DRAFTED MEN LEAVE FOR CAMP LEWIS

Big Crowd at Depot to Bid Farewell to Large Draft Contingent.

69 MEN ENTRAIN HERE

Honor Guard Girls Present Seventeen Sweaters Which Boys Draw Lots For—J. Harold Nichols is Made Captain of Men.

The largest contingent of drafted men to leave this city since the beginning of the war was the 69 which left on train No. 14 this afternoon for Camp Lewis. Hundreds of relatives and friends of the boys were at the depot to say good bye to the lads and wish them "good luck."

This county furnishes its quota of 72 men. Seven of Douglas county's men have been transferred to other boards, and four from other boards were transferred here, making 69 to entrain from Roseburg this afternoon.

Before leaving today group pictures were taken of the men by local photographers. Seventeen sweaters that had been presented to the boys by the Roseburg Honor Guard girls were drawn by lot.

J. Harold Nichols was placed in charge of the men as captain, John E. Plurry as first lieutenant, and Lyman B. Skinner as second lieutenant. The following is the list of men:

- Parlin, Morrie.
 - Dillard, Fred T.
 - Hagen, Richard E.
 - Johnson, Lloyd A.

Photographs Received.
A. J. Lillburn today received a number of photographs of his son, Frank, who is taking a special military course at the Benson Polytechnic school at Portland. The young man is shown in his uniform to good advantage and has all the appearances that his present training is agreeing with him in every particular. He looks fine.

Former Residents Return.
Mr. and Mrs. Phil Ream, who left this city about 13 years ago, arrived here Saturday evening from Marshfield and will probably remain indefinitely for the benefit of the former's health, which has been much impaired of late. During their absence they have spent a greater part of the time in Idaho. Mr. Ream formerly conducted the Monogram cigar store in Roseburg and is a brother-in-law of County Clerk Lenox.

Boys Given Sweaters.
The 72 drafted boys were called together this morning in front of the court house and received the Honor Guard sweaters. There were 22 sweaters ready to be drawn, so some one was lucky this morning to receive the gift from the girls. The remainder of the sweaters will be given in the near future and sent to the boys at the different forts and camps. They extend their thanks to the girls in their appreciation of the sweaters.

CITY NEWS

Mr. and Mrs. Sam Kelly are in the city today from their ranch near Gleggary attending to business matters.

Mrs. Reed and daughter, Waive, left this afternoon for Portland where they will remain for several weeks visiting with friends.

S. L. Dillard, of the Marsters Drug Co., who has been spending the past two months at Ahland for the benefit of his health, returned today, greatly improved.

Mr. and Mrs. W. T. Wright expect to leave for Portland tomorrow, where they will visit with friends. They will be accompanied by Mrs. Wm. L. McGeorge, nee Fanny Campbell, who will arrive here in the morning to make the trip north with them.

Mr. and Mrs. W. W. Wright and two daughters, Misses Irene and Alice, are guests of the W. T. Wright home in this city, having arrived here at the week end. The visitors are en route from Portland south and expect to resume their journey tomorrow to California. They are traveling by auto, and expect to spend some months on the road visiting important localities on the coast.

SERIOUS FIRE AVERTED.

What would probably have ended in a disastrous fire had it not been discovered in the nick of time, occurred in the tailor shop of S. A. Phillips, yesterday morning. On Saturday night Mr. Phillips had been called to the shop to do some work, and had used his electric iron in pressing some clothing. Upon leaving he forgot to turn off the electric current, with the result that the iron burned through the corner of the table, setting it on fire, then dropped to the floor, scorching it.

Shortly before six o'clock Sunday morning, W. S. Powell was talking with Fred Servain near Mr. Phillips' shop when they discovered the blaze within. Mr. Servain turned in the fire alarm, while Mr. Powell broke the glass in the door to the shop, and succeeded in putting out the fire before the fire department reached the place. No damage was done excepting the scorched place in the floor and the broken glass in the door.

LOCAL MEN RETURN FROM CAMP

After a very successful month of training Lyman Spencer, Guy Coridon and R. L. Whipple returned to this city last evening from Eugene. They have been attending the reserve officers' training camp in that city and report a most splendid session. The local home guard is much pleased to have these members with them again. R. L. Gile has also been attending the training school with these boys, and returned here a short time ago.

SUIT FILED TODAY.

A suit in the circuit court for the foreclosure of a mortgage for \$1700 given by Wm. L. Schaffer et al, was filed today by Ora H. Porter, trustee, through his attorney, Chas. F. Hopkins. The land involved in the mortgage, which was given to secure payment on a promissory note, lies in Alexander's park. Attorney's fees in the sum of \$200 and costs and disbursements in the case are asked for.

BAIL IS FURNISHED.

Cash bail of \$750 was today put up by Beach Chapman, who was arrested at Powers the morning after the Fourth and Judge John S. Coke ordered Deputy Sheriff Clyde Cooke to free the prisoner who was bound over to the grand jury and has been held in jail at Coquille. His bail was reduced from \$2500. M. E. Langston, of Powers, put up the bail.—Coos Bay Times.

Every Man

Should have a good reliable watch. It is essential that he should always be on time, especially now when everything is going with a rush and every minute counts. Don't fool yourself—by trying to get along with a cheap, unreliable time piece for you are not only wasting your own time, but also those who are waiting for you. If your watch is not giving the service it should let us show you some of the new models, neat, trim, and accurate. We carry them from the medium priced Waltham to the extra thin Howard.

DEVELOPMENT OF BANKING METHODS!

It is not so many years ago when all the figuring, listing and clerical work of a Bank was done by hand. Marked development has been shown in improved methods and devices now used for saving time and labor—for instance adding machines, coin counters, files, stamp-affixers, etc. The Roseburg National Bank makes it a point to be up-to-date in modern methods and appliances, affording approved facilities and conveniences. Accounts subject to check are solicited.
