## ECONOMICS SOCIETY DEER CREEK MEETS

The South Deer Creek Home Economics Society held its regular meeting yesterday afternoon with a large majority of the ladies of the valley present, the meeting being held in the Grange hall. After the singing of America by the audience, Mrs. W. T. Bagley read a paper entitled "Objects of Home Economics Society"; Mr. Albert Karcher, then addressed the audience on "Bible Culture," having hymns, songs and all the other paraphernalia present so that he could make a practical demonstration of this valuable part of food conservation; Mrs. Ray B. Banning then read a paper on the subject "How We Can Conserve by Ridding the House and Barn of Rats and Mice"; while Mrs. Albert Karcher discussed the subject, "Using Soda in Sour Milk Instead of Baking Powder"; Mrs. J. M. Moore then read a paper entitled "Beet Syrup," and Mrs. John Turner contributed a recipe for prune cake. A humorous reading was then offered by Mrs. C. H. Bailey, after which Mrs. B. R. Banning read a paper entitled "Good Yeast and Good Bread," the last number on the program being a discussion by all present on "Ways for Women to Save Through Thrift Stamps."

## TWELVE BOTTLES OF JOY WATER NABBED

Late this afternoon the offices of Dr. C. L. Pearson, in the Kohlhaagen building were searched by Sheriff Geo. Quine and Marshal Dave Shambrook under a warrant issued out of Judge Riddle's court since 1 o'clock. While no "contraband" was discovered in the dentist's office, a suit case containing 12 bottles of choice, high priced vintage of Old Hermitage whiskey was discovered just at the head of the stairs. No arrests have been made, and Dr. Pearson disclaims ownership of the suit case. As the one o'clock train pulled in this afternoon, Dr. Pearson was seen to alight carrying a suit case. An officer at the depot suggested to Marshal Shambrook that the case was suspicious, and the warrant secured for a search. The Umpqua hotel bus driver alleged that Pearson did not ride up on the car. Other witnesses allege he did. Dr. Pearson alleged to the officers that he had no suit case but carried a grip belonging to a drummer. The drummer disclaims any knowledge of the suit case, alleging that it must have been Pearson's. Owing to the absence of District Attorney Neuner from the city nothing will be done until he returns. Meanwhile Sheriff Quine has a perfectly good suit case and an expensive cargo of "forty rod" for which somebody has risked a term in jail and a heavy fine to bring into town.

THOUGHTS FOR TODAY.

When you think of War, you surely think of War Saving Stamps, and of the duty you owe your country. Buy them now. But when you think of cleaning, think of how its going to be done. Our cleaning methods are harmless yet resultful. In cleaning clothes we use materials that clean without injury to the fabric. This "care taking" process is more costly to us than the ordinary methods employed to clean clothes, but we find it pays to serve our patrons in the most efficient manner.

## DRAFTED MEN LEAVING CITY TUESDAY, APRIL 30

At nine o'clock this morning 23 of the 24 men called in the draft to report today, presented themselves at the sheriff's office and were properly registered by Chief Clerk Rafferty of the local draft board. Owing to the fact that Carl Busch, having been assigned to a place in the 86th engineers by the war department, it became necessary to call an alternate to take his place. Two men were selected according to aerial and have been summoned to appear before the board at once. The two men named are Oscar Anderson, of Gardiner, and Perry Lamb, of Kellogg. One of these men will take the place vacated by transfer of Carl Busch. Arnold Henderson, of Drain, being on the sick list, the board was debating the question of his probable disposition this afternoon. It was pointed out that in the former movement of troops some men went forward who were in a bad physical condition, and the same course might be taken in this case. Mr. Henderson, while up and around, reporting here today, is said to be suffering from after effects of some recent illness.

## Stenographers and Typewriters Wanted

MEN  WOMEN

The United States Government is in urgent need of thousands of typewriter operators and stenographers and typewriters. All who pass examinations for the departments and offices at Washington, D. C., are assured of certification for appointments at salaries ranging from \$1000 to \$1200 a year. Advancement of capable employees to higher salaries is reasonably rapid.

It is the manifest duty of citizens with this special knowledge to use it at this time where it will be of most value to the government. Women, who are not prepared to take up arms in defense of the country may find in the office work an opportunity to help the government in a practical way.

Persons who have not the required training are urged to undergo instruction at once, for the prospect is that the demand will continue indefinitely.—John A. McElhenry, president U. S. civil service commission, Washington, D. C.
