**HOW TO ASSURE PEACE.**

The greatest problem is how to settle affairs in Germany so that that nation will never again start a war of conquest. We can not forever keep troops there. We may take away their fleet and level their fortifications, but they can build new. There must be some change of spirit. It is still an open question how far the course of the German people has been due to the evil purposes of their own hearts, or to the deceptions practiced upon them by their rulers. But anyway they have from the beginning been given a garbled and false version of the war and its origin. If the Germans know the whole truth about this war, and about the events that shall succeed it as times goes on, they are much less likely to start another. The allies should now insist upon a bona fide peace, so that any German paper that is willing to tell the truth can freely do so. Then at the coming peace conference a just and complete indictment against Germany should be presented. It should bring out the clear proof that Germany started the war, the rupture of treaties and agreements, the perfidies of the German spy system, the outrages of the army and navy, the killing of women and babies, the whole story of barbarity. Then the allied powers should insist that this truthful record be freely printed all over Germany, so that the truth can at last come home. Wicked and cruel as the Germans have been, yet the truth is a very powerful weapon. It would indeed be surprising if many of them were not convinced by the publication of such a record. If the freedom of the press is thoroughly established, it will not be so easy again for military leaders to sway the people by their falsehoods.

**PEACE CELEBRATION HELD AT YONCALLA**

YONCALLA, Nov. 30.—It began November 7, when some were brave enough to believe the report true, and with tin horns, bells and songs manifested their joy that the "War is over." November 11, the roar of the jubilee could be heard for miles, and hearts were nearly bursting for the joy which filled them. A patriotism such as ours can never be fully demonstrated. Our service flag with over fifty stars means much interest is taken in the boys "over there." November 12, the Red Cross decided that tonight we will have a celebration to honor our boys and in answer to invitations many came. In front of the Red Cross headquarters an impromptu concert of vocal and instrumental music was given. The booming of guns and other noises added to the enthusiasm. The Kaiser was burned and those of a more thoughtful mind hoped it represented the end of Kaiserdom. Flags and bunting were unfolded everywhere. November 17, the sermon by Rev. Hutchinson was so full of the victory note and thanksgiving, that we are sure no people heard a better sermon of triumph than we did. By previous arrangement, many who attended the Thanksgiving services brought well filled baskets to the Commercial Hotel and after listening to Rev. Hutchinson's admonition to count our blessings, remember them one by one, our health, our hearing, sight, birds, landscapes and sunshine, we, with hearts thankful for the privilege of being Christians,

Friday, Mr. and Mrs. John Kruse received official notice that their son Roy was killed September 28, while fighting with the 91st division on the battlefield of France. This will bring a sadness to all who know the family and the sorrow stricken ones have our deepest sympathy.

**HAVE DARK HAIR AND LOOK YOUNG**

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened; glossy and attractive with a brew of Sage Tea and Sulphur. When her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
