THE SPRING DRIVE

Our boys are going 'Over the top' and into 'No man's land' this spring. No one has any doubt of their ability to get there. There will also be a spring drive on this side of the ocean, because March is the year's "blue Monday." It is the most fatal month of the year. March and April is a time when resistance usually is at lowest ebb. It is a trying season for the "run-down" man. But medical science steps in, and says, "it need not be!" We should cultivate a love of health, a sense of responsibility for the care of our bodies. Do not allow the machinery of the body to clog. Put the stomach and liver in proper condition. Take Dr. Pierce's Golden Medical Discovery, to be had at most drug stores in tablet or liquid form, tablets sixty-cents a vial, composed of native herbs. This puts the stomach and liver in proper condition. You may be plodding along, no spring, no elasticity, no vim, but as soon as you have put the body into its normal physical condition—oiled the machinery, as it were—you will find new vim, vigor and vitality within you. A little "pep," and we laugh and live. Try it now. Send Dr. Pierce, Buffalo, N. Y., 10c. for trial package. A little energy will save the day. The prime necessity of life health. With spirit and energy you have the power to force yourself in action. The Golden Medical Discovery is the spring tonic which you

ROSEBURG DELIVERY CHANGES SCHEDULE MARCH 15. The government has instructed that all deliveries be cut down. To comply with this request the deliveries in Roseburg will be cut down from four deliveries per day to two deliveries per day as follows: Dividing the city in two, with division being Cass street. Deliveries SOUTH of Cass street will leave the stores at 7:45 a. m. and again at 1 p. m. Deliveries NORTH of Cass street will leave the stores at 9:45 a. m. and again at 2:45 p. m. In the part of town where there has been a custom of delivering once per day or once or twice per week, they will get the same delivery service as before. This schedule will take effect on March 15. The committee earnestly requests that the housewives calculate their wants at least one day in advance so that this change will not inconvenience anyone. It is our belief that the government will allow us to continue on this basis and not force us to adopt the ONE DELIVERY PER DAY system as has been done in the cities. **m14**
