Our new spring lines are now complete in Rugs, Draperies and Furniture.

## A. J. Lilburn & Son

COMPLETE HOUSE FURNISHERS

### THOUGHTS FOR TODAY.

When you think of War, you surely think of War Saving Stamps, and of the duty you owe your country. Buy them now. But when you think of cleaning, think of how its going to be done. Our cleaning methods are harmless yet resultful. In cleaning clothes we use materials that clean without injury to the fabric. This "care taking" process is more costly to us than the ordinary methods employed to clean clothes, but we find it pays to serve our patrons in the most efficient manner.  
**IMPERIAL CLEANERS.**

## PROPOSED GRADE BRINGS PROTEST

Petition For the Improvement In Dispute Also Presented to Court.

### DOUGLAS STREET HILL

Farmers From Deer Creek Section Wait on County Court This Afternoon—Misunderstanding as to Source of Funds.

Opposition to improvement of the road extending from the end of the pavement on the Douglas street hill to the Deer creek bridge brought a delegation before the county court in support of a protest against the work, as well as the presence of a number of citizens who favored expenditure of funds for the proposed alterations. When apportionment of public money was made for highway work, aside from that raised by regular taxation, the sum of \$10,000 was designated by the court for improving the highway to Dixonville. Owing to the bad condition of the east approach to the Douglas street hill and the road to the cemetery, this also being a rural mail route, the court decided, with advice of three gentlemen representing the business and farming interests, to apply \$2500 to that part of the road between the top of the hill and the creek. The impression having gained ground that the money proposed to be spent was regular funds raised by direct taxation on farm property in that road district, a petition was circulated protesting against the expenditure. Ninety-four names were affixed to this protest.

On the other hand, a petition signed by fifty-one persons residing along the particular stretch of road directly concerned asked for the work to be done. About fifty taxpayers, among whom were several ladies, waited upon the court today in support of either the protest or the petition, and after Rafe Dixon had presented the protest, with a brief statement as to its purpose, a heated debate took place over the merits or demerits of the situation. B. L. Eddy, representing the parties desiring the improvement to be made, gave a detailed explanation of the whole affair, and during the discussion following it developed that a wrong impression prevailed as to the source of the funds proposed to be used. Mr. Dixon himself admitted that he was under the impression that it was regular district road money that was involved.

The farmers present all agreed that the road work was necessary, but the time for doing the work and place of putting in the improvement was the stumbling block. After nearly an hour spent in getting their various views before the court, it was decided to leave the whole matter to the discretion of that body, and the delegation retired with a kindly feeling toward the world in general, and this status was largely because of the light thrown upon the transaction by the court in stating that only bond money was to be used for the work proposed. In addition to the \$2500 for that purpose specified, another \$7500 will also be used in building a permanent highway along Deer creek to Dixonville. The proposed new grade on the east side of the Douglas street hill will be 11 per cent. Engineer Gormond stated that the grade on Jackson street at the old McCallen hotel property is 10 per cent. And it was claimed that loads could be more easily handled on an 11 per cent hard gravel road than on the Jackson street hill, which is smooth pavement. While it is not known just what attitude the court will assume in the matter, it is presumed some work at least will be done on the part of road discussed at the meeting in the court room today.
