You're Planning to Conserve Daylight by Setting Your Clock Ahead Why Not Conserve Labor By Using a "Big Three" or "Vacuum" Washing Machine

Over a hundred satisfied customers testify to the merit of them, while several have gone a little better and bought the ELECTRIC. By it you have not only the washing done by electric power, but the wringing also. Just think a washing done with only the labor of feeding clothes to the wringer, and hanging them on the line, and all within an hour or two. The balance of forenoon for rest or other work. Come in and let us show you.
