MR. MAN!

You'll pay the doctor bills, you'll go without meals, when your wife is sick. You won't stop to think that perhaps it's YOUR fault. If your wife has to work like a pack-horse to clean your home and your clothes, you can blame YOURSELF when she breaks down. If you aren't willing to make things easier for HER sake, just remember that sooner or later it will hit YOU in the POCKET BOOK. She needs a Western Electric Washer and she wants it. It's up to you.

UHLIG SAYS:
If you save on the wrong thing, you'll put money in one pocket and take twice as much out of the other.

THE NAVY GREAT LIFE SAYS DR. C. B. WADE

(By Chas. B. Wade, Asst. Surgeon, U. S. Navy.)

You want to know why I recommend the navy as the branch of the service in which to serve our country during this war for the good of humanity. Let me tell you as simply as I can.

First of all I would not say anything which may discourage enlistment in the various departments of the army. The navy needs the army and the army needs the navy. But the nation needs both. The army has its eloquent advocates who can tell the attractions of its service. However, let me simply state what the navy offers without indulging in comparison.

To begin on the lowest plane of personal comfort you will find that the navy will take excellent care of you. You always have a dry bed waiting for you as long as the ship floats. If she goes down you will have plenty of company and will not need the bed. However, you soon forget this possibility and meet things as they come. Your kitchen (galley) is always with you and a first class cook on the job so that you can always get warm food and will not have to carry your food on your back.

The navy has room for almost any trade. It needs seamen, firemen, machinists, wireless operators, pharmacists, electricians, hospital corpsmen, tailors, barbers, cobblers, musicians, cooks, stenographers, clerks and almost any trade that is found in civil life. In fact the navy can make use of any talent you may possess. It offers big opportunities for these men as examinations are held at frequent intervals for all the different branches, thus allowing rapid promotion.

Since the personnel of the navy is being greatly increased officers must be selected by examinations. To prepare for these school is held in these various subjects.

The navy also offers opportunities of travel which is one of the great schools of life. Regarding pay, I can not say much about that as it varies and the recruiting officer will be glad to give you information on this subject. But you know that Uncle Sam always pays well. Recent regulations provide an easy way by which you can contribute both to the support of yourself and your family at home. You will also be entitled to very cheap life insurance which has helped more than one family in the last few months. Your expenses are few and you will find life in the navy healthy and wholesome. Exercise will by its discipline broaden your habits of faithfulness, courtesy, neatness, cleanliness, obedience and courage. If you are ill there is a hospital and good doctors to take care of you.

You will meet many representative American young men in the navy and you will make friends with them, the kind of friends that you will cherish throughout the rest of your life.

Finally you will enjoy the spirit of the navy and its many traditions for bravery, originality and high standard of good behavior. It is no small honor to be a member of the service which boasts of such men as Paul Jones, Lawrence, Perr, Farragot, Foote, Sampson, and many others of equal qualities. In such company any American may well be proud to serve and if need be glad to die in defense of justice, liberty and brotherhood, to deliver and protect the oppressed and help make the world safe for democracy and establish peace. So that armies and navies may be reduced to a minimum and that the people of the earth may live together in peace and confidence. So come along, sailor, for it's a great life.

SMITH RIVER.

Will Traylor was over on Smith river last week.
Mr. Harris was in Drain the first of the week on business.
Miss Lily Ruthven, of Eugene, was a stage passenger Friday. She is visiting at the home of her sister, Mrs. Edson.

J. O. Gunter was in Roseburg a few days last week attending to some business matters, returning on Friday's stage.

George Bowers, who has recently moved to Smith river, made two trips to town last week after his household goods, which were shipped down from Portland.

Fred Clarke came to the upper settlement Sunday with his team to work this week on the road, with the grader.

Paul Gunter, who has been quite ill at the base hospital at Vancouver with the measles and pneumonia, is reported as much improved at present.

Sunday school has been organized at the upper settlement with Miss Gladys Taylor as superintendent and Bible class teacher.

Quite a number of fishermen were over on Smith river the past week. Among them being two of Steve Krowson's sons. We did not learn the names of any of the others.

Arthur Woolley was in the lower settlement the first of the week on business, and incidentally calling on friends and relatives while there.

There is to be a school picnic at the Gunter school house next Saturday with a program beginning at 10 a. m., a basket dinner at noon, and games in the afternoon. Everyone is invited. There has been a series

of picnics and parties recently on Smith river, all of which proved very enjoyable affairs. X

LIEUTENANTS WANTED.

Hon. P. C. Harley, Mayor of Astoria, is seeking the Republican nomination for Governor of the State. No machine, no clique and no bank-roll are back of him, but he stands on a platform containing specific planks favoring patriotism, labor, development of Oregon resources, light wines and beer, distinctly excluding whiskey and saloons.

He is striving for a greater Oregon, an Oregon for all, not a few, and his slogan is "Do you want a live state? Vote for Harley for Governor." If you are in favor of liberty at home, as well as abroad, and believe in a square deal for all, become a Harley Lieutenant by writing to the Harley for Governor League, Portland Hotel, Portland, Ore. Lieutenants are needed in every precinct. (pd. ad.)

If Backachy or Kidneys Bother

Eat less meat, also take glass of Salts before eating breakfast

Uric acid in most excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity; also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
