides clear, not more than 14 inches thick, nor more than 3 feet wide on the bark surface. Annular rings must not be less than six to the inch. Grain must be straight throughout the entire length of the timber, without waves, knots or rot. Timbers should not be hewn or squared. The heart will always be removed. In selecting trees for this purpose, only the finest specimens should be fallen and no at-

tempt should be made to utilize trees with broken tops or those that have been lying on the ground, or which appear to be shaky or spiral growth or burned. No piece with pitch pocket evidence will be accepted. Any abuse of these conditions will result in a rejection of the material and consequent loss to the producer."

The government is offering \$85 per thousand for desirable spruce trees cut and Colonel Disque is sending out instructions and scaling data. It is pointed out that no piece will be accepted that measures less than 7 inches at the thinnest point either way, end measurement. Every piece must contain at least fifty square inches on the small end.

VENUS IS CAUSING A LOT OF TROUBLE

(By Associated Press.) PENDLETON, Or., Dec. 19.—Venus has caused a lot of trouble here lately. The big evening star, dazzling in light at this time of the year and staring down at the earth from a southwesterly direction from this city, has been accused of being an aeroplane.

Citizens have shivered on their front porches for a half hour at a time on recent nights, to see the "mysterious lurker". Telephones have buzzed as they told each other of the sight. Despite the fact that Venus does not dash from place to place as airplanes are wont to do, she has been widely suspected.

Rev. and Mrs. J. Cline and daughter, Miss Maud, attended church in this city last Sunday.

Mrs. R. M. Eberle returned from an extended visit with her mother, Mrs. Taylor, at Albany, last week.

The tontorial parlors in this city owned and managed by F. L. Hart, are up-to-date and modern in every respect. Mr. Hart enjoys liberal patronage.

"The Glendale News," our home paper, is bright and newsy and our editor can write the best sketches "Soldiers and pilgrims from Hornbrook" we ever read. They are true to life, and exemplified by the pilgrims in person.

Miss Doris Gillons, of the Fernvale school, will hold Christmas exercises on Friday afternoon, December 21. Miss Gillons is making an excellent record as a teacher, and all of her pupils are advancing in their studies rapidly; the school board commends her work.

An epidemic of grip is in evidence in this city, and there are some very severe cases. Our local physician, Dr. Knott, is kept busy.

Mr. and Mrs. Chas. Carleo are caring for the little daughter of Mr. and Mrs. Chas. Pruitt, while Mrs. Pruitt is very ill at the sanitarium.

Mrs. A. R. Estes is assisting at the local postoffice while our postmaster is wearing his hand in a sling. We are pleased to note Mr. Hurd is better.

Liberty bonds, \$19,500 in value, took a very sudden raise at Portland when Bank Detective Rupert walked away with them in broad daylight.

But all human glory like his has its day. S. P. detectives had the privilege of decorating the bond robber with his bracelets, and no doubt he is wiser and sadder, with his brief experience of being a rich bond holder. He will, no doubt, be given ample time for reflection on his lapse from the narrow way.

Mrs. S. J. Baseel is visiting her friends in Ten Mile this week.

Mrs. Wm. Butler and son, Charles, spent Sunday in Glendale. They attended Sunday school and church at Olivet. They were the guests of Mrs. S. Whitsett. MOLLIE.
