Superintendent Water Division No. 1—Percy A. Cupper, of Marion.

Superintendent Water Division No. 2—George T. Cochran, of Union.

Why Make a Change at This Time?

MUST BE NO ARMISTICE.

Attitude of the President on the German peace negotiations is not meeting with favor from any considerable number of persons. In fact, the general opinion of the executive's latest note is not flattering.

that they seem much more desirable for the use of most people. The check comes in by mail right on the date twice a year, and no form of interest is easier to collect.

A great many people have been buying these bonds who never handled securities before. They are not familiar with the ways of protecting their property, and perhaps don't realize that if they lose the coupon bond, they may never get it again.

If you persist in buying the coupon bonds, remember to note down the number of them. If you lose them but know the numbers, you may be able to recover them.

THE HUN'S PEACE TALK.

The air will be filled with peace talk now. Our people must learn not to be fooled by green goods and gold bricks.

The lying German government accepted these terms, and agreed to make peace without annexations and indemnities.

No peace should be given the Hun until they give up every inch of the territory they have stolen, and withdraw every soldier from the soil of other nations.

REASON FOR ELECTING GOV. WITHYCOMBE

He is loyally, patriotically American. He has faithfully cooperated with the President in every war time activity.

The Pinch Hitter

It was tightening of the American belt that made this hit possible. The game is won if we keep it up.
