City Buys Liberty Bonds.

Mrs. C. C. Alley, city treasurer, states that the \$2500 recently voted by the city council to be invested in liberty bonds of the third issue has been used for that purpose, and the bonds will probably be received here and turned over to the city about May 1.

Notified to Build Walks.

Marshal Shambrook is today mailing out notices to several property owners on Cobb street that their walks must be repaired or rebuilt, as the case demands, or the city will proceed with the improvement and charge costs up as liens on realty holdings involved.

Live-wire Doings of City

Baby is Born Today.

Mr. and Mrs. Edward Thornton are receiving congratulations today over the arrival of a son, the little stranger making his appearance at nine o'clock this morning.

Meeting at Edenpower.

J. P. Yarboro has secured use of the Davis store building at Edenpower, where he will hold religious services Sunday nights at 8 o'clock. Attorney C. F. Hopkins will preach there next Sunday evening. The electric lights have been turned on and the room will be comfortable and pleasant. All are invited to attend.

Home From Portland.

Nato Fullerton, the local druggist, returned this morning from Portland where he spent the past week quaring which time he attended a meeting of the Pacific Northwest Retail Druggists' Association. He reports a very profitable and enjoyable gathering and states there were a large number present from all over the northwest.

Leaves Tonight.

Professor Gordon A. Forsy will leave this city this evening for Portland where he has been employed by the ship yards of that vicinity. Mr. Forsy will hold his music studio throughout the duration of the war, and will be rendering great service to Uncle Sam. He will leave his music studio in charge of Mrs. Forsy, who will remain in this city indefinitely.

Files Petition in Bankruptcy.

A petition in bankruptcy was filed yesterday by B. F. Bates, a local workman, through his attorney, John Lane, in the United States district court. The petition sets out that liabilities of the applicant aggregate \$1680 and his assets amount to \$300, all of which are exempt from execution. Part of the liabilities were incurred in Iowa before petitioner came west.

Oakland Couple Wed.

At high noon today Miss Estella Baird and G. E. Cole, both of Oakland, were united in marriage. Rev. O. C. Coppage, of the M. E. church, South, officiating. The wedding occurred at the Lehman house on Stephens street, and was witnessed by the parents of the bride and a few close friends and relatives of the young couple. Mr. and Mrs. Cole will make their home at Oakland.

Is Splendid Film.

A large crowd attended the splendid film "Man the Woman," which was played at the Antlers theatre last evening, and all pronounce it one of the best pictures ever shown here. The setting of the various scenes are especially wonderful and because of the interesting story which is now doubly inspiring because of the world war, the closest attention of every one was held throughout the several reels of film.

Fisher's Store to Move.

W. H. Fisher has announced that he will move his stock of goods from his present location to the store building now occupied by Wilder & Agoe as soon as the latter firm moves to their new quarters which are now being put in readiness. The remodeling of the store to be occupied by Mr. Fisher will begin at an early date and he expects to move early the coming month.

Honor Guard Convention.

Honor Guard girls from all parts of the state will attend the convention of the Girls' National Honor Guard of Oregon which will be held in Portland on May 4 and sessions will convene in the headquarters in the Electric building, starting in the morning. A luncheon is scheduled for the delegates at the Multnomah hotel and many other features have been arranged for the pleasure of all in attendance. A call for the convention reached this city today and local officials of the Honor Guard will probably appoint a delegate to represent Roseburg at this important meeting.

Looking for Aviation Site.

President McClintock, of the local Commercial club, is in receipt of a communication from the Portland chamber of commerce in reference to an investigation being made by the signal corps for a site for an aeronautical school in the northwest. The letter states Hermiston and Medford have both been recommended through the efforts of Senators Chamberlain and McNary, but the exact date upon which an investigation of these locations will be made has not been decided by the department. President McClintock has written Senator McNary regarding the matter and for information whether or not it will justify this city going to the necessary expense of making a proper showing to the department that this is a most favorable location for such a school. Of course, Roseburg would like to "dip in" on this matter, but unless there is a possibility of something coming from efforts made in this direction the expense incurred would be too great.

"TO HELL WITH YOU."

(By Associated Press.)
PORTLAND, April 17.—William Isensee, a German born blacksmith in this city was today fined \$500 and sentenced to 30 days in jail for threatening members of the liberty loan committee. When called upon by the committee for a loan Isensee said, "to hell with you and your government bonds."

WANTED

Twenty-five extra salespeople. Apply at once. Fisher's Department store.

SLACKER MAY KNOW ABOUT AUTOMOBILE

An alleged slacker was picked up at the railroad yards during the night by Officer Wilcox, and this morning Marshal Shambrook turned the fellow over to the sheriff. The young man had his registration card, and appears to have filled out a questionnaire, but has no serial card, and appears to have filled out in Portland. The young man is held here awaiting instruction as to what shall be done with him. That he may have been one of the two or three men who brought the Hudson six as far as Pass creek canyon, where they left the car stuck in the mud, is the opinion of some. So far as was known this afternoon the Hudson car has not been identified as belonging to the Portland parties who lost a machine by theft. The man held here is alleged to partially answer the description of one of the men seen with the auto at the time it was abandoned.

Supper—Boiled ham supreme sauce, potatoes au gratin, cold slaw, French dressing, stewed pears, bread, coffee.

SPEAKS TO HIGH SCHOOL.

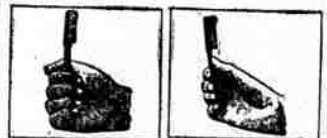

Alfred Powers, of the University of Oregon, was in this city for several hours today and at the assembly hour at one o'clock gave a splendid talk to the high school students of this city. Mr. Powers emphasized the fact of the importance of their educational training at this time, and urged all to finish their course here, and then if possible prepare to go to college, somewhere in our own state. Mr. Powers spoke particularly to the boys who graduate this year and who had possibly thought of entering active service soon, but who were not compelled to do so, saying that they should remain in the educational field until they are called to definite service. Mr. Powers' speech was highly appreciated by the students as well as being very instructive. Following the lecture by Mr. Powers, Miss Ethel Watson gave a splendid piano solo, which was enjoyed by the students and faculty at large.

CARD OF THANKS.

We desire to thank all friends and neighbors who rendered assistance and consolation in the recent illness of our beloved wife and mother.

Position for holding the brush

Left side of jaw Right side of jaw Arrows show direction for brushing

One of a Series of Informative Articles on Dental Hygiene—No. 4

How to Brush Teeth

MOST Tooth-brushing is done very thoughtlessly. It does not remove food deposits from all the surfaces of the teeth and the mouth. From three to five minutes are required to accomplish anything like a thorough cleaning of the teeth. At least this much should be spent after meals and at night before retiring. Most decay of the teeth takes place during the night or resting hours.

The tooth-brush must not be too coarse and stiff, and it should not be drawn straight across the teeth. The proper method is to brush from the gum towards the cutting edge of the teeth with a slight circular motion. Avoid the use of coarse or gritty tooth-powders, and all tooth-pastes containing soap, and all mouth washes purporting to cure or prevent dental trouble. After each brushing, the mouth should be rinsed out with lukewarm water. The tooth-brush should be cleaned and kept dry when not in use.

Stenographers and Typewriters Wanted

MEN  WOMEN

"The United States Government is in urgent need of thousands of typewriter operators and stenographers and typewriters. All who pass examinations for the departments and offices at Washington, D. C., are assured of certification for appointments at salaries ranging from \$1000 to \$1200 a year. Advancement of capable employees to higher salaries is reasonably rapid. "It is the manifest duty of citizens with this special knowledge to use it at this time where it will be of most value to the Government. Women, who are not prepared to take up arms in defense of the country may find in the office work an opportunity to help the government in a practical way. "Persons who have not the required training are urged to undergo instruction at once, for the prospect is that the demand will continue indefinitely."—John A. McHenry, president U. S. civil service commission, Washington, D. C.
