## POLITICAL POT IS SIMMERING

Nominating Petitions of Office-seekers Must Be Filed Before April 12.

## SEVEN WEEKS LEFT

Those Who Have Not Already Thrown Their Hat into the Ring Still Have Plenty of Time.

Candidates for the offices of United States senator, Representative in congress, governor and other state offices have seven weeks from next Friday, or April 12, to be exact, in which to qualify by filing nominating petitions with the secretary of state. Although the crop of candidates for most of the jobs appears unusually large, there are only five candidates for the governorship among the republicans as against eight in the preliminary tryout for that office four years ago, says the Oregonian.

The contest for the gubernatorial nomination, however, among the republicans, is none the less keen than in 1914. The same is true in the senatorial race, while the strife for the state treasurer's office is developing into one of the really interesting every-four-year struggles for that \$4500-a-year plum which carries with it a membership on the state board.

Candidates who have already announced for the different offices and those who probably will, follow:

United States senator—S. B. Huston, C. L. McNary and R. N. Stanford, republicans; Will R. King and probably Samuel White, democrats.

Representatives in congress—First district, W. C. Hawley, republican; second district, N. J. Sinnott, republican; third district, C. N. McArthur, republican, and probably A. W. Lafferty and C. P. Howard.

Governor—J. F. Anderson, Gus C. Moser, Ben W. Olcott, L. J. Simpson and Governor Withycombe, republicans; Harvey G. Starkweather and probably Walter M. Pierce, democrats.

State treasurer—William Adams, E. D. Cusick, O. P. Hoff, O. M. Plummer, Thomas F. Ryan and B. F. West, republicans.

Associate justice of supreme court—P. R. Kelly, republican.

Attorney-general—Geo. M. Brown, republican.

Superintendent public instruction—J. A. Churchill, republican.

Labor commissioner—C. H. Gram and William A. Dalziel, republicans.

Public service commissioner—F. J. Miller, republican.

Superintendents water division—No. 1, James T. Chinoak; No. 2, Geo. T. Cochran, republicans.

National committeemen—R. E. Williams and probably Daniel Boyd, republicans; W. H. Hornbrook and Dr. J. W. Morrow, democrats.

If the name of your particular choice for any or all of the above offices does not appear in the list, do not despair. He has seven weeks yet to make up his mind to run and perfect his nominating petition.

Expressing full satisfaction with the reception accorded his announcement for the republican nomination for the governorship last week, L. J. Simpson left yesterday for Coos Bay, where he will organize the campaign in that district for the third liberty loan and arrange his private affairs so that he can give his time entirely to directing his campaign for the gubernatorial nomination.

In a recent letter discussing the political situation with particular reference to the governorship, E. Versteeg, an old-time friend of Gov-

ernor Withycombe, writing the state's chief executive, said: "The West-Olcott-Chamberlain-Journal crew—this strange company of political merchants—will soon begin their great talkfest, their charges and their counter-charges. Ignorantly or indifferently the people of Oregon have followed the false teachings of this crew until we have become engulfed in a system of freak laws, which have menaced the prosperity of the state."

## Big Eaters Get Kidney Trouble

Take Salts at first sign of Bladder irritation or Backache

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four

ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

Mrs. W. A. Boyd and daughter returned to their home in Oakland, this afternoon after spending the day shopping here.

Miss Ferroit Davis, of Edenhower, left this afternoon to spend a week or ten days with friends and relatives at Iadora.
