NEW REGULATIONS ARE ISSUED BY FOOD ADM.

Some important food rules are being promulgated by State Food Administrator Ayer to take effect on October 1. Among them are the following:

The retail price of the pound loaf of bread is to be 10 cents and of the pound and one-half loaf fifteen cents.

The quantity of sugar which can be purchased by consumers is still limited to two pounds per person per month, but one month's requirements may be purchased at one time. For example, if there are four in a family they would be entitled at the rate of two pounds per person per month, or eight pounds for the month, which they can purchase at one time.

The profit of wholesalers and retail dealers in butter, both fresh and cold storage, is limited so that a retail dealer can make up to five cents per pound on cash and carry sales and six cents per pound for "service" stores. These are maximum profits and are not to be exceeded.

B. L. EDDY, County Food Administrator.
