A Likeable Pen

A fountain pen that writes smoothly with a continuous and even flow of ink, without skipping, scratching or blotting; a pen that self-fills easily to full capacity and doesn't leak ink on fingers or clothing—no matter what position you hold it in—is a delightful companion. That describes

The Hallmark Pen

It is so faultless and gives such good and enduring service to users that we sell it on our own personal guarantee—as well as that given by the makers. We will exchange or repair any Hallmark Pen free of charge, no matter when or where it was bought. It certainly stands to reason that this pen must give exceptional satisfaction, otherwise we would not so generously guarantee it.

There's one to suit every purpose and each individual taste. The prices are very moderate and likeable, too.
