Electric Vacuum Washing Machine

The manufacturers guarantee it, and we guarantee it. The guarantee is that it must do satisfactory work. Think of this, a washing that would take you the better part of a forenoon to rub out, done in an hour or two and without any great labor on your part. Five or ten minutes for tub full of clothes. Then run them through the electrically driven wringer, fill washer again and while it is washing the second lot you have swung the wringer over the rinsing tub and put them through, then over the bluing water, put them through, and are done with the first. The second lot being ready, repeat the operation, and there has been no straining or lifting. The cost of machine is still within reach of all—\$95.00 on installments, with a discount for cash.

ACROSS IN TWO MONTHS.

Mr. and Mrs. J. H. Porter, of Ten Mile, have received a released card from Camp Mills signed by their son, Manie, stating that he had landed safely on the other side. Manie Porter was one of the drafted boys who left this city on June 26 and was landed on the other side in less than two months from the time he left this city. In just 14 days from the time he was inducted into the service he had started on his journey across the water.
Mr. Porter is a well known and very popular Ten Mile boy, and has a host of friends there as well as other places he is known, whose best wishes will follow him, and who will hope for his safe return home. The card received by Mr. and Mrs. Porter did not state whether their son had landed in England or France.

MARINE AND ARMY CORPS CASUALTIES

(By Associated Press.)
WASHINGTON, Aug. 27.—The casualty list for today, according to figures reported by the commanding general of the U. S. expeditionary forces, totals 397. Killed in action 89; missing in action 7; severely wounded, 171; died of wounds, 22; died from accident, 4; died of disease, 3; killed in airplane accident, 1; slightly wounded, 1; wounded in a degree of seriousness yet undetermined, 9.
Nigel R. Bignold, of Montevideo, Wash., is reported missing in action.
Marine corps casualties are reported at 34, of whom two were killed in action, two died of wounds, two severely wounded, and 28 missing in action. Richard D. Cain, of Blaine, Washington, and Fred H. Gruver, of Astoria, Washington, are among the marines reported missing in action.

HUNS WATCHING CHANCE TO DESERT TO ALLIES

WITH THE AMERICAN ARMY ON THE VESLE, Aug. 26.—German soldiers believe that Germany is not planning any more offensives because of the man power shortage, according to one of the German prisoners captured by the Americans early Sunday east of Fismes. The prisoner said the German soldiers no longer had any enthusiasm for war.
Most of those with whom he came in contact believed the war would end soon.
The prisoner had been fighting three years and declared he was thoroughly tired of it. He said the soldiers understand that the German losses during the recent allied offensives had been very great. These reports were credited by the soldiers and were having a demoralizing effect. He said he knew of one division of 15,000 which had been reduced to less than 1000.
Plenty of Germans, he added, would desert and surrender if given the opportunity. Many of them are constantly watching for a chance to give themselves up. Trouble has been threatened in the German munition plants and the army leaders were tightening conditions there.
Germany, he said, has plenty of ammunition but the man power question and the actual entry of American troops into the fighting are worrying the military leaders.

Patriotism in the Things You Do!

Some men are very much disappointed because they cannot go into the army or navy. But there is much work to be done and even if we all cannot go to the front, we can exercise patriotism in everything we do by doing it thoroughly, earnestly and cheerfully. Your account and banking business invited.

various reasons are delaying the matter. They will, as a result find themselves without fuel in numerous cases when cold weather sets in.
A survey of the industrial plants of the state show that Oregon's coal needs have increased 25,000 tons over last year. The added quota must be supplied because the industries, for the most part, are engaged in war work.
Dealers throughout the state are behind somewhat in deliveries but are rapidly catching up, particularly those who handle coal. Wood dealers in some cases are five weeks behind in deliveries.
Dr. A. J. Howard, of Huntington, who has been visiting at the home of his parents, Mr. and Mrs. I. B. Howard, of Looking Glass, left on his return home today. Dr. Howard is making the trip in his automobile.
