## "18-92" ILLINOIS Aluminum Ware

The only cooking utensils that have lasted in constant daily service for 25 years. The only cooking utensils that have lived up to a manufacturer's guarantee of 20 years. Stop in and see them—handle them—prove to yourself that there are no other utensils made that are as good as "18-92" ILLINOIS Ware. And yet "18-92" utensils cost no more than utensils that don't carry a 20 year guarantee.

Today was ground hog day and if there is any truth in the old superstition that should the ground hog see his shadow on this eventful day there would be six weeks more of winter, we are doomed to the various moods of the elements for some days to come. The sun shone brightly at intervals this morning, and Mr. Ground Hog no doubt was rambling over the green sward at the opportune moment, therefore had a good view of his shadow.

## Your Watch

Do not allow it to run over two years without having it cleaned and overhauled. The tiny balance is making 18000 beats every hour, 137,000,000 beats a year. Such steady and continuous running will surely wear some of the delicate little parts unless they are cleaned and well oiled, or there may be a cracked jewel that is cutting the pivots which will in a short time ruin your watch.

So you had better drop in to your jeweler and have it examined, but do not under any circumstances allow it to run more than two years without cleaning.  
Be good to it and it will never wear out. We are well prepared to handle your watch repairs, and they will be given our best and most careful attention.

## "LEST YOU FORGET"

That you can "Hooverize" we call your attention to the following items, among the many we have, that will help through quality as well as price.

For the "Brighten up Campaign" use nothing but Sherwin Williams paints and finishes. Nothing better, but little as good.

For that car use only "Michelin" tires and tubes sold on quality basis only. That means more dollars in your pocket book and less expense account at the end of the year.

And don't forget that coat of "Effecto" will add much to the appearance of the car also. Now is the time to get ready for the coming spring. A pint will give a Ford one coat.

For more miles and less wear use Union "Gas" and Valvolene Cylinder Oils.
