IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it. Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it is no longer a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

HARLEY JOHNSON TELLS OF FRANCE

Finds Country Pleasant to Live In and Productive, But Farming Limited.

HAVE PLENTY OF RAIN

Summers are Cool in England, Found Conditions Fine and Lots of Pure-bred Cattle, Mostly Shorthorns—People Hooverized.

Mrs. A. W. Johnson and daughter, of Receipt, in receipt of the following letters from their son and brother, Harley L. Johnson, who is serving with the U. S. forces in France:
Somewhere in France, Aug. 25, 1918
Dear Mother: Will write you a few lines today, as it is Sunday and we are lying over at a rest camp somewhere in France.

We landed the 20th from our boat ride and spent four days coming through England and stopped at several rest camps there.
England seems to be a productive country as far as green grass goes. They raise lots of cattle, mostly Durhams. The grain crops there looked good also, but there is no fruit raised that I saw. There is no corn, but other vegetables seemed to grow well, but I did not see any great amount being raised in proportion to the demand for food articles.

They get lots of rain in this country in the summer and it is rather cool. The hills here in France are as green as can be, and the vegetation grows rank and fast. Well, I suppose you are all through harvesting by this time. The people in this country sure do have to Hooverize if they raised the fruit here that the United States does it would be a great relief to the situation.
It will soon be a month since we left Camp Kearney and we are not through with our traveling yet.
Well, I will close as what I can tell that would be interesting would not be permitted. Hoping this finds you all O. K. and it leaves me the same. With love to all. Your son, HARLEY.

Somewhere in France, Sept. 11, 1918
Dear Sister Vera: I received your letter a few days ago which you mailed on August 24th to Camp Kearney, and a postal from Maybelle which was written August 1. I wrote a letter to mother about three weeks ago. We marched about five miles in the rain that day. I got the envelope wet and spoiled it, so did not mail it until now. It seems impossible to get any writing material here. I also wrote a postal from Maybelle which was written August 1. I wrote a letter to mother about three weeks ago. roads in this county; they are good everywhere.
Well, I hope you are all through threshing in that country by this time, and that the crops turned out better than expected. I suppose they are busy picking prunes in Douglas now. They are sure appreciated in the army and are a very important war item. The main fault is getting enough of them.
I presume the apple crop is fairly good this year. I wish I had a whack at a bushel. There seems to be little or no fruit raised in this country.

I expect Homer has either enlisted or been drafted by this time. I hope he has enlisted in that call for truck drivers.
We do not get much war news here. Once in awhile we get hold of the American newspapers which are printed in Paris and get a little news.
It is certainly immense the amount of supplies and equipment that it takes to carry on this war and the amount of expense attached to it, especially for the United States, where everything has to be brought so far and handled and transferred so many times.

Well, I am glad I am over the measles, as I think this would be a poor place in which to have anything of the sort in the winter time. I have not seen Jay West since we left Kearney; he was still there when we left.
Did they get the road all gravelled? I hope they did, as it will make it so much handier now in the winter.
The doctor was just in to see me, and he asked if I was writing and telling them all about it, and he said, "For God's sake don't make it any worse than it is, for God knows it is bad enough." The medical men are all good fellows. They take good care of the boys with the conditions there are to put up with in this country. The conditions here are anything but excellent for the American forces, but we have to make the best of everything and do the best we can. With love to all. Your brother,
PRIVATE HARLEY L. JOHNSON.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breat Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or evening. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.
Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment
Stop "losing" Rheumatism.
It's pain only; not one case in fifty requires special treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs' Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.
