

General Pershing Wants you to send something to cheer the boys. What's better than a good PHOTO made by Clark & Clark Same Old Place, Over Roseburg National Bank

Mother's— Read this letter

Bond Hill, Ohio.
March 26th, 1917.

Levi Strauss and Company,
San Francisco.

Gentlemen:—

Please send me a list of the garments which you make for children. My little girls have worn Koveralls in all their real play for the last three years and I find nothing else so satisfactory.

The older child has now about outgrown your six year size. She and her little sister play outdoors all summer and such garments are more of a protection to them in every way besides saving a great amount of washing.

When I want to dress the girls in pretty clothes it is a comfort to find that their knees are not scarred and stained by continual contact with the ground and not burned brown by the sun.

Very sincerely yours,
(Name on request)

A friend who lives near San Francisco made me a present of Koveralls for both girls three years ago.

Reduce the High Cost of Living

Buy **KOVERALLS** \$1.00 the suit
Reg. U.S. Pat. Off.

BUY NOW—On and after June 1, owing to the greatly increased cost of all kinds of material we will be compelled to raise the price of Koveralls to \$1.25 the suit. The most practical, healthful play time garments ever invented for children 1 to 6 years of age. Made in one piece with drop back. Easily slipped on or off. Easily washed. No tight elastic bands to stop circulation. Made in blue denim, and genuine blue and white hickory stripes. Also lighter weight, fast color material in a variety of pleasing designs, all appropriately trimmed with fast color galates. All garments made in Dutch neck, with elbow sleeves or high neck and long sleeves. Folder (in colors) showing different materials sent free on request.

CAN THE COCKREL SAYS POULTRY MAN

(By Associated Press.)
SALEM, Or., May 23.—U. L. Upson, formerly of Grants Pass, and an authority on poultry raising, is touring the state as federal poultry husbandman. He is investigating all the large poultry centers of the valley. While here he said:
"It is costing the farmers of Oregon about \$300,000 yearly because of faulty methods of producing and handling the present egg supply. A large part of the loss is occasioned by the production of fertile eggs during the warm months. For this reason the department of agriculture in conjunction with the Oregon Agricultural College has designated the week beginning June 3 as 'Can the cockrel week,' and a state wide campaign will be conducted to dispose of or can—literally as well as figuratively—all undesirable adult male fowls and to dispose of all young cockrels as soon as they reach a marketable age."

HOUSE VOTE SHOWS FOOD PROBLEM ISSUE

(By Associated Press.)
WASHINGTON, May 23.—Believing that there can be no great shortage in food products so long as the liquor interests are allowed to consume millions of bushels for manufacturing purposes, the dry forces won another skirmish today when, on a preliminary vote, the house approved the amendment refusing any of the eleven million dollars appropriation in the food production bill unless the president issues a proclamation prohibiting the use of grains in the manufacture of liquors.

ALCOHOL MADE FROM BREAD BY A BAKER

Through the seizure of a still in a bakery in New Mexico, where a quantity of alcohol was discovered that had been distilled from bake oven fumes, considerable discussion has taken place concerning the feasibility of manufacturing alcohol as a by-product of bread.

This still was a crudely constructed affair, the vapor from the bread being conducted from the oven into a worm, which was cooled by passing through a barrel of water, condensing the vapor. The baker was not arrested, as it was clearly shown that no evasion of the law was intended. However, possession of a still is in violation of the law, and this one was seized by the internal revenue service. This baker states that quantities of alcohol can be manufactured for war use at a very small cost by army bake shops and bakers in large cities. The practicability of the plan remains to be worked out.

WEED NOTICE

Property owners will please take notice that beginning on Monday morning, May 27, 1918, you will cut all weeds, grass or shrubs, and remove all rubbish from your property, and all such grass, weeds, shrubs or rubbish which have not been cut or removed by May 29, 1918, will be removed by me according to law.
D. R. SHAMBRONK,
City Marshal.

Your Spring Washing
Just about this time of the year the housewife plans on a general spring renovating of her home and the family washing, naturally "takes on" a big increase. Lace curtains, portiers and all the "extras" can be handled by us in a pleasing and satisfactory way. In fact, we would be pleased to do all your family washing.
ROSEBURG STEAM LAUNDRY

"The Wisest Plans of Mice and Men"
In order to be successful, must be good working plans, not too expensive, and not stop short of the blue print. Such a Home Plan is here for you, and it's only a part of our free service.
KENNY LUMBER COMPANY
"BUILD A HOME."

Doesn't It Look Easy?
It is when you know how. It is the "know how" that makes it easy for us and so satisfactory for you. We believe that a satisfied customer is the only proof of good work; and our aim is to do our work so that you shall be satisfied, not only with the installation of the plumbing, but with the way it performs its duty.

BAKER WANTS RAISE IMMENSE BIG ARMY

(By Associated Press.)
WASHINGTON, May 23.—Secretary Baker has asked congress for unlimited authority in raising an army to the extent of which men within the draft age can be organized and equipped.

W. H. Redfield, of Anchor, went to Roseburg Monday, taking with him the election returns from upper Cow creek.—Riddle Tribune.

ON GUARD

At this time of the year people feel weak, tired, listless, their blood is thin, they have lived indoors and perhaps expended all their mental and bodily energy and they want to know how to renew their energy and stamina, overcome headaches and backaches, have clear eyes, a smooth, ruddy skin, and feel the exhilaration of real good health tingling thru their body. Good, pure, rich, red blood is the best insurance against ill of all kinds. Almost all diseases come from impure and impoverished blood. It is to be noticed in the pale or pimply face, the tired, haggard appearance or the listless manner.
"Drink hot water a half hour before meals, and for a vegetable tonic there's nothing better than Dr. Pierce's Golden Medical Discovery; the old-fashioned herbal remedy, which has had such a fine reputation for fifty years. It contains no alcohol or narcotics. It is made from Golden Seal root, Blood-root, Oregon grape root, Queen's root, Black Cherry bark, extracted with glycerine and made into tablets and liquid. Tablets sixty cents, at most drug stores. In order to insure pure blood and to build up the system try this tonic known as Dr. Pierce's Golden Medical Discovery. Get it now!"

A Great Dairy Invention

It's a wonder—a separator which will skim clean at low speeds that would cause heavy loss of cream with any other separator. Besides it gives cream that does not change when you change the speed of the crank.
We want you to see and try for yourself this latest improved model introduced by the oldest manufacturers of separators in America.

THE NEW SHARPLES SUCTION-FEED

Separator gets a new profit for dairymen, a big one, which no other existing separator gets. Another fine feature, you can turn faster and finish the job quicker. It's the only separator that can be hurried.
Think how much work the Sharples will save the women folks. No fussy discs to wash, or to get mixed up. The bowl has just one simple piece in it. The supply can be large and very low. Your boy can easily empty heavy pails of milk into it.
Test this wonderful machine right in your own dairy. Every member of the family will want to see and try it. They'll all be delighted. Phone us today for free trial or call when in town.
