**21 per cent. More Space than in Other Cabinets**

The Hoosier's over-size base has 21 per cent more space for pots and pans than the average kitchen cabinet. And this is only one of Hoosier's many excellences. It has 17 exclusive features that can't be found in all others combined. There are places for 400 articles within arm's reach—all scientifically arranged. Hoosier's Two-Way Sugar Bin holds twice as much as the ordinary. The Shaker Flour Sifter shakes out flour light and fluffy and does not grind grit through a sieve. In 40 ways this cabinet saves you work—that's why more than a million women have selected the Hoosier over all.

**HOOSIER KITCHEN CABINET**

We are now offering some popular models at before-war prices. But our allotment is limited due to the enormous wartime demand. The Hoosier puts any kitchen on a war-saving basis, and it seems that every woman who ever thought of getting a cabinet, now wants the Hoosier. Come at once—select the model you admire most—we will deliver it for \$1. Pay the balance \$1 a week. Your money all back if you are not delighted.

**EFFORTS ARE APPRECIATED.**

The high school has been given a rare treat this week. Through the kindness of the editor of The Evening News, the Associated Press dispatches concerning the war news have been furnished the high school three and four times daily. The eagerness with which these reports have been received by the student body show their appreciation of this kindness of Mr. Bates. It is certainly a rare treat for a high school to be able to have the news service that our local high school has had this week, and the faculty and students appreciate the thoughtfulness of Mr. Bates in furnishing these press reports.  
H. S. STUDENT BODY.

**Another to Join Navy.**

Clifford Bemis and Clifton Cameron, who will leave here next Monday for Portland where they will enlist in the navy have added one more to their company. Arthur Davis, also a high school student in this city, will accompany them and take the examinations with the other two boys.

**Kodiak Day Observed.**

This afternoon was observed as Kodiak afternoon for the different classes of the high school, their object being to secure snaps for their annual "Umpqua," which will be published at the end of this term. Short periods were given the entire school and all started out at three o'clock for a jolly time.

**To Make Home in Lebanon.**

C. I. Leavengood and family passed through this city this afternoon enroute to their home at Lebanon. Mr. and Mrs. Leavengood were residents of this city some years ago, then left for Myrtle Creek where they have resided until about two weeks ago. They visited with many friends here for a few minutes during their stay here this afternoon.

**For Third Rainbow Regiment.**

Seven additions to the Third Rainbow regiment were named in communications received by the county superintendent, they being Rose Brisbin, Looking Glass; Edward Thiele, Bernard Grubbe, Laurence Stevenson, Ruby Guff and Vivian Thompson, all of the Oakland public schools. Eulalia Westfall, of the Yoncalla public school, was the seventh member added today.

**Wants Ship Knees.**

O. V. Gamble, of the Gamble-Rieg Ship Knee Co., of Portland, is in the city for the purpose of buying ship knees and placing contracts for such material. There is great demand for this product, and the material available here will be used in construction of government ships to be built at the Portland ship yards and on the Columbia river. Mr. Gamble is stopping at the Umpqua.

**Want Chairs for Camp Grounds.**

The auto camp grounds committee urges all who have old benches and chairs that they cannot use to donate them to be placed on the grounds for the comfort of tourists this summer as they could be used to a splendid advantage. Second hand chairs and benches if sold cheap will also be bought and information can be received by calling the committee in charge—phone 253.
