SPRIT OF '76 IN THE HEARTS TRUE AMERICANS

By Capt. B. C. Markee.

(Written in 1904.)
Horace Greeley on his death bed exclaimed: Fame is a vapor; popularity an accident; riches take wings. Those who cheer today will curse tomorrow. Only one thing endures and that is character. Life's one task is the making of manhood. The noblest product of a great land are noble lives. Every enduring character like everything else that endures, is built on truth. Time, sooner or later, shows up all things that are false in their true colors. Even a great building must have a solid foundation, so every part of man's knowledge and activity must be built on truth. A scientific theory may endure for centuries, but unless built on truth for its basis, one day

3RD OREGON MAY BE UNITED IN FRANCE

After being scattered over western Europe for nearly six months the old 3rd Oregon regiment, now a part of the American expeditionary force in France, is probably now reunited, according to a letter received today in Portland, from Major William S. Gilbert, chaplain of the regiment. By this time the regiment may be on the fighting front, as the major said that the troops were moving at the time of writing his letter, which was in April. His letter follows:
"Thinking somebody might be wondering what disposition is being made of the money sent to Colonel May and myself, I thought I would drop a line just to say that neither of us has used any of it yet. We have it in the bank subject to check, and will use it only when emergency arises. Colonel May and I will act together in the matter."
"Things are beginning to hum now and look like business. We are moving. The regiment will soon be together again after being scattered since December 12. Can't read the future, thank God. All we ask is that this hellish war will end right; and it will."
"Can't tell you more. We are all right."

FRANK BARAGAR

Republican Candidate Sheriff Douglas County.

I am 46 years old; have lived in Oregon 35 years; 17 years in Douglas county, 5 years on Elk creek; 12 years 2 1/2 miles north of Roseburg; have been engaged in stock raising and farming ever since I came to Douglas county. I went through the country schools and have taken a course in bookkeeping at the Capitol Business College at Salem. Belonged to Company I, O. N. G. at Salem for three years. Born and raised a Republican. The platform and principles if carried out are to serve all the people best. But it was never intended for one man to hog all the spoils. The father of our country refused to be made a king or accept over two terms in office. Has our present sheriff rendered a greater service to his country than George

it will fall. A law made to govern people must have truth and justice for its basis or one day men will rise in arms against it. The great men of the earth are the men who have seen truth and justice clearly, and apply it to human life. Earth holds many wonderful scenes called temples, battlefields, cathedrals, natural wonders, but earth holds nothing comparable in majesty and beauty to a man of great intellect clothed with the virtues of truth and justice. It has been the man who has loved truth and freedom and hated tyranny, who has been the founder of nations, and blessed is the nation which has been founded in that spirit. It is true that we have a wider outlook and larger sympathies than our fathers, but I believe that the fire of patriotism burns as brightly in the hearts of our citizens as it has ever burnt in the hearts of citizens of any land.

Washington did to his country? I think not. Now if nominated and elected, you will find me on the job personally every minute. I don't claim to be any Sherlock Holmes detective, but I will give the bootlegger and professional criminal my personal attention while he stops in Douglas county. Don't claim to be an expert sampler of whiskey, but if elected the court might find some one to do that. If elected my ambition will be to make good to the public, society, and the party I represent. I have assisted my wife in raising four girls and one boy which have all been educated in the Roseburg schools.

Yours respectfully,
The Would-Be Sheriff,
FRANK BARAGAR.

THE SPRING DRIVE

Our boys are going "Over the top" and into "No man's land" this spring. No one has any doubt of their ability to get there. There will also be a spring drive on this side of the ocean, because March is the year's "blue Monday." It is the most fatal month of the year. March and April is a time when resistance usually is at its lowest ebb. It is a trying season for the "run-down" man. But medical science steps in, and says, "it need not be!" We should cultivate a love of health, a sense of responsibility for the care of our bodies. Do not allow the machinery of the body to clog. Put the stomach and liver in proper condition. Take Dr. Pierce's Golden Medical Discovery, to be had at most drug stores in tablet or liquid form, tablets sixty-cents a vial, composed of native herbs. This puts the stomach and liver in proper condition. You may be plodding along, no spring, no elasticity, no vim, but as soon as you have put the body into its normal rhythmic condition—oiled the machinery, as it were—you will find new vim, vigor and vitality within you. A little "pep," and we laugh and live. Try it now. Send Dr. Pierce, Buffalo, N. Y., 10c. for trial package. A little energy will save the day. The prime necessity of life is health. With spirit and energy you have the power to force yourself into action. The Golden Medical Discovery is the spring tonic which you need.

Big Eaters Get Kidney Trouble

Take Salts at first sign of Bladder irritation or Backache

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

A Great Dairy Invention

It's a wonder—a separator which will skim clean at low speeds that would cause heavy loss of cream with any other separator. Besides it gives cream that does not change when you change the speed of the crank.

THE NEW SHARPLES SUCTION-FEED

Separator gets a new profit for dairymen, a big one, which no other existing separator gets. Another fine feature, you can turn faster and finish the job quicker. It's the only separator that can be hurried. Think how much work the Sharples will save the women folks. No fussy discs to wash, or to get mixed up. The bowl has just one simple piece in it. The supply can be large and very low. Your boy can easily empty heavy pails of milk into it. Test this wonderful machine right in your own dairy. Every member of the family will want to see and try it. They'll all be delighted. Phone us today for free trial or call when in town.
