ROSEBURG I. ABRAHAM OREGON

UTAH TO FURNISH JOBS FOR THE UNEMPLOYED

(The Associated Press.) SALT LAKE CITY, Jan. 10.—Definite steps toward the organization of the state for the purpose of providing employment for returned soldiers, sailors and war workers has been taken by a joint commission appointed by L. H. Farnsworth, chairman of the Utah State Council of Defense.

Specifically the task in Utah will be to find work for an estimated 22,000 men, who have been in military service, and for an estimated 15,000 men who left Utah for employment in shipyards and munitions plants.

CARD OF THANKS.

We wish to thank the many friends, relatives and members of the I. O. O. F. for their deep sympathy and beautiful floral offerings during our recent bereavement. Signed: MRS. E. C. BENSON, AND SON, E. R. BENSON AND FAMILY.

Safety deposit boxes at the Roseburg National Bank. Secure one for the safe keeping of your bonds and other valuables.

NORTHWESTERN MEN MOST INTELLIGENT

MOSCOW, Idaho, Jan. 10.—Camp Lewis was the most intelligent army camp in the United States, according to a statement by Dr. E. H. Lindley, president of the University of Idaho, who has made a careful study of the results of the United States army intelligence tests. Similar tests are to be instituted in the University of Idaho.

"Soldiers in Camp Lewis are typical of the northwest," according to President Lindley, "and the results of these tests indicate the high average intelligence of the northwesterners."

The high intelligence of the men at Camp Lewis is indicated by the fact that 93.6 per cent received a grade of A or B. Camp Lewis had nine times as many men of marked intelligence as any camp in the United States. Only 0.9 of 1 per cent of the men at the camp were below C.

CHANDLER

GREATEST OF ALL SIXES

Chandler is Back to \$1795

THAT'S the word on the street today. It's good news to the car-using public.

With this \$300 Reduction

Chandler leads in price, now as always, because it is a basic policy of the Chandler Company to build a really fine car and price it as closely as it can be priced. The great Chandler plant, the millions of capital employed in Chandler production, are back of that statement. They exist because of that policy.

Chandler is the greatest of sixes. Cars come and go. Types of motors, too. Chandler lives and grows, and every season multiplies its friends.

On the splendid Chandler chassis, famous for its marvelous motor, are mounted most attractive styles of body, distinguished in design, luxuriously comfortable, handsomely finished and upholstered.

Touring Car

The big, roomy Chandler Touring Car, seating seven in perfect comfort, leads the line. In grace and beauty of design, it holds pre-eminence.

Four-Passenger Roadster

The Chandler Roadster, seating four, continues to hold its favor with a big public. Chandler design has solved the problem of the close-coupled seating arrangement without the sacrifice of beauty of body lines.

Dispatch Car

The Chandler Dispatch Car, seating four, is all that its name implies. A car to "go get there" in. Snappy, fast—with just a touch of raciness in its make-up.

Convertible Sedan and Coupe

In the four-door Convertible Sedan, seating seven, and the four-passenger Convertible Coupe, Chandler offers the very finest development of the all-season type of car. Beautifully built cars, both of them. With windows closed they offer snug protection against snow or rain or cold. With windows lowered or removed, they are quite as open to the sunshine and soft warm air of pleasant days as is any other type of car. Thousands are buying Chandler sedans and coupes now, and enjoying their delightful riding comfort.

And Chandler is Back to \$1795

In choosing your new car you will consider the Chandler. Let us show you now why Chandler is the greatest of sixes. Come, decide for yourself.

- SIX SPLENDID BODY TYPES
- Seven-Passenger Touring Car, \$1795
 - Four-Passenger Roadster, \$1795
 - Four-Passenger Dispatch Car, \$1875
 - Convertible Sedan, \$2495
 - Convertible Coupe, \$2395
 - Limousine, \$3095

INVENTION PROTECTED BRITISH WARSHIPS

LONDON, Dec. 30.—A device which for more than three years helped to protect British warships from German mines, has won for its inventor, Lieutenant Charles D. Burney of the British navy, the order of Companion of St. Michael and St. George and a grant of \$150,000. The invention is said to have saved the lives of hundreds of sailors and prevented the loss of many warships. It consists of a water-jane shaped like a torpedo, having a pair of large flat fins projecting on either side. It is towed overboard by a wire rope in such a way that it runs from the ship's bows outward. The wire rope is intended to pick up the mooring ropes of mines and slide them along until they reach to the base of the device, where a sharp saw is fixed inside a Y-shaped slot. The saw cuts through the mooring rope and allows the mine to float free, where it can either be avoided or destroyed.

LECTURE ON PSYCHOLOGY.

Eagle Hall every Sunday evening at 7:30 by Mrs. Tucker, late of Los Angeles. Demonstration at close of collection.

GLENDALE NEWS ITEMS.

With surprise and sincere regret, we note the death of Col. Theodore Roosevelt. He was a great man, impulsive and very perceptive; a man of an affectionate disposition, who tenderly loved his wife and children and made their home life joyful. In the days of the children's presence at home, he had high ideals for them, but very far-reaching always. His career was meteoric from the time it began; reaching out to farthest possibilities—even if they were somewhat impracticable, were many times possible.

If he had attained his hearts ambition to have gone into the late war, our national history would not be just what it is today. Who shall say, his purpose was not the highest—since he gave his four noble sons to engage in his country's service, and we grieved with him when his youngest son made the supreme sacrifice for the world's betterment.

He calculated definitely and showed energetic statesmanship; in politics and civil government, he possessed splendid genius and keen perception along all points pertaining to national matters. His passing away is a loss to the world, as well as a national bereavement; he left abundant evidence of ability in his fine contributions to Twentieth Century literature. We sorrow with those bereft of a kind loving husband and father, who will miss him beyond words to express. We gladly lay this little white blossom of hope upon his tomb.

He is not dead; the stars go down to rise upon a fairer shore. The mills in this locality are not running this week on account of ice in flumes on the mill ponds and a general holiday season is in evidence. The influenza or "Grip" has made itself very precarious in this city and valley and that one man who never gets a vacation in Dr. Knott. However, conditions are more favorable at present and we hope to note the embargo on schools and places of amusement and churches off very soon.

H. J. Miller, of the H. J. Miller Lumber Co. of Seattle is in this locality looking over the interests of the company he represents.

John Jones, of the Portland Shipyard, is visiting his parents, Mr. and Mrs. J. Jones, in this city.

Mr. and Mrs. Roy Hodson spent two days in this city last week, visit-

ing the former's mother, Mrs. M. E. Kennedy and other relatives. Corporal Hodson is just returning from the east, where he has been in the U. S. service. He goes to San Francisco, where he expects to be mustered out of service.

The family of Rev. M. C. Davis who has been very ill with the prevailing malady, are now much better and Rev. Davis has returned to his mines near his home in the vicinity of Golden. Mrs. Davis and their children were spending the school year in this city for the benefit of our high school, but the quarantine at times has deprived them of the frequency of the schools. They are much pleased with our schools and regret the loss of a day.

George Roberts Jr. left on Monday morning, returning to his station in California, where he holds a position as foreman in a ship building plant. He greatly enjoyed his vacation and the meeting old friends of his boyhood days. It is regretted that 12 more years may elapse before he visits his parental home again, as he goes out to the busy armies of life. Such is life and we are glad he is taking a larger view of it. Our best wishes go with him all along life's highway.

The splendid days of clear cold weather of the immediate past are much enjoyed by all of our people, while it retards progress some, it certainly is profitable to men who have wood to sell, and also to our very busy grocery men and marketers of produce of any kind.

CITY NEWS

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

The Truth

is sometimes painful. For instance when the doctor says one must give up the dearly loved cup of coffee.

Happiness follows however when one finds out how delicious and health making is the pure cereal drink

INSTANT POSTUM

duties on account of the departure of her husband for California points.

The imported stock has a high-faluting name, but our superior ginger ale is made just the same. Buy it by the case at pre-war prices. Roseburg Dairy and Soda Works.

CABINETS

For filing letters or card cases for loose ledger cards, are always used in offices where they file away letters and bills and keep copies of those written in the office. We have some good ideas in the way of letter files, cabinets, letter copying presses, besides everything that could be called a blank book filing cabinet.

Orders filled for all kinds of fruit boxes.
