Pruning knives, shears and saws. The famous Swiss shear 'Corseil-Relser' on hand, but made in the good old U. S. A. and priced at only \$3.50.

And how about that spray rig. Do you need repairs in way of rods etc. We have on hand the Boan 'Pilot' rod—is ahead of anything yet brought out.

Continually under your control, or spray shut off entirely, when moving from one tree to another by simply releasing pressure of hand. Perhaps you need a whole outfit, if so, call and see No. 615, "The ACME" of spray machines for any orchard.

EDENBOWER TO LOSE POST OFFICE JAN 31

Official notice received at the local postoffice today announces the discontinuance of the postoffice at Edenbower, effective Jan. 31, 1919. After that date all mail addressed to Edenbower will be delivered at the Roseburg postoffice. The present patrons of the Edenbower office will have their choice of receiving their mail either at the Roseburg office or on the rural delivery route that extends through that locality. After the establishment of the rural route through Edenbower a year ago, the patronage of the postoffice there so heavily diminished that it no longer became worth while to conduct it. A short time ago the postmaster, Miss Ethel M. Crittenden, resigned. The postoffice department advertised a civil service examination to select a successor but there were no applicants on the prescribed date, and the closing order followed as a necessity. Since the resignation of Miss Crittenden the office has been in charge of J. W. Tollman, the Edenbower merchant.

Patrons of the Edenbower office who desire their mail delivered by the rural carrier after January 31 should make arrangements in advance with the carrier at the Roseburg office. They must install at the roadside one of the several types of rural mail boxes approved by the postmaster general and so stating thereon. No other type of box will enable a patron to receive his mail.

STRIKE HARD AT THE "RICH MAN'S TOY"

(The Associated Press.)

SALEM, Jan. 27.—The repeal of the present motor vehicle law and increase in motor vehicle taxes, amounting to several hundred per cent for some classes of vehicles, is provided for in a bill prepared by the roads and highways committee of the senate as part of the good roads program.

Those who ride merely for pleasure must pay for the luxury and operators of heavy trucks will bear much of the expense of maintaining roads worn out by their vehicles according to this measure. The highest assessment against them would be \$500 for trucks of over six tons capacity. Electric pleasure vehicles, termed "rich men's toys" by some committee members, would be taxed \$40 instead of the present \$6 license fee. The increase for motor cycles and motor bicycles, was \$2, making the license \$5 instead of \$3 at present. The tax would be doubled on electric service vehicles of not more than one ton and set at \$20 instead of \$0.1.
