Salts Fine for Aching Kidneys

We eat too much meat which clogs Kidneys, then the Back hurts

Most people forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from

the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

The Cascade forest office in Eugene has received a call from the Umpqua forest office at Roseburg, asking for men to fight forest fires. The message did not state the number of men wanted and gave no details regarding the fire. Unofficial advice has been received in the city to the effect that several fires started in the Umpqua forest yesterday. One of these is said to be in the region south and east of Cottage Grove. While these fires are not large as yet, the extreme dryness of the timber and the lack of rain causes great concern. If rain does not come soon the forest fires may spread to great areas. Every effort is being made to hold the fires in check, but the dry weather makes their work extremely difficult.—Eugene Guard.

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will know.

LADIES! DARKEN YOUR GRAY HAIR

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair. A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.
