### PICHIIT INSURANCE PAID BY COMPANY

Zip Pichitt, of Umpqua, who enlisted in the navy and later died at Mare Island, was insured in the Provident Life & Trust Co., for \$1000. According to J. W. Moon, local agent for the company, the young man had paid only the first premium, but not the extra war premium of \$3.50 at the time of his death. The matter was laid before the company, who waived all technicalities in the case and the policy was paid to Elizabeth Pichitt, a sister of the deceased sailor. Payment was made through the Portland office Monday, the young lady living at Newberg, Oregon.

### '95 MENTAL CULTURE CLUB.

At the Parish house Tuesday afternoon, the '95 Mental Culture club held a meeting of more than usual interest. The program of the afternoon was in charge of Miss Marie Martens, who presented her subject "Current Poetry" in a manner most entertaining, a real treat to her listeners. Next Tuesday evening, under the auspices of the club there will be an illustrated lecture in the high school auditorium by Prof. A. R. Sweetser of the U. of O. on the "Native Trees and Shrubs of Oregon," to which the public is invited. On account of this lecture there will be no afternoon meeting of the club.

### Mothers of Oregon Prepare for Trouble!

When a girl becomes a woman, when a woman becomes a mother, and when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances. Many thousands along the Pacific Coast would testify just as do the following:

MONROE, OREGON.—"I am certainly glad to recommend Dr. Pierce's Favorite Prescription. I think it is a God-send to womanhood. During expectancy I was, oh, so sick with that terrible morning sickness. I was so bad that I just could not eat one thing. I commenced taking the 'Favorite Prescription' and I was relieved at once—no more nausea, no headaches, no backache, and I got through so well."—Mrs. W. T. Pockaus, Care McCready Camp.

SOBELLA, OREGON.—"I have suffered everything during expectancy but the last time I took Dr. Pierce's Favorite Prescription and I never missed a meal and had comparatively no suffering. I would surely recommend the 'Prescription' to all prospecting mothers; and, also, for young girls coming into womanhood. A friend is taking it, and she is improving fast. One would not know she was the same woman."—Mrs. J. L. Smith.

### AMERICAN SOLDIERS ATTACKED WITH GAS

WITH THE AMERICAN ARMY IN FRANCE, Feb. 25.—Three American soldiers were killed and nine badly "gassed" in two formidable gas attacks made by the Germans on the American positions in the Toul sector early this morning with projectors. The enemy also heavily bombarded the American batteries with gas shells, but without results. Only the excellent preparatory training in quickness by the American troops prevented the projector attacks, the first experienced by them, from causing more casualties. The attacks were made within ten minutes of each other and were directed at a certain wood. Seventy-five eight-inch shells of 80 per cent gas and 20 high explosive shells were fired from German mineweefers. The flight of the projectiles was traced through the air, the gas shells bursting in the air and the high explosives detonating when they came in contact with the earth. Large fragments of shells flew from both missiles. The gas caught some of the men before they were able to adjust their masks and overcame others while they were asleep in dugouts.
