WOMEN JURORS.

In six states of the Union women are already eligible for jury duty. In only one of these, Idaho, their service is compulsory. The women of New York, who have recently acquired the ballot, are now urging the passage of a law, which will permit them to serve as jurors, since the state constitution, framed in the days when nobody dreamed of anything else, expressly states that "males" shall serve in this capacity.

These New York women feel that jury duty is not only the right but the very solemn duty of every citizen. They claim furthermore that there will be fewer travesties of justice, where women sit in the box, it is certain that beautiful women notoriously escape the penalty of their crimes, and the fault is often laid at the door of impressionable men, who somehow can never quite get over the ridiculous weakness for beauty in distress.

Probably the men will be only too glad to have women serve quite generally as jurors, for it is one of the most unpleasant duties which fall to the lot of the conscientious citizen. It takes time, and concentrated attention, and one must be very conscious of his own rectitude ever to feel quite happy sitting in judgment upon his fellow men.

Undoubtedly with the progress of suffrage women everywhere will be called upon for this duty. It will be a fine test of their patriotism and enthusiasm and of their ability.

If anything done by man or woman can clean up this system which should be the finest servant of justice in a free land, but which has been deservedly under the shadow of disrepute for so many years, by all means let it be done. Heaven knows, jury service has come to little honor in the hands of men; perhaps the hand of woman is the needed cure.

**KEEP THE SAVINGS STAMPS.**

Much has been said about the duty and desirability of holding onto Liberty Bonds. Little has been said about holding onto War Savings Stamps. One is no less important than the other. Indeed, L. e. stamps may in time become more important than the bonds, for with the big war emergency bills once taken care of the government may stop its bond issues and depend entirely on the steady issuance and sale of these "baby bonds". Lately the public has been cashing the stamps in enormous quantities. In some cities the amount paid out by the post office in the course of a day or week has been more than that taken in. Thousands of people, all at once, seem to have decided that they needed their cash money. It is an extremely bad practice to turn in one's accumulation of thrift and savings stamps, except for genuine emergencies—had for the holder and bad for the country. The fact that the war is over, or practically so, is no excuse, for the government needs the money as much as ever.

Why not send the Kaiser to sea in a passenger ship with a German crew, give him a fair start, and then hunt him with a fleet of his own U-boats?

Our genial old friend Bernstorff says that "Germany washes her hands of Russia." But can she get the stain off?

But a lot of those fellows who married to dodge the draft are sorry now. There's no peace conference for them.

**WILL ENCOURAGE THRIFT AMONG SCHOOL CHILDREN**

CORVALLIS, Jan. 20.—A campaign to encourage habits of thrift will be waged among school children in all sections of the state this year by the Oregon Bankers' Association, Oregon State Teachers' Association, Oregon department of education, United States department of agriculture, and the Oregon Agriculture College through the boys' and girls' club work department under H. C. Seymour.

The \$50 prize offered last year by the Oregon Bankers' Association was won by Jackson county. This association will not only give \$50 in cash to the county making the best showing in 1919, but has voted \$200 for the printing of pupils' record books. The teachers' association is planning to publish a report of the results accomplished in the last year and the plans for future work. Literature including all necessary information relative to the campaign will be sent out by the boys' and girls' club work department of the College. Wasco, Union, and Linn counties were highly complimented for results obtained in the contest.

**MANY CASES OF RHEUMATISM NOW**

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep your urine acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and salts of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.
