SENATOR McNARY'S RECORD.

No one expects the Astoria mayor, Harley, to cut any figure in the gubernatorial campaign, but his series of articles entitled "Building the Public" now appearing in the Portland Oregonian are, nevertheless, clothed with a good many plain, sound wholesome truths, and his effusions, whether they do any good otherwise, will probably have a tendency to awaken our people to the fact that Oregon, unless represented by a man capable of doing things at Washington is likely to be lost in the shuffle during these strenuous days of warfare. Here is the way Mr. Harley sizes up Mr. McNary's record as it applies directly to Douglas county and Roseburg:

"I notice that the Portland Telegram forgot to say anything about our delegation's activities in connection with our Indian affairs. The Telegram's candidate is a MEMBER OF THE INDIAN AFFAIRS COMMITTEE and, although the department of the interior recommended an appropriation of \$800,000 for the Klamath Indians, of Oregon, he (McNary) was only able to get \$400,000, despite the fact that he was a member of the committee and despite the fact that the department ACTUALLY RECOMMENDED \$800,000 as necessary if our Indians were to be made independent of further financial assistance.

"Do you, Mr. Reader, believe that a level-headed business man would have been content WITH HALF A LOAF when a WHOLE loaf could be had for the asking?"

"Are you aware of the fact that within the past six months the Roseburg Indian affairs office, MAINTAINED FOR NEARLY 20 YEARS, has been abolished? Remember that this Indian affairs office always carried a large sum of money on deposit in our Oregon banks, which has now been removed to banks OUTSIDE OF OREGON, and that we have lost the families who were employed in and about Roseburg.

"Has the Telegram mentioned any of these facts in their political news columns?"

"Now, if, THROUGH A MEMBER OF THIS COMMITTEE, he (McNary) couldn't hold on to WHAT HE HAD IN THE PAST, WHAT MAY WE EXPECT FROM HIM IN THE FUTURE?"

Sunday's Portland Oregonian: The Oregonian is able to say on information and knowledge that R. N. Stanfield is neither a profiteer nor a hoarder. It says it now, because it ought in fairness to be said now. It would not have him, or any man, penalized through politics, or partisanship, or newspaper unfairness, for having performed to the state of Oregon and to the northwest an invaluable service in creating here a great wool depot, and in helping lay the foundations for an important industry in the manufacture of wool products of all kinds. What encouragement can Portland offer to others to invest their capital here, contributing a share to the development of a desirable enterprise, if they are to be assailed and libeled merely because they happen to be candidates for office?

It's either Oswald West as the democratic boss or Robert N. Stanfield as a republican United States senator for good old Oregon to be decided next Friday at the primary election. If McNary is nominated every republican in the state takes on the democratic yoke. If Robert N. Stanfield is the successful candidate you can depend on a 100 per cent republican being on the job all the time. Mr. Stanfield will put the state "on the map," so to speak.

We have heard of a woman whose former, as well as whose contemporary husband is in khaki. She is bothered as to whether she should wear a two-star pin or a one-star pin. Will some kind reader please advise.

If the Irish slacker in Ireland expects the Irish fighter in America to sympathize with him, then the Irish slacker in Ireland doesn't understand the Irish fighter in America at all—not at all.

Oswald West wants to control Oregon politics again—and he wants the republicans to help him complete the job—and, some of them seem foolish enough to listen to his bickerings.

It is now said that the Germans are going to abandon mass attacks. One principal reason is that the mass has shrunk enormously.

Oregon is a republican state and it should be represented in the halls of congress. No go-between will ever get anything for Oregon.

They are now commandeering houses in Philadelphia to help keep the kaiser from commandeering Independence Hall.

Now that German submarine bases are being attacked, it looks like the beginning of the end of undersea piracy.

Next Friday is the day—and there will be several hangings—from a political standpoint.

It looks like a fifty-fifty race between Withycombe and Simpson.

PRO-GERMAN LITERATURE ARRIVES IN ROSEBURG

Roseburg was flooded Saturday with a big bunch of Russellite literature, presumably mailed at Portland, and under the head of "Kingdom News" the two pages of matter received by many local residents, after being carefully scanned, proved to be very closely associated with the former Pro-German stuff scattered broadcast by the International Bible Students' Association.

The May issue of the publication is devoted to an attack on "autocracy" and among other things makes the positive statement that the "kaiser cannot succeed and that Satan and his autocratic agencies shall be forever destroyed."

On the front page of the sheet is a cartoon picturing Satan in the background and the kaiser sitting at a table, looking back at the devil. The cartoon is captioned: "Why do you call me God?" An article is devoted to an interpretation of recent events, justifying the belief that the end of the world is at hand and the "kingdom prophecy is fulfilled."

IT'S UP TO YOU

R. N.
STANFIELD
REPUBLICAN
FOR
UNITED STATES
SENATOR

Robert N. Stanfield's nomination for United States Senator in the Republican Primaries, May 17, will mean two things—

1—The belief of the people of Oregon that this state has not received the recognition at Washington to which it is entitled and that there is a demand for a square deal.

2—The Republicans do not want the Democratic boss to dictate in the Republican primaries and that Republicans prefer Stanfield, a 100 per cent Republican, rather than a 50-50 Demo-Rep., nominated by the Democratic Boss.

Do you want a wide-awake, energetic man with initiative and red blood to be Senator, or do you want a "man asleep on the job" who introduces bills and permits them to sleep in committee?

A man who knows Oregon and its needs and who has the force and confidence to demand results will quickly make his mark at Washington and through him Oregon will receive the recognition so long denied this state. Such a man is Robert N. Stanfield.

S. B. Huston, in withdrawing from the Senatorial contest, made the following statement:

"I have a very strong conviction that Oregon has been discriminated against by the National Government in many ways. Mr. Stanfield shares this feeling and promises, if elected, to correct it as far as it lies in his power to do so. Senator McNary denies that any such discrimination exists. He was quoted in a dispatch from Washington to the Oregon Journal as saying that he 'took no stock in the statement that there had been discrimination against Oregon.' Of course, if he believes there has been no such discrimination he will make no effort to remove it.

What has Oregon received except such business as had to come here because material could not be furnished elsewhere?

Oregon furnishes spruce, but the airplanes are not manufactured here.

Oregon has received a few contracts for wooden ships, because the timber is here, but look at the wooden ship contracts that went to the South and the Atlantic Coast; and for many of these Southern ships Oregon had to be drawn on for large timbers. More than 20,000 Oregon boys are in the service, but they all were sent to cantonments in other states for training.

Oregon responded quickly to appeals for food conservation, but the wheat growers of Oregon were penalized 20 cents a bushel for living in this state.

Many other instances could be cited showing what Oregon has been discriminated against by Mr. McNary says that he "takes no stock in the statement that Oregon has been discriminated against." Do you want these conditions to continue, or do you want them remedied? If you want results, then send Stanfield to Washington.

Five lawyers represent Oregon at Washington. Why not elect a farmer, stockraiser and business man for a change? Do lawyers have a monopoly of all the loyalty, patriotism, wisdom and knowledge in Oregon?

Why does the Chamber of Commerce pay a special agent a Senatorial salary of \$7,500 a year to remain at Washington to look after practical matters for Oregon if someone isn't "Asleep on the job" or if Oregon is not discriminated against?

100 PER CENT OR 50-50 PER CENT.

Republican voters should settle their own party affairs in the primaries without the interference of Democratic kaisers. A clean-cut party issue is presented to the Republicans of Oregon. It is in the hands of Republicans, themselves, whether they want a Republican Senator or a Demo-Rep. Senator. Stanfield is 100 per cent Republican and has been elected as such three times to the Legislature.

McNary, his opponent, has a penchant for holding office, but has never yet been elected to one by the people—in fact, he was defeated the only time the people ever got a chance to vote on him—and he has been willing to seek appointment to political jobs from Democrats as Republicans.

The Democratic Boss appointed McNary to the Supreme Bench and is now trying to make the Republicans nominate his friend and colleague for United States Senator. If McNary, the protégé of Oswald West, is nominated then the Republicans can say "good night" to the Republican party in Oregon for years to come, for West will be in power and have his friend at Washington.

Here is the question for you, Mr. and Mrs. Republican Voter, to settle. It is strictly a party matter in the primaries. Do you want a genuine, 100 per cent Republican or a 50-50 Demo-Republican, with the latter endorsed and advocated by the self-appointed Democratic Dictator?

IF YOU WISH TO MAINTAIN THE REPUBLICAN PARTY, YOU MUST VOTE FOR STANFIELD.
