Leaves for Points North.

Miss Alice Joyce, industrial club organizer, who has been in this vicinity for the past two weeks visiting the various schools throughout the county in the interest of this important work, left this morning for a short stay at points in northern Douglas county, enroute to Multnomah county where she expects to remain for a month or more promoting vocational education. Miss Joyce makes her headquarters at O. A. C.

League Elects Officers.

The following officers were elected at yesterday's meeting of the taxpayers' league: B. W. Strong, of Roseburg, president; M. N. Tisdale, Sutherlin; G. W. Riddle, Riddle, and W. C. Edwards, Drain, vice-presidents; H. O. Pargeter, Roseburg, secretary-treasurer; W. G. Grubbe, of Elkton; Edward Morgan, of Looking Glass, and R. L. McLaughlin, of Deer Creek, were named as directors to fill vacancies that have occurred in the board.

Former Roseburger Weds.

A North Bend couple took advantage of the perfect Sunday to take the vows of matrimony, the contracting parties being Mrs. Orilla Gordon and Frank C. Rogers, both of North Bend. The ceremony took place at the bride's apartments on Sherman avenue, and was performed by the Rev. Mr. White, the witnesses being Miss Evelyn Binder and Roy Heckathorn. Frank Rogers, made his home in Roseburg for a number of years, and while here was employed

at local restaurants as a chef. His wife died here several months ago and since that time Mr. Rogers has been residing at North Bend.

Depart for Montana.

Mrs. W. O. Flemming and children, who have been residing on South Deer creek for some time, departed this morning for points in Montana, to remain permanently. Mrs. Flemming disposed of her ranch recently.

To Visit at Portland.

Mrs. M. A. Morris, of this city, left this morning for Portland to visit at the home of her daughter, Mrs. L. N. Harmon. Mrs. Morris will probably remain at Portland for at least six weeks.

Life of Hermann in Telegram.

In today's Portland Telegram appears an article written by David W. Hazen dealing with the life history of Hon. Binger Hermann, of this city. A splendid portrait of Mr. Hermann is also contained in the publication. The story is tremendously interesting and many vivid accounts of the early life of the pioneer are related in a clear manner by Mr. Hazen, who is feature writer of the Telegram.

Summoned to Portland.

Sheriff George Quine and Deputy Sheriff Rafferty are to leave Sunday night for Portland, where they are summoned to give testimony in the case of the federal government vs. Floyd Ramp, the socialist speaker who is charged with "uttering unpatriotic remarks," which comes up for hearing at the metropolis Monday morning. Many witnesses will be called from this city, but as yet the subpoenas have not been served.

THE MAN WHO BELIEVES IN DEVELOPING OREGON'S OPPORTUNITIES

ROBERT N. STANFIELD

Candidate for the Republican Nomination for United States Senator from Oregon.

The principles upon which I stand and to which I pledge myself are:

- 1. To support the national administration and the heads of the government with all my ability and energy in the speedy and vigorous prosecution of the war to a peace satisfactory to the democracy of the world and compatible with the highest ideals of our civilization.
2. To the application of the selective draft in practice as well as theory, which shall insure organization of the national army and at the same time reserve the necessary labor and supplies for the continuation of our industrial pursuits and commerce.
3. To an equitable control and regulation of food supplies, commerce and industry, and the establishment of a primary market in Portland on equal basis with Chicago and eastern ports.
4. To a nation-wide prohibition and to all measures which shall make it practicable and operative and not theoretical.
5. To permanently establish equal suffrage in both state and nation.
6. To establishment by the federal government of a naval base at the mouth of the Calumbia river.
7. To effective rural credit legislation and administration with a particular view to its adaptability to the needs of Oregon.
8. To construction by the federal government of a military highway along the Pacific coast, and federal aid in the construction of permanent highways.
9. To see that Oregon participates, all things being equal, in national trade, commerce and industry, and that our state is given recognition in the federal expenditures made necessary by the war.

- 10. To legislation which shall bring to a settlement the public lands question, and the greater development of Oregon's natural resources including the development of water power, reclamation of arid, swamp and logged lands.
11. To the organization and mobilization of all our industrial forces, with a just and proper consideration of the rights of labor, which shall guarantee co-ordination of American efforts during the war.
12. To legislation that will permit the natural resources of the great west and Alaska to be used, at the same time being careful that these natural resources are used economically.
13. To the removal of the misunderstanding and opposition on the part of the federal authorities which has restricted Oregon's commercial expansion and retarded her industrial development.
14. To the development of Oregon's great shipping ports, through federal improvement of waterways and harbors; the maintenance of a merchant marine on the Pacific ocean, and a just recognition on the part of the federal government of the importance, value, commercial and industrial advantage of Oregon's location, situation and harbor, and shipping facilities.
15. To a policy of conservation and reconstruction which shall insure our national integrity, honor and commerce and the moral and civic purity of our people.
16. To have that high regard and consideration for the interests and progress of humanity and the nation at large, which is typified by a conscientious and moral observance of true Christian civilization. (pd. adv.)

"Who Will Win This Battle?"

Your kidneys are the filters of the body. If they become inactive and fail to eliminate the waste matter, they are apt to throw the whole mechanism of the body out of order, thus toxic poisons can accumulate in the system and be as deadly as snake venom.

Besides causing the minor ailments of rheumatism, sciatica, lumbago and backache, neglect of the kidneys is apt to develop into more serious diseases, such as diabetes or stone in the bladder.

Rid the body of toxic poisons—clean the bladder and kidneys and cure the twinges of rheumatism with Anuric and you win the battle of life.

Anuric was first discovered by Dr. Pierce, and has benefited thousands of sufferers as well as appeared and eliminated the ravages of the more serious kidney diseases. Now procurable at any good drug store, or send direct to Dr. V. M. Pierce, Buffalo, N. Y., 10 cents for trial package.

Mrs. B. G. COKER says: "When I commenced the treatment of Anuric I was in bad shape. My back ached all the time and oh! how my back would ache at night until I would have to get up. I could never sleep all night. But since I have taken the Anuric Tablets my backache is all gone and I can lie down and sleep good and sound all night. Oh! how much better I do feel—no one knows but myself. My advice to all sufferers of kidney troubles is to give Anuric a trial and they will find relief from their trouble."
