WOMEN IN OHIO FACTORIES.

Cincinnati has made many substitutions of women for men in the factories, according to Mrs. Harry Sternberger, chairman of the industrial welfare committee, who has been co-operating with the Patriotic League in organizing units among employees. "They have been engaged as timekeepers, stockkeepers, and clerks," she says. "But they have also been employed on lathes, screw machines, drill presses, and in the foundries in the core making. Statistics are not yet available as to the number of women that are employed in these newer fields in this vicinity, as they are just being compiled by the bureau of statistics of the industrial commission of Ohio. It is interesting to note that in England 1,400,000 women entered the several branches of industry in the course of the three years following the outbreak of the war. In many sections of this country women are being employed in the glass factories and in some of the processes of the steel industry, where they are exposed to excessive heat."

USE MORE MILK IN SUMMER.

The United States food administration has asked the assistance of the woman's committee, Council National Defense in the campaign for the increased use of milk. "Milk is a food for which there is no substitute," said Miss Tarbell in a message to the state chairmen of the food administration department of the woman's committee, of which she is head. "It is of special value in the sick room and for the proper nourishment of small children it is indispensable. Owing to the rapid rise in the cost of food and labor last winter milk rose several cents a quart and consequently many poorer families gave up its use for their children. No saving of foodstuff that damages the health of a nation is real conservation. In Germany, in spite of the milk shortage, the milk ration for the children and the hospitals has been maintained at all hazards. In a 'safety-first' health campaign, it must be remembered that it should be 'children first.'

Nature abhors a vacuum and politics an office without an official, but to our notion, the esteemed United States senate would be greatly improved by about eleven vacancies.

It is said that the Kaiser's physician has ordered the Imperial patient to take certain baths. One might recommend the Arctic ocean to the Imperial patient.

In the chaste and elegant language of the American soldier Helms said a mouthful when he said the Germans would not revolt because it is verboten (forbidden).

Twenty-four cents an ounce is the proposed rate for mail conveyed by airplane. You can say a lot in an ounce if you weigh well your words.

Do not forget the saving habit. There are likely to be other bond issues, and there are the war saving stamps.

SHIPPING BOARD OFFICIAL HERE

CHAUTAQUA OPENS AT OAKLAND TODAY

Many New Attractions Presented on the Program This Year.

NOTED LECTURERS HERE

Oakland People Visit Roseburg For Purpose of Securing Patronage—Doubtless Many People Here Will Motor Over.

The Ellison-White Chautauqua opens up for a six days' engagement at Oakland today, and the program offered is an excellent one and will attract people from all over the county. Mrs. Ioy Miller and Mr. Geo. Weigel, of Oakland, were in Roseburg yesterday for the purpose of selling tickets to the lecture course and entertainment, and were cordially received by people of the city. Owing to the fact of war time efforts Roseburg did not arrange for the Chautauqua this year, and this will enable the Oakland people to secure considerable patronage from here. This evening the famous Apollo Concert Company will present a delightful program. Both afternoon and evening programs are of never ending variety and excellence, saxophone quartets, viola numbers, readings, vocal solos, duets, banjo solos, trombone solos, and many ensemble numbers on various instruments.

Thursday, the second day, both afternoon and evening, the Hawaiian quartette will be featured as the leading attraction.

Their program is composed of the enchanting native classics of their island home in the warm heart of the Pacific. The whole world is humming and whistling the haunting, hitting strains of Hawaiian music. It is more popular than ever before and will continue popular because it is the most bewitching note in the history of instrumental music. Other attractions for Thursday are: Popular scientific lecture, "Worlds in the Making," Dr. Arthur D. Carpenter; Mother Goose Chautauqua; popular lecture, "What America Means to Me," Arthur Walwyn Evans, Welsh orator and nephew of David Lloyd George.

On Friday the public will be privileged to hear and see Henry Warren Poor, expert photographer and lecturer. Would you like to see and hear of Pershing and "our boys"? Would you like to see and know more about the tanks, Zeppelins, interior of submarines, air-dues, the wonders of camouflage, the trenches of No Man's Land? Then go to the Chautauqua on the third night. This great illustrated lecture, while avoiding the gruesome, is full of thrilling incidents, and of intense interest.

Afternoon—Prelude, Metropolitan Artists; Inspirational lectures, "The Advantage of Handicaps," Dr. Elliott A. Boyd; Mother Goose Chautauqua.

Evening—Concert, Metropolitan Artists. The New York City Marine band will attract many people to Oakland on Saturday. The band will play both afternoon and evening, and is well worth a long trip to hear. Miss Hays, soprano, will also appear that night. Other features for Saturday are: Character Studies and Readings, Elsie Mae Gordon; Mother Goose Chautauqua.

Sunday—Morning, usual services, all churches. Afternoon, Inspirational Singing, The Elchhorns; lecture, "America and Japan," Dr. Minosaku Toshi Yamamoto; Chautauqua Vesper services. Evening, community singing, The Elchhorns; Inspirational lecture, "American Ideals," Mrs. A. C. Zehner, accredited government representative and one of America's most convincing and pleasing lecturers.

The feature for Monday is the Schubert Serenaders. Six sparkling, vivacious girls constitute this splendid company. They sing and play remarkably well, give orchestra numbers, readings, songs, instrumental solos, duets, trios and costumed selections. Their program sounds a strong patriotic note with inspiring martial selections, popular war time

songs and our stirring national airs. Also on the closing day: Lecture: "Physical Training," Beatrice E. Heskett; Mother Goose Chautauqua, Evening, prelude, Mother Goose Festival, under personal direction of "Mother Goose"; closing concert, Schubert Serenaders, presenting a live program of patriotic, popular and classical music and entertainment.

A COMMON REMARK.

Frequently we hear the remark: "How much better that fellow would appear if a would spruce up a bit." He may be unconscious of the fact that carelessness in dress is calling forth just criticism, and that a regular attendance to the care of his outer apparel would gain a favorable and lasting impression. OUR DEFENSE

In the spring we may be attacked at any moment. Toxic poisons pile up within us after a hard winter, and we feel "run-down," tired out, blue and discouraged. This is the time to put our house in order—cleanse the system and put fresh blood into our arteries. You can obtain an alternative extract from Blood root, Golden Seal, Stone and Queen's root, Cherry bark, rolled into a sugar-coated tablet and sold by most druggists, in sixty cent vials, as Dr. Pierce's Golden Medical Discovery. This blood tonic, in tablet or liquid form, is just what you need for "Spring Fever," for that lack of ambition. It will fill you full of vim, vigor and vitality. Chills, when other people feel warm enough, is a sign of biliousness or of malarial poisons—so is a furred or coated tongue, loss of appetite, head aches, or dizziness and a dull, drowsy, debilitated feeling. It's your liver that's at fault. You want to stimulate it and invigorate it with Dr. Pierce's Pleasant Pellets. With every trouble of the kind, these tiny little things act like a miracle. You can break up sudden attacks of Colds, Fevers, and inflammations, with them. They'll give you a permanent benefit for Indigestion, Constipation, Sour Stomach, Sick Headache, and Dizziness. They are small and pleasant to take, and the most thoroughly trusted remedy. Twenty-five cents at most drug stores.
