### "LEST YOU FORGET"

That you can "Hooverize" we call your attention to the following items, among the many we have, that will help through quality as well as price.

For the "Brighten up Campaign" use nothing but Sherwin Williams paints and finishes. Nothing better, but little as good.

For that car use only "Michelin" tires and tubes sold on quality basis only. That means more dollars in your pocket book and less expense account at the end of the year.

And don't forget that coat of "Effecto" will add much to the appearance of the car also. Now is the time to get ready for the coming spring. A pint will give a Ford one coat.

For more miles and less wear use Union "Gas" and Valvolene Cylinder Oils.

**Churchill Hardware Co.**

## MAJESTIC ALWAYS A GOOD SHOW

Matinee Every Day, 2 to 5  
Evenings, 7:15-10:45, 20c-10c

TONIGHT ONLY  
This is your last chance to see J. Warren Kerrigan in Peter B. Kyne's Great Romance

# A MAN'S MAN

A red blooded, gripping, virile, adventurous, spectacular and a sweet love story. The biggest picture of the year. It's in seven smashing acts and will be here only two days.

HE'S IN AGAIN—Just a funny comedy.

Adults 20c Admission Children 10c

Tomorrow—William Russell in "The Sea Master," a fast action drama of the briny blue.

Coming next Tuesday and Wednesday, February 12 and 13, Dorothy Phillips with Lon Chaney and William Stowell in "PAY ME."

## PEACH LEAF CURL AND HOW TO TREAT

County Fruit Inspector Percy Offers Suggestions to The Growers.

### SPRAY FIRST GOOD DAY

Already Pretty Late in Season to Accomplish Desired Results—Use Lime and Blue Stone Solution 5-5-50.

In a circular being sent out to fruit growers the country inspector has the following to say concerning peach leaf curl, a disease that is universal in orchards:

This disease very seriously injured the peach orchards of Douglas county last year. The loss was so severe that many growers became discouraged and chopped down their trees. This is unnecessary because peach leaf curl can be controlled providing the nature of the disease is understood and the proper spray applied early and thoroughly.

The spores of this fungus winter over on the bark and particularly on the buds of the peach tree. They are there now and will quickly germinate on the tissues of the tips of the new leaves as the buds swell and open. Once established in the leaf no spray can reach it that does not kill the leaf itself. It quickly spreads in the tissues causing an abnormal cell growth to take place resulting in the misshapen, distorted, thickened leaf which everyone recognizes as peach leaf curl. When the mycelium of the fungus has completed its growth and matured it begins to produce its fruiting bodies on the outside of the leaf from whence the countless spores issue to infect the orchard next spring again nearly nine months ahead. When the spores are matured the leaves drop, taking with them the loss of a crop of peaches and a year's growth of the tree, and in extreme cases causing the death of young trees. A new late crop of leaves is usually formed.

Complete control of this disease has been secured by spraying as early as November, but January or early in February is generally advised because the pruning is usually finished by then and it is easier to distinguish the buds. The prunings should be burned before the buds open.

Bordeaux 5-5-50 is recommended in this county because many growers reported poor results with lime-sulphur last season. To mix 50 gallons dissolve five pounds of blue vitrol or copper sulphate as it is chemically known, in 25 gallons of water by suspending in a sack near the top of the liquid. Slack five pounds of lime and add 25 gallons of water, keeping it in a separate barrel from the blue vitrol. Pour the copper sulphate into the spray tank and start the agitator as the lime is added or else pour the two solutions in together. For large quantities a stock solution may be made, using a pound to a gallon, i. e. in one barrel dissolve 50 pounds of copper sulphate and in another the 50 pounds of lime. To use take five pounds from each barrel for each 50 gallons of diluted spray. If lime sulphur is used the 1 to 15 strength is recommended.

Spray immediately; not 2 or 3 weeks hence, but on the first good day, if this disease is to be controlled this year. This is important as the buds are dangerously close to the infection stage. Spray thoroughly, covering every particle of the tree surface laying special stress on the buds. Wet all sides of every twig. Remember Uncle Sam says those peaches this year.

### OLD POSTER OF 1884 ON DISPLAY TODAY

Lafe Lewis, proprietor of the Grand restaurant, today presented The News office with a poster printed in the "stone age" days of years ago and advertising an "Entertainment by the Roseburg Temperance Dramatic Troupe, given at the Grange hall on Saturday evening, March 29, 1884."

The cast of characters includes many well known local people, some of whom are now residing in the little village on the Umpqua today, others who have journeyed to other climes and others who have passed away. The entertainment was featured by a number of dialogues and vaudeville stunts with the inspiring titles of "True Wealth," a drama in four acts, the cast composed of H. S. Strange, Laura Proizman, Effie Owens, Bid Fisher, Phillip Matthews, E. McChallen, Chas. Clements, with songs by Sallie Tibbets and Emma Carroll; also the dialogues, "The Young Housekeeper," "Only Another Footprint," "Punkin' Ridge," and "Sold Dishes to the Front."

Among the well known people taking part in these productions were Frank Clements, Esther Owens, Salina Belkis, A. W. Slimmon, J. W. Dowell, Mrs. S. C. Flint, LaFayette Owens, Mrs. Hattie Benson, Mrs. Charlotte Seiden, B. A. Cathey, Miss Mammie Jones, S. C. Flint and David Clements.

The old poster is a curiosity and is on display at The News office where it will be especially interesting to the old time residents of the city, who no doubt attended the entertain-

### BIG JITNEY DANCE

ment given by the Roseburg Temperance Dramatic League and probably can remember as to its success. The old bill was found by Mr. Lewis at his residence this morning while he was engaged in assorting over old papers.

### MANY GOOD POSITIONS

can be had by any ambitious young man or woman in the field of railway or commercial telegraphy. We want a number of young men and women to prepare for the telegraph service to fill vacancies caused by unusual drafting of young men for signal corps. Prepare to help your country. Write today for full particulars. The Railway Telegraph Institute, Portland, Oregon.

### O. P. M'GEE MISSING FROM GLENDALE, ORE.

The sheriff's office has just had printed a description of O. P. McGee, who disappeared from his home at Glendale, Ore., Sunday night, January 27, 1918, presumably enroute to Grants Pass. Mr. McGee was next heard from when a letter addressed to his son, written January 28, and mailed on the train somewhere between Portland and Spokane, notifying his family that he was gone for good. The gentleman left home under unfortunate circumstances, and

O. P. McGEE.

his wife and son are very anxious to get in touch with him, and the matter was taken up with the authorities in hope of locating the missing man. The accompanying photograph gives a very good idea of his appearance, and all officers have been requested to keep a lookout for him. He is described as being aged 57, weight 170 pounds, height 5 feet 8- or 9 inches, eyes blue, hair gray, quite bald. Has one-inch scar above right temple, one knuckle on right hand knocked down; wore a dark suit with very small brown stripe running through. Long heavy dark overcoat, light soft hat, black lace shoes number 8, wore gold watch with silver gray hair chain.

Anyone locating Mr. McGee can notify his son, Roy O. McGee, Glendale, Ore., or Sheriff George K. Quine, Roseburg.

### PHONE WAS CUT OFF FOR JUST ONE DAY

Telephone 21 is still working, although it was reported yesterday that it was out of commission, according to reports from central to parties desiring the number. And hereby hangs a tale.

The question of who could use phone 21 was a much discussed problem yesterday. This particular number is located in the cigar store at the corner of Cass and Pine. It is also a stand for jitney service. It was alleged by patrons of 21 that it is a public phone, for which service \$2.50 is charged by the company, and that the amount was duly paid heretofore and receipts received therefor. But a dispute arose as to jitney toll for 21, and so it was reported "disconnected," and yesterday the phone was removed by order of the local manager. This started something, and forthwith an attorney was secured, and a visit paid "central" where things were discussed impassionately for a few minutes. This afternoon workmen representing the company replaced the phone without any additional charge for the jitney. It is alleged, and 21 is working overtime now.

The county court, consisting of Judge Marsers and Commissioners W. E. St. John, of Sutherland, and Ben Nichols, of Riddle, is meeting in regular sessions today. The monthly bills are being audited and road matters of importance are to be disposed of during the session.

### WANTED

Mares and some good work horses, any age and any color, weight 1100 to 1500. Also want good cows coming fresh, and beef cattle. Will be at the Empire Stables, Roseburg, Saturday, February 9. Chas. Taylor.

## Your Watch

Do not allow it to run over two years without having it cleaned and overhauled. The tiny balance is making 18000 beats every hour. 157,000,000 beats a year. Such steady and continuous running will surely wear some of the delicate little parts unless they are cleaned and well oiled, or there may be a cracked jewel that is cutting the pivots which will in a short time ruin your watch.

So you had better drop in to your jeweler and have it examined; but do not under any circumstances allow it to run more than two years without cleaning.

Be good to it and it will never wear out. We are well prepared to handle your watch repairs, and they will be given our best and most careful attention.

### "NEWSBUTCHER" FOUND GUILTY IS FINED \$50

C. S. Zigler, the news agent who was arrested by Southern Pacific Detective Mahoney a short time ago charged with assault upon the person of Conductor Patrick, who was in charge of train No. 16, aboard which the fracas occurred, when arraigned before Judge I. B. Riddle in the justice court this morning, entered a plea of not guilty.

At the trial which followed Zigler acted as his own attorney. Several witnesses were called and the general trend of testimony seemed to favor the plaintiff, and upon profferance of the evidence thus obtained Judge Riddle found that the "news butcher" was the aggressor in the fistie encounter which cost him a badly blackened eye and \$50. This sum he will be allowed to pay on installments of \$10 per month, owing to the impecunious condition that he is in.

The case grew out of Mr. Zigler disobeying instructions given by Conductor Patrick in regard to his invasion of the tourist car in disposing of his wares after the berths were being made up, in direct violation of the company's rules. When Mr. Patrick discovered the news agent in the car contrary to previous instructions, he shoved the man out into the vestibule. Zigler resented this procedure and struck the conductor. A general mixup ensued and finally a well directed blow to the eye ended the melee as far as Mr. Zigler was concerned. Detective Mahoney chanced to be on the train and promptly placed the news agent under arrest.

### Live-wire Doings of City

**Returns From Portland.**  
Hon. A. C. Marsters, who has been at Portland for the past few days looking after business matters, returned home this morning.

**In City From Cleveland.**  
O. V. Murdock and Adolph Doerner, of Cleveland, were Roseburg visitors today looking after business interests and visiting with friends.

**Cases Dismissed.**  
Judge Hamilton today dismissed the cases of the Southern Pacific Company, a corporation, vs. Lewis A. Conway, Herbert Conway, Frank Conway and I. J. Conway and also the case of the S. P. Co. vs. E. Snell.
