MRS. HEINLINE ENTERS CHAUTAUQUA SERVICE

Word has been received here by Mrs. J. C. Spencer to the effect that Mrs. C. S. Heinline is to enter into work with the Ellison-White Chautauqua System and will have charge of the morning classes of the Junior Chautauqua. DEER CREEK CEMETERY USED FOR CALF PASTURE

Mr. and Mrs. J. H. Worsley, of Portland, who have been in Los Angeles for an extended visit, passed through Roseburg yesterday enroute north. On their way they visited Mrs. Worsley's old home on Deer creek, about ten miles east of the city, stopping at the cemetery there where relatives are buried. On arriving at the sacred spot they were dumfounded to find that some one was using the cemetery for a calf pasture. The acre of ground that was enclosed with a six-foot hog-proof fence, originally deeded to the community for use as a cemetery, was being desecrated. Positive proof that presence of the calves was not merely an accident was shown in the fact that the owner of the animals had carefully placed on the inside of the fence a pall of water for them. The gate was carefully wired closed so as to prevent their escape. Further proof of their continued feeding in the cemetery, Mr. Worsley alleged, was the fact that several of the tombstones were overturned, presumably by the calves using them for rubbing posts. Wonderment turned to indignation as Mr. and Mrs. Worsley viewed the situation. Then Worsley got busy. He visited a near by farm and learned that the property surrounding the cemetery belonged to a Mr. Bagley. It was also alleged that the calves belonged to Mr. Bagley. The Bagley home was closed, and as no one appeared to be about the premises, the tourist from Portland went back and turned the calves into the Bagley garden. Noting to Roseburg, Mr. Worsley entered complaint to Sheriff Quine, and the matter was laid before District Attorney Geo. Neuner, Jr., who, after listening to the story, took action and Mr. Bagley was immediately notified by letter to keep his stock out of the cemetery hereafter, or prosecution would follow.

"OVER THE TOP" THRILLS.

Don't fail to go "over the top" with Sergeant Arthur Gay Empey at the Antlers theatre today and tomorrow. "The great American photodrama" is a term which has been applied to "over the top"—a 100 per cent American picture, that's why every one of our one hundred million Americans should see it.

It is estimated that three million Americans have read Empey's book "Over the Top," the most popular book dealing with the war and more than 25,000,000 have been reading a special article appearing in the newspapers, Sergeant Arthur Gay Empey is one of the most talked of men in America today. He quit a lecture tour because of certain criticism that he was exploiting patriotism and only recently he is reported to have enlisted in the national army for more war service at the front.

GERMS VS. GERMANS.

It is a soldier's duty to fight Germans. It is our business to fight Germs. Germs are as deadly as any means of destruction in warfare. With sixty pounds of hot steam forced through the garment it means death to any deadly germ that may be lurking near. We not only get the germ but we take out grease and dirt that accumulates while the clothing is being worn.

If you do not think there is dirt in your clothing just look at the sample in our window. Sample furnished upon request.

NAVY BOY MARRIES.

A quiet wedding occurred at the parsonage of the First M. E. church of this city, when Miss Evelyn Niday, of Garden Valley, was united in marriage to Floyd D. Hagerly, of Cleveland, Rev. J. C. Spencer officiating. Only immediate relatives of the bride and groom were present. The contracting parties are well and favorably known where they reside and have the best wishes of a host of friends. The groom has enlisted in the navy and leaves tonight for Portland where he will take final examination for entrance into the service. The bride will reside with her mother during her husband's absence.

The News staff and mechanical department employes are indebted to Mrs. W. E. Clingenpeel for a box of delicious early apples. The fruit tasted mighty good after a strenuous day wrestling with reports of the war, and was refreshing as well as palatable.
