MAZOLA

This delicious cooking and salad oil from corn is wonderfully economical

Mazola is a pure oil, pressed from American corn, for deep frying, sautéing, shortening and salad dressings.

Mazola can be used over and over again—it does not transmit taste or odor from one food to another.

Since Mazola is a vegetable oil it enables you to follow the plans of the Food Administration for saving butter, lard and suet. More economical than the old cooking mediums, too.

Get Mazola from your grocer in pint, quart, half-gallon or gallon tins—the large sizes are the most economical. Also ask for the free Mazola Book of Recipes, or write us direct.

Your money refunded if Mazola does not give entire satisfaction.
