INCREASE ON AUTO LICENSE PROPOSED

SALEM, Jan. 25.—More than a 100 per cent increase in automobile licenses is contemplated in a road bill being prepared by the senate roads and highways committee. The committee met yesterday afternoon and approved the following increase in license fees:

All automobiles, including steam, gasoline and other hydrocarbon operated vehicles, except motor trucks, up to 23 horse power, \$12, an increase from \$6.

Cars in excess of 23 horse power and up to 26 horse power, \$20; now \$6.

Cars in excess of 26 horse power and up to 30 horse power, \$25; now \$10.

Cars in excess of 30 horse power and up to 36 horse power, \$30; now \$10.

Cars in excess of 36 horse power and up to 40 horse power, \$50; now \$15.

Cars in excess of 40 horse power \$75; now \$20.

Electric pleasure, \$40; now \$6.

Electric service trucks, \$20; now \$10.

Motorcycles \$5; now \$3.

Motor trucks and delivery and service cars from one to 1½ tons, \$20; now \$6.

Trucks from 1½ to 2 tons, \$30; now \$15.

Trucks from 2 to 2½ tons, \$45; now \$18.

Trucks from 2½ to 3 tons, \$60; now \$21.

Trucks from 3 to 3½ tons, \$75; now \$24.

Trucks from 3½ to 4 tons, \$100; now \$27.

Trucks from 4 to 5 tons, \$200; now \$30.

Trucks from 5 to 6 tons, \$300; and over 6 tons, \$500; now \$50, with provision that county shall charge not less than \$8 a month.

The committee decided to introduce separate bills covering various features of the road program which it has outlined. The \$10,000,000 bonding proposition will be embodied in a separate bill, with no side issues involved. The motor vehicle tax probably will be in a separate bill, while bills have already been introduced by individual members prohibiting the use of patented pavements.

Attorney General Brown is now preparing a draft of the \$10,000,000 bond bill.

WILBUR ITEMS.

A great tribute was paid to the memory of Theodore Roosevelt at the Republican National Convention at Chicago, when chairman Hays said "All he had to give, he gave to his country, His gospel of Americanism

is today the heritage of his countrymen."

Twenty ladies of the Aid met at the home of Mrs. N. Laraut, passing the afternoon with various kinds of work. Six members were added for the coming year. Delicious refreshments were served by the hostess.

J. Irving was a business visitor on Tuesday.

J. C. Kaegi, Stanley Short, R. C. Hill and G. W. Short motored to Roseburg the first of the week on business.

Mrs. H. Bellows went to Roseburg on Tuesday to have some dental work done.

Mr. and Mrs. Emmett Hall of Iowa have purchased a farm on the Calapooya and will make their future home in the State of Oregon.

Mr. and Mrs. Geo. Dinnick of Winston have sold their ranch and moved to this vicinity where they formerly resided.

Quite a large audience listened to Scotch songs and dialect reading in memory of the poet Bobby Burns in the assembly room of the school building on Friday evening. A program was given consisting of Chorus (girls), "Campbells are Comin'", Reminiscence of Robert Burns, Archibald Hume; Baritone solo, Bruce James; Screen pictures of Scotland, Song "At the Gates of Edinboro'", Mrs. Daisy Carraho; Reading, "Fair O'Shanter, E. Irving; Song, "Bonnie Sweet Beattie", Mrs. Mary Short; Auld Lang Syne", Audience.

We are wondering if peace with all nations will be made at the Peace Conference.

The Red Cross met at the home of Mrs. W. S. Howard on Thursday afternoon.

Miss Maie Walker was a Roseburg visitor on Saturday.

Charles Statton of Seattle is visiting here with relatives. X X X

HOUSE BILL 120

Roseburg, Oregon, January 27th 1919.

To the Citizens of Douglas County:

The Umpqua Fishermen's Protective Association takes this means of appealing to their fellow citizens of Douglas County to see that justice is accorded them, and that a great industry of this county is not wantonly or ignorantly ruined or hampered.

We are more vitally interested in the protection and increase of the salmon in the Umpqua River than any other class. There is invested in the industry on the lower Umpqua a quarter of a million dollars.

But this is the only river in the State of Oregon where tide water fishermen are not permitted to catch chinook salmon when the run is on.

Our present law prohibits fishing for chinook from April 15 to May 15. This is the period of the heavy run when 75 per cent of the seasons run is on. On Rogue River, where the run is from two to three weeks later than our run, the season opens on April 15, instead of closing as it does on the Umpqua, and remains open throughout the run of chinook salmon.

On the Columbia River the season opens on May 1, although the run of chinook is even later than that of the Rogue.

Tide water fishermen on the Rogue River are permitted to fish with not only drift nets and set nets, but also seines; which latter are well known to be much more destructive of salmon than drift or set nets. On the Columbia River, not only drift and set nets, but, immense seines, purse seines, traps and fish wheels are used.

On the Umpqua river nothing but drift and set nets are used.

The present law permits fishing with seines of one inch mesh for shad, herring, perch, or bloaters. These are small sea fish. There is a fine quality of sailines too small to be caught with an inch mesh, and a change in the law is asked, so as to use a smaller mesh for these fish. This change should not be opposed by anyone.

What would the people of this county say to a proposal that prune growers should only be permitted to harvest their prunes in the month of November?

If the stream were in danger of depletion of its salmon, by permitting the fishing asked for, it might well be argued that the change should not be made. But such would not be the case. This fact has been already demonstrated in the more strenuous fishing done on the Rogue and Columbia Rivers. Furthermore, we have only to add to the number of salmon fry which are placed in the river from our hatchery, in order to increase to any desired amount the run of salmon. There is annually taken from the Umpqua hatchery from 7½ to 9 million eggs. Of these, but 1½ million are returned to the Umpqua, while the balance are taken to other streams, reported by those who profess to know to be sent to the Columbia River.

Why is there no movement on foot by those who are opposing our measure to have a greater percentage of salmon fry returned to the Umpqua, so as to make more Umpqua salmon rather than more Columbia river salmon, instead of most foolishly trying to kill one of the most important industries of the county?

Time and space do not permit presenting all the important facts in one issue. But the public shall be enlightened thoroughly.

It takes all day traveling by train, to go from our homes to the county seat of Douglas County. Do not treat us like foreigners. Do not drive our people to seek liberty and the right to live and develop ourselves in the establishment of ROOSEVELT County.

The interests of the legitimate sportman and of the great salmon industry do not conflict. A proper and legitimate use of the stream will not only permit of a greatly increased catch of salmon, but also a steady increase in the run of salmon. The change in the season proposed conforms absolutely to a proper and legitimate use of the stream as demonstrated both on Rogue river and the Columbia river. The increase in the run of salmon up to at least five times the present run, by turning back into the Umpqua only what fry are now taken, is entirely feasible.

Umpqua Fishermen's Protective Association

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—
Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
